Note.—In addition to the details as required above, full information should be given under the heads shown on the next page.

In addition to the details required overleaf clear informations should be given below under the following :

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken or agreed to take, in order to make good the insufficiency.

Ordinary surplus as shown overleaf would be sufficient for repayment of loan. Moreover there is scope for reduction of items of non-recurring expenses in future years wher surplus is expected to be increased.

(*b*) The reserve of taxation or other possible means of increase in the revenues of the municipality.—The rates at which each of the taxes mentioned in column 12 overleaf are levied other than tax on persons should be stated.

Rate.	Present levy per cent.	Reserve at disposal per cent.
(1) Holding rate	10	..
(2) Conservancy	6	1
(3) Lighting	2	1
(4) Water-rate	3	4½

About 20,000 will be received as house connection fees (water). Water-rate is now exempted for a jute mill which is supplying water to this municipal town under terms of agreement. When the municipal water-supply scheme will be completed and comes in operation water tax amounting to Rs. 12,000 per year which is now exempted wil be realised from the said mill. Handsome revenue will be fetched from the newly established refugee colonies as well as numerous other holdings under construction will be assessed to rate. There is credit balance of water-rate fund every year.

(*c*) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amounts still payable.

(*c*) Statement of outstanding loans—

No loan outstanding.

Purpose of the loan.	Amount of loan.	Date on which the loan was taken.	Amount of instalment towards repayment.	Amount still payable.
	Rs.		Rs. nP.	Rs. nP.

(*d*) Any explanation in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

Proposal for inclusion of big areas within this municipal area has already been sent up to Government. In these areas two factories lie. Handsome revenue will be derived therefrom after such inclusion. Hence from the facts and figures shown above it is clear that there is every chance of increase of general revenue of this municipality.

Issue No. 1: This relates to extension of length of service of the employees and raising the age of superannuation. The Union, in its written statement, states that it has been the established practice for workmen to be allowed to serve the Club up to the age of 65 or 70. In many cases according to the physical capability and mental fitness of the workmen concerned and this has been regarded as a part of the terms and conditions of appointment and service of the workmen, and it is now sought to be altered to their detriment by introducing a new rule in the Standing Orders of the Club. The Club denies the same.

Now it is seen that previously the Club had no Standing Orders regulating the conditions of service of its employees. For the first time in the year 1952, the Club made some Standing Orders in accordance with the provisions of section 5(3) of the Industrial Employment (Standing Orders) Act, 1946, and they were certified on 10th November 1952, and they came into force on 17th October 1952. The Standing Orders were exhibited in the case. No provision was originally made in the same regarding the retiring age of the employees. Subsequently, a clause regarding the retiring age of the employees was introduced by the Club, and this was certified by the Authority concerned in March 1956. A new clause regarding the retiring age of the employees forms sub-clause 4 of clause 13 of the Standing Orders and it runs as follows:

> "An employee shall retire on completing 55 years of age and/or after 35 years of service whichever is earlier".

The contention of the Union that the workers of the Club were allowed to serve previously up to the age of 60 or 70 in many cases according to the physical capability and mental fitness has not been substantiated by any materials. On the other hand, O. P. W. 1, Mr. Rozaria, a member of the Executive Committee of the Club, said in his evidence that retirement takes place on completion of 55 years of age. It is contended on behalf of the Club that everywhere the rule and practice is that the employees would retire on completion of 55 years of age. Furthermore, it is said that if the retiring age of the clerical staff is increased it will have serious repercussions on the wider problem of unemployment of youths. On behalf of the Union it is argued that the Club does not give any gratuity and in the present case there has been a demand for it. I will take up this question for consideration hereafter. At present I would mention that O. P. W. 1, Mr. Rozaria, stated in his evidence that so far as the staff below the rank of clerk are concerned, some considerations might be made regarding their retiring age if they are found physically and mentaly fit even after the completion of 55 years of age. Accordingly, I fix the retiring age of the workers of the Club, below the rank of clerical staff, to be 58 years, and this depends on their physical and mental fitness upon annual examination by the Medical Officer of the Club on completion of their 55 years of age and this will be irrespective of the period of service. This benefit will not be available to those who had already retired from the services of the Club.

So far as the clerical staff is concerned, the Club is not agreeable to extend the retiring age beyond 55. It is said that at present the Club is running upon losses. At the outset it should be mentioned that the membership of the Club is confined only to the persons belonging to Anglo-Indian Community, and not to all professing Christian faith and religion. The Club was established in 1896. It is not a residential club and it has no immoveable properties. It is situated in a rented house. It provides sports, games and social recreation for its members Now, from the evidence of Mr. Rozaria, it is seen that the number of the members of the Club is gradually decreasing and this has made its existence precarious. In the affidavit filed by the Club in this case on 11th May 1959 a chart was given showing the gradual decline in the number of its members during the period from 31st March 1946 to 31st March 1958. On a reference to the same it will be evident that the number of its members has fallen down from 671 to 230. The membership subscription of this Club is Rs. 8 per month. In spite of the same the number of the membership is gradually decreasing in each year. Of course, it is stated that the members are drawn from the middle-class people, and separate fees are realised for tennis, and other sports, etc. The Club runs a bar and the same has become a lossing concern. Mr. Rozaria, O. P. W. 1 said in his evidence that there is always loss in the bar and in the year ending on 31st March 1956, the loss amounted to Rs. 11,387 and in the year ending 31st March 1955 it was Rs. 5,142. Further in the year ending 31st March 1956 and 31st March 1957 the lose of the Club was Rs. 11,560 and Rs. 8,886 respectively. It is said that the loss at the bar is due to decline in the number of membership, and in the price of liquor has become high due to excise and custom duties. The first thing that comes out clear to me is that the Club cannot maintain itself with the monthly subscriptions received from its members. It runs four sweeps in a year with the approval of the Government of West Bengal. The procedure in this connection is that the Club makes an application to the Government for running a sweep, and the Government authorise it to run its sweep subject to certain conditions. The Club filed some letters, (Ext. A series), received from the Government allowing the running of sweep on conditions. Of them I would refer to the letter, Ext. A(3), dated 19th January 1959. By this letter the Government of West Bengal granted permission to the Club to hold a sweep in 1959, subject to the terms and conditions laid down below:

(a) Of the gross collections made, not less than 55 per cent. will be devoted to charities.

(b) not more than 30 per cent. will be given away is prizes,

(c) not more than 15 per cent. will be set apart to meet all expenses incidental to the sweep,

(d) any surplus resulting from (b) and (c) should be added to the amount as at (a) above.

Thus it is clear that out of the gross collections 15 per cent. was allowed by the Government to be set apart to meet all expenses incidental to the sweep. Previously, the Club was also allowed to run four seeps in a year. Now by referring to the accounts of the Club in respect of the years 1955-56, and 1956-57, I find that the Company incurred losses. The loss amounted to Rs. 1,495-15-3 in the year 1955-56 and Rs. 380-2-9 in the year 1956-57. On scrutiny it appears that the contention of the Club that its conditions are rather precarious cannot be brushed aside. Of course, the annual collections over the sweep go between Rs. 40 lakh to Rs. 45 lakh. But the conditions under which a club is to run a sweep do not give out that it can make enormous profits. The Company is allowed only 15 per cent. gross collection to meet the expenses incidental to the sweep and it is to pay income-tax, and the amount in this respect is quite considerable. It cannot be taken up that for all times to come this Club will have the privilege of running the sweep for the entire control in this respect is with the Government, and the Government may at any time refuse to grant any permission to the Club to run the sweep. The sweeps as run by the Club are entirely concessional transactions. The Club cannot bank upon the same to run its activities. Further the income from the sweep has gone down since 31st March 1958 and it has come to about one-third of what it was previously. The charts, Exts. 6 and 6(1), will show the same. In view of the financial position of the Club, I do not think it will be reasonable on my part to increase the retiring age of the clerical staff beyond 55. In observing so, I like to note here that the present clerical staff is necessary if the Club gets the facility to run the sweeps, but for the mere orgasation of the games and sports it might not be so. The position being uncertain I would only recommend that the Club if possible will give extension of service to its clerical staff after the completion of 55 years provided their efficiency has not been impaired.

Issue No. 2: This issue relates to an introduction of a system of gratuity. The Union's case is that there should be an introduction of a system of gratuity as one of the retiral benefits to be given to the employees of the Club. It is seen that the employees of the Club are getting the benefits of the Provident Fund Scheme, and the Club's contribution is 9⅜ per cent. In the above I have already discussed the financial position of the Club and it has been seen that the financial position of the Club is not at all good and it is now running upon losses. Accordingly, I find that it will not be possible for the Club to introduce a gratuity scheme in addition to the Provident Fund Scheme. Of course, it was pointed to me that in 1948 the learned Tribunal recommended in the award that a system of gratuity should be introduced for the benefit of the employees of the Club, but I find that an introduction of the system is not at all feasible in view of the present financial position of the Club. Mr. Rozaria, O. P. W. 1, said in his evidence that once in 1938 a gratuity was granted to one bearer on his retirement by an extraordinary general meeting of the Club. The relevant resolution of the Club was placed before the Tribunal. It is Ext. D. From this it would appear that a gratuity of Rs. 1,500 was granted to one bearer of the Club on 19th June 1938 in consideration of his state of health, and it was further noted that gratuity would be more useful to him than a pension. That bearer had put in 20 years of service and was drawing a salary of Rs. 32 per month. At that time there was no Provident Fund Scheme in the Club. It appears that this particular bearer was given a gratuity out of compassion by way of medical help as he was then badly suffering from illness and his survival was in great doubt. This was a solitary instance in which the Club gave some *ex-gratia* payment to a particular bearer under special circumstances. That makes no good ground for the introduction of a regular gratuity scheme for the employees of the Club. In the formation of the gratuity scheme several factors are to be considered, and one of them is the general financial stability of the concern. The Club's financial position is bad and it is running upon losses and its future is uncertain. So the Union's claim for the formation of the gratuity scheme cannot be maintained at present. This issue is thus decided.

Issue No. 3: This issue relates to payment of bonus after each sweep for the years 1955-56 and 1956-57. The Union's case is that the Club gets a good deal of money by running sweeps in each year, and the workmen should be entitled to receive a reasonable bonus after each and every sweeping is organised and run by the Club and before the sums are disbursed. Further, it is said that this will not entail any extra burden being imposed on the finances of the Club in any matter. The Club's case is that it pays one month's basic wages as bonus to all permanent employees, and the subordinate staff, in addition to one month's bonus, also get 40 per cent. of the proceeds from sale of empty bottles and also get the amount collected every year in the Christmas Box. Further it is said that from 1st October 1957 an additional payment called a "relieving allowance" was given to all permanent staff to help them to meet the higher cost of living, and this payment was a fixed payment according to scales of pay. It is also said that the employees get free medical benefit. Mr. Rozaria, O. P. W. 1, said in his evidence that with effect from 1st December 1957 they have been paying extra allowance called "relieving allowance" to the employees at the rate of Rs. 25 per month to those who are drawing monthly salary of Rs. 300 and upwards, and at the rate of Rs. 15 to those who are drawing less than Rs. 300 but more than Rs. 100 per month. This is paid voluntarily on the side of the Club. The witness, Mr. Rozaria, added that they pay one month's basic salary as extra bonus to three members of the Accounts Department, viz., J. Ghosh, J. Datta and K. Datta, for their intricate and tedious work relating to the annual closing of the accounts for which they do overtime work and also do work on the holidays without any overtime payment. As a mark of appreciation of their work, they have been paid one month's pay as extra bonus besides normal bonus. According to him, the payment to these accounts staff is a sort of customary bonus existing for over 18 years. Of course, the witness also said that others who do overtime work get overtime wages according to the Standing Orders. So far as the above three persons of the Accounts Department are concerned, they work overtime and also work on holidays voluntarily in connection with the annual closing of the accounts without any extra payment. The reason for payment of extra bonus to the above-mentioned three clerks of the Accounts Department is that besides these three persons none else of the staff is capable of closing the annual accounts which is an intricate and difficult work. These three persons put special skill in this work and they deserve payment. The Union's contention is that the aforesaid three persons should not be treated in the way different from the other employees so as to bring disaffection among the other employees. In this connection it should be noted that the Club maintains two accounts, i.e., one for sweep and other for their own side. The annual closing of the accounts is certainly a highly intricate thing and this can be done only by the expert hands. The preparation of the annual accounts is an important thing of the Club, and in order to place it before the general meeting, the authorities want to have it speedily done for which these three persons are required and this extra payment is given to them for their extra labour in closing the annual accounts. This payment is being called extra bonus. For the same it would be improper to contend that the Club is treating its three employees in one way and others in a different way. Further it will not be proper to urge that when three of the employees are getting extra bonus, others should also be given the same, for in that case the latter would get some benefit without putting any extra work.

Turning to the main question whether there should be any payment of bonus for the years 1955-56 and 1956-57, I will hold that for these two years the Club sustained losses. No evidence, oral and documentary, was adduced on the Union's side to show that the Club's audited accounts in respect of these two years were incorrect in any way. In view of the losses the claim for bonus is not at all tenable.

Mr. Rozaria, O. P. W. 1, said in his evidence that on the occasion of each sweep, some casual workers were appointed on a daily rate varying between Rs. 4 and Rs. 4-8. He further said that such casual workers work for 25 days, and some of them for a less period as the whole thing depends upon the pressure. For continuous work for 15 days or above, each of these casual workers gets Rs. 40 as an additional remmuneration, and those who work for an unbroken period of 15 days, each gets Rs. 20 as an additional remuneration. This additional payment is made by the Club for encouraging the regular attendance of the casual workers because their absence would create difficulties as the day for sweep is a fixed one. The real position appears to be that the casual workers are to be appointed to speed up the work relating to the sweep. Besides the payment of daily rates, some additional payments are also made to them to encourage their regular attendance. I do not think that this practice can be called in question in any way. The contention of the Union is that out of 15 per cent. gross collection from each sweep the Club can easily give bonus before disbursement of any money out of the same. This position cannot be accepted as the Government impose some conditions upon the Club for running the sweep, and only 15 per cent. of the collection is allowed to meet all expenses incidental to the sweep. Now the question is whether out of this 15 per cent. gross collection the Club could pay any bonus to its employees or not. The fact remains that the annual wages of the permanent staff including overtime wages, etc., were to be paid by the Club, and the same could not be met with out of the income of the Club's side accounts for the years 1955-56 and 1956-57, and the money out of the sweep accounts had been taken for that purpose. No surplus money was available for payment of bonus as claimed by the Union.

The Union also contended that the loss at the bar was due to the fact that the liquor was being sold at a low price and the loss thereof was being made good out of the sweep's account. Now the Club's contention is that the staff is heavy at the bar and the excess staff were not retrenched. It further denies that liquor is being sold at a lower price. Mr. Rozaria, O. P. W. 1, said that the selling price of liquor is more than 20 per cent. over the actual cost. There is nothing to show that the aforesaid statement is untrue. According to Mr. Rozaria the loss of the bar is due to gradual decrease in the number of membership. The argument on the side of the Union is that the monthly subscription of each member is very low. As against this, the Club's contention is that if it would increase the monthly rate, none would join the Club and the Club will have to be closed. It has been already mentioned that the membership of the Club is confined to Anglo-Indian Community. It is not a Club where all professing Christian faith can join. About the low rate of monthly subscription, this Tribunal has got nothing to do. However, it appears that there is another club known as "Grail Club" situated at 15 Park Street, Calcutta, and the monthly subscription of this Club for a member is Rs. 7. So it cannot be taken up that the Club in question has fixed a low subscription for its membership.

Another thing to be mentioned here is that at the time of each drawing members of the Club attending such drawing are each given a voucher of Rs. 10 and by this they can got goods from the bar. Mr. Rozaria, O. P. W. 1, said in his evidence that they did all these so that the members might come and witness the drawing and maintain all regularities about the same. There is no doubt that the Club should see that the sweeps are conducted in a proper way. The members of the Club do not, of course, get any remmuneration for their work in connection with the Club affairs, and if they are called to come and witness the drawing of each sweep, then each of them is given a voucher of Rs. 10 for purchasing goods at the bar. The validity of such voucher vanishes just half-an-hour after the drawing. I do not think that the procedure can be called in question. Of course, if the Club could have met with all expenditure from its own account without taking any money out of the sweep's account, then certainly there was a scope for the grant of bonus as asked for. But the Club is not in position to do so. It takes money from the sweep account to pay the staff's wages, etc. The Union's contention is that the Club is meeting the losses at the bar out of the sweep's account. But it cannot be readily accepted as correct. The Club has its reserve fund and annually it gets interest out of that fund, and it makes up the loss at the bar by the same, and also meets other expenses out of the same.

In conclusion it is held that the Club had losses in both the years, viz., 1955-56 and 1956-57, and, as such, the employees' claim for bonus is liable to be rejected. The issue is thus decided.

In conclusion the issues are answered as follows:—

Issue No. 1: The age of superannuation is fixed at 58 so far as the workers of the Club below the rank of clerk are concerned, subject to physical and mental fitness to be determined upon annual examination by the Medical Officer of the Club on completion of their 55 years of age, and this will be irrespective of the period of service. This will govern the present employees who are in service and also those who will enter the service in future. This benefit will not be available to those who had already retired from the services of the Club. No question for their reinstatement will arise when it appears that they had already retired without protest, and new persons have been taken in their places. So far as the clerical staff is concerned, it is only recommended that the Club if possible will give extension of service to its clerical staff after the completion of 55 years provided their efficiency has not been impaired.

Issue No. 2: As the Club is running upon losses and its financial position is bad, the Union's claim for the gratuity scheme cannot be maintained at present.

Issue No. 3: As the Club had losses in the years 1955-56 and 1956-57, the employees' claim for bonus is rejected.

This is my award.

(2) Misc. Case No. 15 of 1958, under section 33A.

Shri Samaresh Chandra Mitra, Petitioner,

versus

Messrs. Marwari Relief Society, Opposite Party.

These two applications under section 33(2)(b) and under section 33A of the Industrial Disputes Act, 1957, are tried up analogously at the desire of the parties and for the sake of convenience. The original reference out of which these two applications have arisen was awarded on 26th November 1958.

Re: Misc. Case No. 71 of 1958

This is a petition under section 33(2)(b) of the Industrial Disputes Act filed by Marwari Relief Society (hereinafter referred to as the Society). seeking approval of the action taken by the Society against its employee, Shri S. Mitra.

The Society states that Shri Mitra was working as a Laboratory Assistant and while he was on duty on 15th October 1957 in the Society, he took a blood sample from the fingure of one patient named Shri Sheo Sankarlal of 50 Burtolla Street, Calcutta, against payment of Rs. 6. On the next day, i.e., on 16th October 1957 he took blood from the veins of the said Sheosankar Lal in the morning and gave report on the very same day at about 10-40 a.m. The patient took the report to the doctor of the Society on whose advice his blood was examined. The doctor to his utter surprise found that the report was not from the Society's laboratory as was directed by him but from the Central Calcutta Laboratory. He then referred the matter to the office, and it was found on scrutiny that the report for blood general was typed and signed at Central Calcutta Laboratory on 15th October 1957, and the report for E.S.R. was noted by Shri Mitra on 16th October 1957 in his own handwriting after examining the specimen blood in the Society Laboratory. He was chargesheeted for the offence committed. His written explanation was taken and there was an enquiry into the matter in his presence. Ultimately the Society dismissed him on 13th December 1947.

By the present petition the Society has asked for an approval of this Tribunal regarding the action taken by it against Shri Mitra.

The application was contested by Shri Mitra. He denied the taking of any money from the patient and further contended that the order of dismissal was bad as it was made without holding any enquiry.

Re: Misc. Case No. 15 of 1958

This is a petition under section 33A of the Industrial Disputes Act, filed by Shri S. Mitra, alleging that he was working as a Laboratory assistant under the Marwari Relief Society for the last 17 years with uniform good record of service, and that the charge brought against him was entirely baseless and that he was subsequently dismissed by the Society without any justifiable reason, and that there also violation of the provisions of section 33(2)(b) of the Act.

The application was contested by the Society. Its case is that there was no violation of section 33(2)(b) of the Industrial Disputes Act, and that the petitioner (Shri Mitra) was dismissed from the services of the Society quite lawfully after holding an enquiry in presence of him.

Issues

Under section 33(2)(b)

Is the petitioner (Marwari Relief Society) entitled to get the approval of this Tribunal regarding the action taken by it against Shri Mitra.

Under section 33A

Is the application maintainable? If so, to what relief the workman is entitled?

Decision

I will first take up the case under section 33(2)(b) of the Industrial Disputes Act for consideration.

As mentioned already, the Society has, by its present petition, asked for the approval of the action taken by it against the workman, Shri Mitra. The first contention of the opposite party, Shri Mitra, is that the application is time barred.

Now I find that the application was filed before this Tribunal on 1st March 1958, and it would go to show that the delay was by about three months. It is on account of this delay that a contention has been raised by the workman stating that the application must be held to be barred by limitation. The other contention of the workman is that he has not been paid one month's wages as yet. The fact is that the original order of reference came to this Tribunal on 3rd December 1957 and before that conciliation proceedings were pending before the Labour Directorate. The incidents on account of which Shri Mitra was dismissed occurred on 15th October 1957 and 16th October 1957, and at the time of holding the enquiry regarding the above incidents the conciliation proceedings relating to the original dispute were pending before the Labour Directorate and, as such, the Society could not make out where the application under section 33(2)(b) of the Act was to be filed. Subsequently, the Society found that the reference of the original dispute was made to this Tribunal on 3rd December 1957. So after dismissing Shri Mitra on 13th December 1957, it filed the present application under section 33(2)(b) before this Tribunal. It does not appear to me that so-called delay was due to any mala fide conduct on the part of the Society.

On a perusal of section 33 it would appear that during the pendency of a proceeding before the Labour Court, Tribunal or National Tribunal in respect of an industrial dispute, the employer may in accordance with the Standing Orders applicable to a workman concerned in such dispute for any misconduct not connected with the dispute, discharge or punish, whether by dismissal or otherwise, that workman provided that no such workman shall be discharged or dismissed, unless he has been paid wages for one month and an application has been made by the employer to the authority before which the proceedings is pending for approval of the action taken by the employer. The section further provides that where an employer makes an application to a Conciliation Officer, Board, Labour Court, Tribunal or National Tribunal under the proviso to sub-section (2) for approval of the action taken by him, the authority concerned shall, without delay, hear such application and pass, as expeditiously as possible, such order in relation thereto as it deems fit (vide Sub-Section 5). The present section 33 of the Industrial Disputes Act was subtituted by Act 36 of 1956 (section 21). The employer could not under the previous section discharge, dismiss or otherwise punish any workman concerned in an Industrial dispute during the pendency of any proceeding before a Tribunal. It had to take express permission in writing of the Tribunal. Of course, the amended section has given some freedom to the employer and now under the new section the employer can during the pendency of the proceedings in respect of the industrial dispute before a Tribunal dismiss a workman concerned in such dispute in accordance with the Standing Orders applicable to him for any misconduct not connected with the dispute. This is, however, subject to certain restrictions, and they are as follows: (i) the aggrieved workman has to be paid one month's wages and (ii) the employer must make an application seeking approval from the Tribunal of the action taken by him. This application for approval is to be filed subsequent to the action taken. No time limit has, however, been prescribed for the same. So, it may be rightly contended that a question of limitation does not at all arise. The learned representative for the workman argued that the application for approval of the action taken against the workman by the employer should be filed simultaneously after the order of dismissal. At the same time it is also argued that the application for approval of the action taken must be filed within a reasonable time. The learned Lawyer for the Company contends that the provisions of section 33 of the Industrial Disputes Act are of penal nature and, as such, the section should be strictly construed. Now, on a reading of section 31 of the Act it would be quite clear that section 33 is a penal section. Sub-section 1 of section 31 lays down that when an employer contravenes the provisions of section 33, he shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both. When section 33 is a penal section, there is no doubt that it should be strictly construed. Under this section the employer must make an application seeking approval from the Tribunal of the action taken by him, and when no period of limitation has been prescribed by the Act or by the rules framed thereunder for the filing of an application seeking approval from the Tribunal for the action taken by the employer against the workman, I must hold that the contention of the workman that the present application is time barred is untenable. If the theory that the application for approval is to be filed within a reasonable time, then I would conclude that the delay as is found in the present case is not inexcusable in any way, for I have already observed that the delay was not due to any mala fide conduct on the part of the Society. It would appear that in the very order of dismissal the Society clearly stated that it would take steps to obtain approval from the appropriate authorities regarding the action taken by it. Of course under the ordinary law, an employer has right to dismiss an employee for misconduct. Some restrictions were placed on this right of the employer by section 33(2)(b) of the Act. One of the restrictions is that the employer will have to file an application seeking approval of the Tribunal of the action taken by him. This is necessary in order to judge whether the dismissal is bona fide or not. The filing of an application by the employer for the approval of the action taken against the employee has been prescribed by the Legislature in a case covered by section 33(2)(b). But no period of limitation has been prescribed by the Act or the rules framed thereunder for the filing of such an application. The contention that the instant application is out of time is not at all acceptable.

The other contention of Shri Mitra is that he had not as yet been paid one month's wage by the employer in accordance with the proviso added to section 33(2)(b) of the Act.

As against this, the Society's contention is that one month's wages and other dues, if any, were offered to Shri Mitra on the very day when the order of dismissal was passed.

Now it is seen that by the very order of dismissal passed on 13th December 1957, the Society directed Shri Mitra to collect one month's wages and other dues, if any, from the office of the Society on Friday, the 28th December 1957, between 2 and 3 p.m. The order of the Company was sent to Shri Mitra through registered post with acknowledgment due by his residential address at 12/4/1 Bajeshibpur Lane, Howrah. It is not denied by Shri Mitra that he received the order of dismissal from the Company. After receiving that letter he did not come to the Society's office to collect his dues; nor he asked the Society to send his dues by money order. It was not possible to pay Shri Mitra all his dues including one month's wages on the very day when the order of dismissal was passed as he was not then physically present in the office. The whole order relating to the dismissal and the payment of one month's wages and other dues was to be communicated to him through registered post. The question of sending his dues by postal money order cannot arise as either by the act or by the rules framed thereunder—no such procedure has been prescribed. The Society in its eagerness was ready to pay all his dues including one month's wages and asked him to receive the amount at its office. It was a good offer and, as such, there was sufficient compliance with the provisions laid down in the proviso to the section 33(2)(b) of the Act. Another contention that was raised by Shri Mitra is to the effect that there were no Standing Orders regulating the conditions of service applicable to the employees of the Society and that in absence of the same the Society could not lawfully dismiss Shri Mitra on the ground of alleged misconduct. I find no substance in this contention. In absence of the Standing Orders, the employer is entitled to dismiss the employees in accordance with the ordinary law governing the rights and liabilities between the master and the servant. Of course, where there are standing orders, the action should be taken in accordance with the same. Here, in the present case, it is admitted on the side of the Society that there are no Standing Orders. In view of the same the limitation imposed by section 33 does not apply and the employer shall have the right to dismiss the employee following the ordinary conditions of service between the master and the servant (vide 1959 1, L.L.J., page 637 and page 327). The approval of the tribunal must be sought for by the employer whether the employer has Standing Orders or not. The aforesaid contention is, therefore, untenable.

The charges against Shri Mitra were that on 15th October 1957 in the morning while he was on duty in the Society as Laboratory Assistant, he took a blood sample from the finger of a patient, Sheosankarlal, against payment of Rs. 6, and on the following day, i.e., on 16th October 1957, he took blood from the veins of the said patient in the morning at 10-40 a.m. It was further said that the report for the blood general was typed and signed at Central Calcutta Laboratory on 15th October 1957 and the report for E.S.R. was noted by him on 16th October 1957 in his own handwriting after examining the specimen blood in the Society's Laboratory and thereby he committed a serious offence in spite of a severe warning given to him for similar offence. After receiving the charge-sheet Shri Mitra offered a written explanation wherein he said that the compounder, Harish Babu, requested him to have the patient's blood examined from outside Laboratory, other than the Society's Laboratory; and according to his advice he took blood from the finger of the patient and got the blood examined from the Central Calcutta Laboratory, and he did not realise any money from the patient. Further, he said that E.S.R. was analysed from the Society's Laboratory according to the advice of Harish Babu. So, Shri Mitra admitted that the blood sample taking from the patient on 15th October 1957 was examined in the Central Calcutta Laboratory and he noted E.S.R. on the typed report of that Laboratory on 16th October 1957 after examining the blood sample which he took out from the veins of the patient on 16th October 1957. His defence is that he did everything upon the request of the Society's compounder, Harish Babu, and he could not think that there was any foul play as its back. He denied that he received any money from the patient. The matter was enquired into by the Society twice. The first enquiry was held on 2nd November 1957 when some witnesses were examined in presence of Shri Mitra. But Shri Mitra refused to sign the papers of the first enquiry. So another enquiry was held in his presence on 28th November 1957. At this second enquiry witnesses were examined and they were cross-examined by Shri Mitra and he was all along present at the second enquiry. On scrutiny I find that there was no violation of the principle of natural justice in the holding of the enquiry by the Society against Shri Mitra upon the charges framed. Of course, the contention of Shri Mitra was that the whole enquiry proceedings were illegal but I find no materials to prove the same. In his evidence Shri Mitra, P.W. 1, said that he went to the Society's office to attend the enquiry on receiving the letter, Ext. 4, and he was on the verandah when the witnesses were examined in the room by the Secretary of the Society and he simply saw the witnesses to go inside the room but he did not know what they said. This, however, does not represent the correct state of things as from Ext. A it will be seen that Shri Mitra actually cross-examined the witnesses and he signed the papers containing the evidence of the witnesses. At the time of examination he said that he took blood sample from the patient while on duty in the Society at the request of Harish Babu and he handed over the same to Harish Babu. He thus wanted to say that he did nothing in connection with the examination of blood but in his written explanation he clearly mentioned that he examined blood sample of the patient in the Society's laboratory on 15th December 1957 and determined E.S.R. and noted the same in the report of the Central Calcutta Laboratory. Now, it is seen from the evidence of the Society's Doctor, Shri Banerjee, O.P.W. 3, that he advised for the examination of the blood of the patient by making the prescription, Ext. G, on 29th May 1958. The procedure of the Society is that when the doctor of the Society will prescribe for the blood examination of a patient, the patient would go to the Medical Manager of the Society and pay him necessary charges and will get a cash memo for the same, and when that cash memo would be shown to the Laboratory Assistant, his blood would be taken for examination and the same would be tested in the Laboratory. This procedure was well known to the Laboratory Assistant, Shri Mitra, but, in the present case, he violated the procedure as a result of which there was loss of income of the Society. Shri Banerjee, O.P.W. 3, said that when the patient gave him the blood report issued by the Central Calcutta Laboratory, he took him to the Manager and told him everything. The patient was then asked to make a written complaint about the matter and thereafter he filed the written complaint stating the facts. That written complaint is Ext. F, and there he clearly stated that he paid Rs. 6 to the compounder on account of blood examination. Of course, he could not say if that sum was received by Shri Mitra or not. In his evidence he admitted that he wrote the complaint and gave in it the history regarding the case. Further, he said that he had also mentioned about the payment of money in the petition of complaint, and that money must have been paid to the compounder by some of his relatives. But the clear recital of the complaint is that he had paid Rs. 6 to the compounder, Harish Babu, for the examination of his blood. O.P.W. 2, Harish Babu, said in his evidence that he did not take any money from the patient. But the patient in his written complaint stated clearly that he had paid Rs. 6 to Harish Babu. Harish Babu was working in the Society as a compounder and he lost his service in October 1956. When he was out of service of the Society, Shri Mitra had no justification in taking blood from the patient at his request. He then knew it very well that Harish Babu was no longer in the service of the Society. The real position is that Shri Mitra was a party to a conspiracy with the discharged compounder, Harish Babu, and he acted contrary to the interest of the Society. Shri Mitra ought not to have taken blood sample from the patient on 15th October 1957 without payment of charges to the Society. Further, he ought not to have taken blood sample again on 16th October 1957 from the same patient and examined E.S.R. in the Society's Laboratory without taking charges. His plea that he was doing every thing at the request of Harish Babu in a bona fide fashion cannot be accepted as true; rather he was in collusion with the discharged compounder Harish Babu, and he handed over the blood for being examined at the Central Calcutta Laboratory in an unauthorised way and thereby caused pecuniary loss to the Society. It is on account of his collusive activities that the Society was deprived of the necessary charges which it would have otherwise got upon the examination of the blood of the patient at the Society's Laboratory. Shri Mitra acted against the interest of the Society, and thus made himself unfit for being retained in the Society's service. Previously he was warned for taking extra money from the patient violating the Society's rules. Considering all the facts and circumstances, I hold that the order of dismissal passed by the Society against Shri Mitra is quite justified, and it was a bona fide one. In the cross-examination Shri Mitra clearly admitted that he had no quarrels with anybody. So the plea that the action taken was mala fide is not acceptable. The fact that there are no Standing Orders of the Society governing the service conditions of its employees will not make the punishment awarded illegal. We are to scrutinise the facts and circumstances of the case in order to find if the punishment was justified or not. After considering al facts and circumstances of the present case, I hold that the punishment by way of dismissal was not improper in any way in the present case. I approve of the action taken by the Society against Shri Mitra, and the petition is thus allowed.

In view of the above findings I hold that there was no contravention of section 33 of the Industrial Disputes Act and, accordingly, the complaint under section 33A of the Industrial Disputes Act, is not at all maintainable. The petitioner, Shr

Samoresh Mitra, is not entitled to get any relief in his case under section 33A of the Act.

This is my award.

Manna, represented by Federation of Mercantile Employees' Union, 23A Netaji Subhas Road (Top floor), Calcutta-1, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. R. B. Rodda & Co., Ltd., 2 Wellesley Place, Calcutta-1, and their employee, Shri P. C. Manna, represented by Federation of Mercantile Employees' Union, 23A Netaji Subhas Road (Top floor), Calcutta-1. (Case No. VIII-C-16/58.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge, First Labour Court.*

The Government of West Bengal, in the Department of Labour, by order No. 357-I.R./IR/11L-5/58, dated 31st January 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. R. B. Rodda & Co., Ltd., 2 Wellesley Place, Calcutta-1, and their employee, Shri P. G. Manna, represented by Federation of Mercantile Employees' Union, 23A Netaji Subhas Road (Top floor), Calcutta-1, regarding matters specified in the second schedule of the Act, to this Court for adjudication:—

Schedule

Is the termination of service of Shri P. G. Manna justified? What relief is he entitled to?

AWARD

This is a case arising out of alleged illegal and unjustified termination of service of Shri P. G. Manna previously employed in Messrs. R. B. Rodda & Co., Ltd., 2 Wellesley Place, Calcutta-1, hereinafter referred to as the Company for the sake of brevity.

The Union's case in short is that Shri Manna was permanently employed as a Stenographer in the Company for more than a year on a monthly salary of Rs. 170. The Company illegally deducted a sum of Rs. 17-12-6 from the pay of Shri Manna for the month of September 1956 on the plea of late attendance for 13 days. Shri Manna was required to attend office by undertaking train journey over the timings of which he had no control. The Company, however, after a show of enquiry terminated his service on 5th October 1956 without any justification whatsoever. The Union stigmatises this terminiation of services of Shri Manna as unjustified and seeks his reinstatement together with back wages.

The Company, on the other hand, in its written statement contends that Shri Manna was properly dismissed after a fair and impartial enquiry as Shri Manna was habitually late over a month. The Company thus justifies the termination of services of Shri Manna.

Decision

Twenty-second July 1959 was the date fixed for hearing of this case, but on this date the workman himself put in a petition stating that the dispute has been settled out of Court, and as such there is no dispute outstanding between the parties. The instant reference, therefore, calls for no adjudication as no dispute is outstanding. The reference is disposed of accordingly.

(iii) Above 15 years' service—Rs.75 per mensem.

The entire length of service in non-gazetted capacity as a licentiate Medical Officer and/or non-gazetted Medical Officer with M.B.B.S. or M.M.F. qualification under this Government shall count towards calculation of the amount of non-practising allowance under this rule.

(b) The non-practising allowance under this rule shall be admissible with effect from the date of this notification in the case of those holding posts in which private practice was allowed on the 31st December 1958 but which have been made non-practising under sub-rule (a) above. It shall, however, be admissible with effect from the 1st January, 1959 in the case of those who continue to hold posts which were already non-practising on the 31st December 1958 and remain to be so under this rule.

Qualification Pay

6. Non-gazetted Medical Officers possessing recognised training and/or experience in Radiology, Anæsthesiology, Pathology, Public Health or any other subject when employed in posts requiring training or knowledge in these specialities may be given at the discretion of Government a Qualification Pay (to be treated as Special Pay) of Rs.30 per mensem in addition to their grade pay and allowances.

The Qualification Pay shall not be admissible to those in receipt of Public Health Pay under rule 7 *infra*.

The Director of Health Services, West Bengal, shall be responsible for ensuring that the Qualification Pay sanctioned by Government to a particular Medical Officer is being drawn in accordance with this rule.

Public Health Pay

7. Non-gazetted Medical Officers posted for public health duties, irrespective of whether such duties are integrated with curative work or not, shall be given a Public Health Pay (to be treated as Special Pay) of Rs.30 per mensem. This special pay shall not be admissible to those in receipt of Qualification Pay under rule 6 *supra*.

The Public Health Pay shall replace the existing Public Health (Compensatory) Allowance of Rs.100 per mensem sanctioned for the non-gazetted Medical Officers employed in Health Centres.

The categories of posts which shall carry Public Health Pay under this rule are shown in Schedule II of these rules which may be modified by Government from time to time as may be considered necessary.

Hazard Allowance

8. With effect from the 1st January 1959 the risk allowance (Special Pay) sanctioned to the non-gazetted Medical Officers posted in Tuberculosis, Leprosy or Infectious Diseases Hospitals or institutions shall be abolished and such officers shall instead be entitled to free treatment including accessory treatment, e.g., X-ray, bacteriological, pathological and cardiographic examinations, etc., in State institutions, for infectious diseases such as tuberculosis, leprosy, etc., provided the disease is certified by the Medical Board to have been contracted in consequence of the due performance of their official duties.

For the purpose of such treatment the Medical Officers shall be entitled to disability leave according to the recommendation of the Medical Board for a period not exceeding twenty-four months at a time during which they shall be given full average pay, if they are appointed on permanent basis, or full pay equivalent to that drawn before the commencement of the leave, if they are appointed on temporary basis, plus allowances as may be admissible under the general orders of Government in force. The special disability leave in rules 192 and 193 of the West Bengal Service Rules, Part I, shall not be admissible in such cases.

In case of permanent disability such Medical Officers shall in addition to normal pension and/or gratuity as may be admissible under the existing rules receive an extraordinary pension or gratuity, as the case may be, at such rates as may be prescribed, if in the opinion of Government the disability incurred by the Medical Officers is attributable to the duties performed by them during their service.

Existing Special Pays attached to particular posts

9. With effect from the 1st January 1959 all special pays and allowances (except compensatory allowance on account of cost of living or unhealthiness of locality, conveyance and fixed travelling allowances, dearness and cash allowances and House rent allowance) attached to particular posts of non-gazetted medical officers including those sanctioned for services rendered to other departments shall be abolished. The part-time services for which special pays used to be sanctioned in the past shall be regarded as part of the normal duties of the non-gazetted medical officers. If, however, any medical officer is required to incur expenditure on conveyance for the performance of the additional or special work for which the special pay was sanctioned, he may be given at the discretion of Government a conveyance allowance the amount of which shall be decided by Government after examining each case on merit.

House rent allowance and lodging

10. The admissibility of house rent allowance and lodging to the non-gazetted medical officers shall be governed by the same principles as laid down for gazetted medical officers in rule 14 of the West Bengal Health Service (Cadre, Pay and Allowance) Rules, 1958.

Fixation of pay

11. (A) The initial pay of all non-gazetted medical officers to whom these rules apply and who were in service on the 31st December 1958 shall be fixed with effect from the 1st January 1959 in the revised grades according to the principles laid down below:

(a) Licentiate medical officers (Revised scale—Rs.125—10—325):

(i) Licentiate medical officers who were drawing pay below Rs.125 per mensem (including *ad interim* increases of pay or personal pay but exclusive of special pay, if any) in the old scale or under the old rates on the 31st December 1958 shall draw in the new time-scale an initial pay of Rs.125 per mensem, i.e., the minimum of the new time-scale.

(ii) Licentiate Medical Officers who were drawing pay of Rs.125 per mensem or above (inclusive of *ad interim* increases of pay or personal pay but exclusive of special pay, if any) in the old scale or under the old rates on the 31st December 1958 shall have their initial pay fixed in the new time-scale after counting for increments from the minimum of the new scale the entire period of service in non-gazetted capacity, whether continuous or not, during which they drew or were entitled to draw pay either equal to or more than Rs.125 per mensem:

Provided that the initial pay so fixed shall not, in the case of persons who originally entered service under this Government as non-gazetted medical officers on a pay of Rs.125 per mensem or above, exceed the initial pay admissible to officers having equal or greater length of service as non-gazetted medical officers in the West Bengal Junior Medical and Health Service.

Note: A certificate to the effect that the condition laid down in the above proviso has been fulfilled should be furnished by the competent authority in each case of fixation of pay under this rule.

(b) Non-gazetted medical officers with M.B.B.S. or M.M.F. qualification (Revised scale: Rs.175—10—375):

Non-gazetted Medical Officers possessing M.B.B.S. or M.M.F. qualification who held on the 31st December, 1958 any of the posts mentioned in Group C of Schedule I of these rules shall have their initial pay fixed in the new time-scale on the 1st January 1959 according to the principles enunciated in rule 42 read with rules 44 of the West Bengal Service Rules, Part I.

(c) Non-gazetted Medical Officers with M.B.B.S. or M.M.F. qualification employed in posts shown in Groups A and B of Schedule I of these rules and drawing pay admissible to Licentiates irrespective of whether the qualification was obtained prior to or after joining service:

The initial pay of such medical officers who were in service on the 31st December 1958 shall be fixed on the 1st January 1959 in the revised scale of Rs.125—10—325 according to the principles laid down in sub-rule (a) of this rule and the pay so fixed shall be refixed on the 2nd January 1959 in the revised scale of Rs.175—10—375 under the normal rules as indicated in sub-rule (b) above.

(d) The initial pay of the licentiate medical officers who may acquire M.B.B.S. qualification on or after the 1st January 1959 shall also be refixed in the revised scale of Rs. 175—10—375 on the analogy of the principle laid down in sub-rule (c) above with effect from the date of passing the M.B.B.S. examination.

The date of publication of the results of the M.B.B.S. examination by the University shall be reckoned as the date of passing the said examination under this rule.

(e) When the total of the initial pay fixed according to the principles laid down in sub-rules (a), (b), (c) and (d) above and the special pay, non-practising and other allowances (except dearness, house rent and other allowances which have not been abolished under rule 9) admissible under this scheme falls short of the total of the pay including personal pay, if any, special pay and allowances (except dearness, house rent and other allowances not abolished under rule 9) admissible under the old scale or rates on the 31st December 1958, the difference shall be given to the medical officer concerned as personal pay. The personal pay shall continue to be drawn until (i) the officer is transferred to a post to which special pay and/or allowances (other than dearness, house rent and other allowances not abolished under rule 9) at the same rates as admissible to him on the 31st December 1958 were not attached on the said date, or (ii) it is absorbed in subsequent increases of pay, if any, whichever is earlier. If, however, on his transfer after the 31st December 1958 to a new post which does not carry the same special pay and/or allowances as were attached to the post held by him on the 31st December 1958, his basic pay in the new scale falls short of that before such transfer, the difference shall continue to be drawn as personal pay to be merged in subsequent increases of pay.

Non-practising allowance, if any, drawn under the old scale or rates on the 31st December 1958 shall not be taken into account in calculating personal pay admissible under this rule, if the said allowance is not drawn in the new scale.

(B) Persons entering service after the 31st December 1958 shall have their initial pay fixed, on the date of their appointment, at the minimum of the new grades applicable to them, difference, if any, between the pay as admissible and the pay actually drawn being treated as personal pay to be absorbed in subsequent increases in pay.

(C) Pending fixation of the pay and allowances by the Accountant-General, West Bengal, under these rules the non-gazetted medical officers who were in service on the 31st December 1958 and also those who entered service after the 31st December 1958 shall continue to draw their pay and allowances under the old rates subject to subsequent adjustment.

EXAMPLES

(1) Dr. A was appointed as a Sub-Assistant Surgeon in the cadre of the Bengal Medical Service (Lower) on the 1st January 1945 on a pay of Rs.60 per mensem in the scale of Rs. 60—75—5/2—80—10/2—140—5/2—155. His pay was raised to Rs.100 per mensem with effect from 1st March 1945, if he was a temporary officer, or from 1st April 1946, if he was a permanent officer, the difference between this ad-hoc pay and the pay which would have been normally admissible to him in the scale being treated as personal pay to be merged in future increments (*vide* Government Orders No. 2361Medl., dated 3rd July 1945, No. Medl/4P-7/46, dated 26th September 1946, and No. Fin.F.3P-30/48/2015/Medl., dated 28th April 1948). With effect from the 1st January 1947 his pay with the *ad interim* increases sanctioned by Government rose to Rs.132 per mensem, i.e., with effect from the 1st January 1947 he became entitled to draw a pay of Rs.125 and above per month and his entire service from that date excluding extraordinary leave, if any, should be counted for increment in the new scale of Rs.125—10—325. Thus on the 1st January 1959 his initial pay in the new scale of Rs.125—10—325 shall be fixed at Rs.245 per month, his next increment in the scale raising his pay to Rs.255 per mensem falling due on 1st January 1960.

His service in non-gazetted capacity being more than 5 years but less than 15 years he will get non-practising allowance, if admissible, at the rate of Rs.60 per mensem. If no extraordinary leave is taken by him the rate of non-practising allowance will be Rs.75 per mensem with effect from 1st January 1960, i.e., the date on which he will complete 15 years' service.

(2) Dr. B was appointed as a non-gazetted medical officer (Licentiate) in a F. R. E. or A. G. Hospital on a fixed pay of Rs.150 per mensem on 1st January 1945. With effect from 1st January 1947 his pay together with the *ad interim* increases sanctioned by Government rose to Rs.190 (fixed) per month. Under sub-rule (A)(a)(ii) of this rule the whole period of his service in non-gazetted capacity from 1st January 1945 to 31st December 1958 was to be counted towards fixation of his initial pay in the new scale of Rs.125—10—325 on 1st January 1959, i.e., his initial pay was to be fixed at Rs.265 per mensem but under the proviso to the said sub-rule his initial pay in the new scale of Rs.125—10—325 on 1st January 1959 should not exceed Rs.245 per mensem, i.e., the amount of initial pay admissible to Dr. A, who was originally appointed as a non-gazetted medical officer in the Bengal Medical Service (Lower) on the same date as Dr. B. The initial pay of Dr. B in the new scale of Rs.125—10—325 shall, therefore, be fixed on 1st January 1959 at Rs.245 per mensem, his next increment in the scale being due on 1st January 1960. Non-practising allowance should be fixed after taking into account the entire length of his service in non-gazetted capacity with effect from 1st January 1945.

(3) Dr. C was appointed as a non-gazetted medical officer (Licentiate) in a F. R. E. or A. G. Hospital on 1st January 1945 on a pay of Rs.150 (fixed) per mensem which together with the *ad interim* increases subsequently sanctioned by Government was raised to Rs.190 (fixed) per mensem from 1st January 1947. Subsequently on his appointment as a non-gazetted medical officer in a Health Centre on 1st January 1956 his pay was fixed at Rs. 100 per mensem in the scale of Rs.100—5—190—10—250 plus a personal pay of Rs.90 per mensem to be absorbed in subsequent increments plus a Public Health (Compensatory) allowance of Rs.100 per mensem. His pay and allowances on 1st January 1959 under the new scheme should be fixed as follows:

Pay and allowances on 31st December 1958—

Pay—Rs.110 per mensem.

Personal Pay—Rs.80 per mensem.

Public Health (Compensatory) Allowance—Rs.100 per mensem.

Total—Rs.290 per mensem.

Pay and allowances on 1st January 1959—

Pay—Rs.245 per mensem (i.e., the pay to which he would be eligible if he had originally entered service as a Sub-Assistant Surgeon on 1st January 1945).

Public Health Pay (Special Pay)—Rs.30 per mensem. Non-practising Allowance—Rs.60 per mensem.

Total—Rs.335 per mensem.

(4) Dr. D was appointed as a non-gazetted medical officer of Mobile Medical Unit on 1st January 1949 on a pay of Rs.150 per mensem plus *ad interim* increases amounting to Rs.40 per mensem. On 1st November 1951 his pay was fixed at Rs.200 per mensem in the scale of Rs.100—5—190—10—250. His pay and allowances in the new scale of Rs.125—10—325 should be fixed on 1st January 1959 as follows:

Pay and allowances on 31st December 1958—

Pay—Rs.250 per mensem (i.e., maximum of the scale of Rs.100—250).

Total—Rs.250 per mensem.

Pay and allowances on 1st January 1959—

Pay—Rs.225 per mensem.

Public Health Pay—Rs.30 per mensem.

Non-practising Allowance—Rs. 60 per mensem.

Total—Rs.315 per mensem.

If, however, he had been transferred to a Health Centre prior to 1st January 1959 his pay and allowances under the new rules should be fixed as follows:

31st December 1958—

Pay—Rs.250 per mensem.

Public Health (Compensatory) Allowance—Rs.100 per mensem.

Total—Rs.350 per mensem.

1st January 1959—

Pay—Rs.225 per mensem.

Public Health Pay—Rs.30 per mensem.

Non-practising Allowance—Rs. 60 per mensem.

Personal Pay—Rs.35 per mensem.

Total—Rs.350 per mensem.

The personal pay of Rs.35 per mensem should be discontinued as soon as he is transferred to a post which did not carry on the 31st December 1958 special pay and/or allowance at the same rates as the post held by him on the same date.

(5) Dr. E was appointed as a non-gazetted (Graduate) Medical Officer in a F. R. E. or A. G. Hospital on 1st January 1945 on a pay of Rs.250 (fixed) per mensem. On 31st December 1958 he was drawing a pay of Rs.280 (fixed) per month inclusive of *ad interim* increase of pay. On 1st January 1959 his pay in the new scale of Rs.175—10—375 should be fixed at Rs.285 per mensem according to the provision of sub-rule (A)(b) of rule 11. His next increment raising his pay to Rs.295 per mensem will be due on 1st January 1960.

On 1st January 1959 he will be eligible to draw Non-Practising Allowance in addition to his pay as stated above at the rate of Rs.60 per mensem, the length of his service in non-gazetted capacity being more than 5 years but less than 15 years.

(6) Dr. F, a Medical Graduate, was appointed as a non-gazetted Medical Officer of a Mobile Medical Unit on 1st January 1950 on a pay of Rs.190 per mensem (fixed) inclusive of *ad interim* increases. On 1st November 1951 his pay was fixed at Rs. 200 per mensem in the scale of Rs.100—5—190—10—250 and on 31st December 1958 his pay in the said scale was Rs.250 per mensem.

On 1st January 1959 his pay should be fixed at Rs.215 per mensem in the new scale of Rs. 125—10—325 and on 2nd January 1959 his pay should be refixed at Rs.215 per mensem in the higher scale of Rs.175—10—375 under the provision of sub-rule (A)(c) of rule 11. His next increment raising his pay to Rs.225 per mensem in the higher scale of Rs.175—10—375 will be due on 1st January 1960.

In addition he will be entitled to draw Public Helath Pay and Non-practising Allowance, if admissible under the new scheme, at the prescribed rates.

(7) Dr. G entered service as a Licentiate Medical Officer on 1st January 1945. On 1st January 1959 his pay in the new scale of Rs.125—10—325 should be fixed at Rs.245 per mensem as demonstrated in example (1), his next increment raising his pay to Rs.255 per mensem being due on 1st January 1960.

On 1st May 1959 he passed the M.B.B.S. Examination and his pay on that date should be refixed under the provision of sub-rule (A)(d) of rule 11 at Rs.245 per mensem in the higher scale of Rs.175—10—375, his next increment in the said scale being due on 1st January 1960.

GOVERNMENT OF WEST BENGAL

OFFICE OF THE SECRETARY TO THE GOVERNOR, WEST BENGAL

RAJ BHAVAN,
CALCUTTA,
The 11th August, 1959.

NOTIFICATION

No. 3753S.

The Governor is pleased to award the "Dr. Harendra Coomar Mookerjee Silver Medal" for outstanding acts of courage and self-sacrifice to the undermentioned persons:—

Names and addresses of the persons

(1) Shri Satya Ghose, son of late Basupada Ghose, Vill. Chatinda, P. S. Panskura, Dist. Midnapore.

(2) Shri Mohan Lal Sarkar, son of late Girija Bhusan Sarkar, Vill. Sahapur, P. S. Panskura, Dist. Midnapore.

(3) Shri Rampada Das, son of late Naran Das, Vill. Barisa, P. S. Panskura, Dist. Midnapore.

Statement of the acts performed for which the decorations have been awarded.

On the 17th July 1958, Motor Launch "Partha Sarathi" met with a major disaster in the river Rupnarayan near Kolaghat in the district of Midnapore, involving loss of lives estimated to be about forty. Soon after the mishap, (1) Shri Satya Ghose, (2) Shri Mohan Lal Sarkar and (3) Shri Rampada Das, all of P. S. Panskura in Midnapore district, rushed to the site of the disaster with a view to rescuing the survivors. In the gathering darkness and at a time when the tidal bore was at its highest, these three persons dived repeatedly into the river looking for survivors, and were ultimately successful in bringing out two dead bodies from the wreck. Thus these three persons displayed outstanding gallantry and set an example of humanitarian service in total disregard of their personal safety.

Name and address of the person

(4) Late Kunja Das, Gateman of Gate No. 22, Eastern Railway, Ranaghat-Bongaon Section, district 24-Parganas.

Statement of the act performed for which the decoration has been awarded.

On the 16th October 1958, at about 5 p.m., a child aged about 3 years named Swapan Kumar Bhattacharjee, son of Shri Saktipada Bhattacharjee of Bongaon in the district of 24-Parganas strayed out of the house which is situated near the railway line and came upon the railway track on the Ranaghat-Bongaon Section of the Eastern Railway near Gate No. 22 while the 8-Down Ranaghat-Bongaon Local was coming at full speed. Gateman, Shri Kunja Das, ran after the child and caught hold of him just a few seconds before the train reached the spot. He saved the life of the child by throwing him off the railway track but was himself knocked down by the running train. The train was stopped soon after and he was picked up in a precarious condition. He was immediately removed to the Railway Hospital where he succumbed to his injuries on the following day. Late Kunja Das showed outstanding courage and self-sacrifice in saving the life of the child, Swapan.

Name and address of the person

(5) Shri Nikhil Chandra Choudhuri, son of late Sudhir Chandra Choudhuri, Vill. Sovanagar, P. S. Manickchak, Dist. Malda.

Statement of the act performed for which the decoration has been awarded.

On the 4th September 1958, two little boys aged about 7 or 8 were playing on the edge of the river Ganges to the west of the village Sovanagar in the district of Malda when the river was in flood. One of the boys, named Sakti, son of Shri Sukesh Chandra Jha of Sovanagar, slipped down into the river. The other boy was stunned and raised no hue and cry but simply kept curiously looking at the water. Shri Nikhil Chandra Choudhuri of Sovanagar, aged about 17 years, was brushing his teeth sitting on the branch of a tree nearby. He enquired of the boy about Sakti and was told that Sakti had gone down into the river. Having no time to come down the tree, Nikhil jumped into the river straight from the branch of the tree. He dived down several times and traced the boy in a cavity 8 to 10 ft. below the water. He at once pushed him up and carried him to the bank. As the respiration of the boy had stopped, he whirled him round by the legs and in two or three minutes succeeded in restoring his respiration. The boy was taken to the local hospital where he regained the power of speech and consciousness after 7 or 8 hours of treatment and nursing. Shri Nikhil Chandra Choudhuri thus showed outstanding gallantry in saving the life of the child, Sakti, at great personal risk.

By order of the Governor,

CONDUCT RULES FOR THE EMPLOYEES OF KHIRPAI MUNICIPALITY

1. **Interpretation:** In these rules,—

(a) "Employee" means an employee of the Khirpai Municipality defined in clause (b) of this rule;

(b) "Local authority" means the Commissioners of Khirpai Municipality constituted under the Bengal Municipal Act, 1932.

2. **Gifts:** (1) Same as otherwise provided in this rule, an employee shall not, except with the previous sanction of the local authority—

(a) accept directly or indirectly on his own behalf or on behalf of any other person, or

(b) permit any member of his family so to accept,

any gift, gratuity or reward or any offer of a gift, gratuity or reward from any person.

(2) Subject to the provisions of any general or special order of the local authority, any employee may accept from any person a complimentary present of flowers or fruit or similar articles of trifling value, but all employees shall use their best endeavours to discourage the tender of such gifts.

(3) Any employee may accept or permit any member of his family to accept, from any person who is his personal friend, a wedding present of a value which is reasonable in all the circumstances of the case. All employees shall use their best endeavours to discourage the tender of such presents and such acceptance or permission shall be reported to the local authority, and, if the local authority so require, the present shall be returned to the donor.

(4) If an employee cannot, without giving undue offence, refuse a gift of substantial value from any person, he may accept the same, but shall unless the local authority by special order otherwise direct, deliver the gift to the said authority.

3. **Public demonstrations in honour of employees of local authority:** (1) Save as otherwise provided in this rule, an employee shall not, except with the previous sanction of the local authority—

(a) receive any complimentary or valedictory address, accept any testimonial or attend any public meeting or entertainment, held in his honour; or

(b) take part in the presentation of a complimentary or valedictory address or of a testimonial to any other employee or to any person who has recently quitted the service of a local authority, or attend a public meeting or entertainment held in the honour of such other employee or person.

(2) Notwithstanding anything contained in sub-rule (1)—

(a) an employee may at the request of any public body sit for a portrait, bust or statue not intended for presentation to him;

(b) an employee may take part in the raising of a fund to be expended in recognition of the services of any other employee or of a person who has recently quitted the service of a local authority, on the foundation of a scholarship or on any other public or charitable object or on the execution of any portrait, bust or statue not intended for presentation to such other employee or person: Provided that no employee shall solicit any subscription in aid of such fund;

(c) subject to the provisions of any general or special order of the local authority, an employee may attend a farewell entertainment of a substantially private and informal character held as a mark of regard to himself or to some other employee, or to a person who has recently quitted the service of a local authority on the occasion of the retirement from service or departure from a district or station of himself or other person.

4. **Presentation of trowels, etc., at ceremonial functions:** An employee shall not, save with the previous sanction of the local authority, receive any trowel, key or other similar article offered to him at a ceremonial function, such as laying of a foundation stone or the opening of a public building.

5. **Application of rules 2 and 3 to medical officers:** Subject to the provisions of any general or special order of the local authority, an employee who is a medical officer, nurse or midwife, may accept any fee, gift, gratuity or reward offered by any person or a body of persons in recognition of his/her professional services.

6. **Subscriptions:** An employee may not, without the previous sanction of the local authority, ask for or accept from any person, any subscription or other pecuniary assistance in pursuance of any object whatsoever.

7. **Purchase of resignation:** Employees may not enter into any pecuniary arrangement for the resignation by one of them of any office under the local authority for the benefit of the others. Should this rule be infringed, any nomination or appointment consequent upon such resignation will be cancelled and such parties to the arrangement as are still in the service will be suspended, pending the orders of the local authority or the State Government as the case may be.

8. **Lending and borrowing:** (1) An employee shall not lend to or borrow money from, except in the ordinary course of business with a Joint Stock Bank of a firm of standing, or otherwise place himself under a pecuniary obligation to any person subject to his official authority.

(2) Every employee shall, after his appointment as such, submit to the local authority a declaration of the loans made or taken by him to or from any person or persons which are still to be repaid:

Provided that this rule in so far as it relates to the lending to or borrowing from co-operative societies registered under Act II of 1912, shall be subject to any general or special restrictions or relaxations made or permitted by the local authority.

9. **Buying and selling houses and other valuable property:** Save in the case of a transaction conducted in good faith with a regular dealer, an employee who intends to transact any purchase, sale or disposal by other means of movable or immovable property exceeding in value of Rs. 200, with any person residing, possessing immovable property or carrying on business within the area under the local authority shall declare his intention to the local authority or to such officer as the said authority may appoint. Any declaration shall state fully the circumstances, the price offered or demanded, and in the case of disposal otherwise than by sale, the method of disposal. Thereafter such employee shall act in accordance with such orders as may be passed by the local authority or the officer appointed for the purpose.

10. **Control over immovable property held or acquired by employee of a local authority:** Every employee or candidate for service under a local authority must make to the local authority concerned, a declaration of all immovable property which may from time to time be held or acquired by him or by his wife or by any member of his family living with, or in any way dependent upon him.

Such declaration should state the police-station, district and the State within which the property is situated and should give such further information as the local authority may by general or special order require.

11. **Investments other than those in immovable property:** An employee may not make any investment, other than an investment in immovable property which gives him such private interest in matters with which his public duties are connected as would be likely in the opinion of the local authority to embarrass or influence him in the discharge of his duties.

Subject to this condition he may hold or acquire shares in any company, including a mining or agricultural company, which has for its object the development of the resources of the country.

Subject to the same condition he may place deposits in Provincial or Central Banks registered under Act II of 1912, and make investments in non-agricultural societies registered under that Act.

12. **Speculation:** An employee may not speculate in investments. In applying this general rule, the purchase of a grant of land supposed to contain minerals with the object of disposing of it to companies, and the habitual purchase and sale of securities of notoriously fluctuating value, will be treated as speculation in investments.

13. **Promotion and management of companies:** An employee whether on leave or in active service, may not, without the special sanction of the local uthority, take part in the promotion, registration r management of any Bank or other company.

14. **Private trade or employment:** An employee may not, without the previous sanction of the local authority, engage in any trade or undertake ny employment, other than his public duties.

An employee may undertake occasional work of literary or artistic character, provided that his public duties do not suffer thereby; but the local uthority may, in its discretion, at any time forbid him to undertake or require him to abandon any mployment which in its opinion is undesirable.

Note: The Secretaryship of a club does not onstitute employment in the sense of this rule, provided that it does not occupy so much of an mployee's time as to interfere with his public duties and that it is an honorary office, that is to ay, that it is not remunerated by any payment in cash, or any equivalent thereof other than the ustomary concessions of free quarters and personal exemption from messing charges only. Any employee proposing to become the Honorary Secretary of a club, should inform his immediate departmental superior who will decide, with eference to this rule and note, whether the matter hould be reported for the orders of the local authority.

15. **Insolvency and habitual indebtedness:** (1) When an employee is adjudged or declared an nsolvent, or when one moiety of the salary of an employee is constantly being attached, has been continuously under attachment for a period exceeding two years or is attached for a sum which, in ordinary circumstances, cannot be repaid within a period of two years, he will be considered iable to dismissal.

(2) When such employee is not liable to dismissal otherwise than by or with the sanction of the State Government, the matter must, if he is declared insolvent, and may, if a moiety of his salary is attached, be reported to the State Government, pending the receipt of whose orders he will be suspended from service.

(3) When a moiety of an employee's salary is attached, the report should show what is the proportion of the debts to the salary, how far they detract from the debtor's efficiency as an employee; whether the debtor's position is irretrievable; and whether in the circumstances of the case, it is desirable to retain him in the post occupied by him when the matter was brought to the notice of the local authority or Government.

(4) In every case under this rule, the burden of proving that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligence, the debtor could not have foreseen or over which he had no control, and has not proceeded from extravagant or dissipated habits will be upon the debtor.

16. **Communication of official documents or information:** An employee may not, unless generally or specially empowered by the local authority in this behalf, communicate directly or indirectly to employees belonging to other local authorities or to non-official persons, or to the press, any document or information which has come into his possession in the course of his public duties, or has been prepared or collected by him in the course of those duties, whether from official sources, or otherwise.

17. **Connection with the press:** An employee may not, without the previous sanction of the local authority, become the proprietor in whole or in part, or conduct or participate in the editing or management of any newspaper or other periodical publication.

Such sanction will be given only in the case of a newspaper or publication mainly devoted to matter not of a political character, and may at any time, in the discretion of the local authority, be withdrawn.

18. Subject to the provisions of rule 16, an employee may contribute anonymously to the press, but must confine himself within the limits of temperate and reasonable discussion; and, if this connection with the press is contrary to the public interest, the local authority may withdraw his liberty to contribute. When there is room for doubt whether the connection of any employee with the press is or is not contrary to the public interests, the matter should be referred to the State Government for orders.

19. **Criticism of local authority and Government and publication of information or opinion upon matters relating to foreign countries:** (1) No employee shall, in any document published under his own name or in any public utterance delivered by him, make any statement of fact or opinion which is capable of embarrassing—

(a) the relations between the local authority and the people or between Government and the people of India or any section thereof, or

(b) the relations between Government and any foreign country.

(2) An employee who intends to publish any document under his own name or to deliver any public utterance containing statements in respect of which any doubt as to the application of the restrictions imposed by sub-rule (1) may arise, shall submit to the local authority under which he is serving a copy of draft of the document which he intends to publish or of the utterance which he intends to deliver, and shall not publish the document or deliver the utterance save with the sanction of the local authority under which he is serving and with such alterations, if any, as the said authority may direct.

20. **Evidence before committees:** An employee may not give evidence before a public committee—

(1) in India, unless he has first obtained the permission of the local authority under whom he is serving;

(2) outside India, unless he has first obtained the permission of the State Government.

In giving such evidence he must not criticise the policy or decisions of the local authority or of Government.

This rule will not apply to evidence given before statutory committee with power to compel attendance and the giving of answers, nor to evidence given in judicial enquiries.

21. **Taking part in politics and elections:** (1)(i) No employee shall take part in, or subscribe in aid of, or assist in any way, any political movement in India or any political movement relating to Indian affairs.

Explanation.—The expression "political movement" includes any movement or activities tending directly or indirectly to excite disaffection against, or to embarras, the Government or the local authority as by law established, or to promote feelings of hatred or enmity between different classes of people in India or to disturb the public peace.

(ii) No employee shall permit any person dependent on him for maintenance or under his care or control to take part in, or in any way assist, any movement or activity which is, or tends directly or indirectly to be subversive of the local authority or Government as by law established.

Explanation. An employee shall be deemed to have permitted a person to take part in or assist a movement or activity within the meaning of clause (ii), if he has not taken every possible precaution and done everything in his power to prevent such person so acting or if, when he knows or has reason to suspect that such person is so acting he does not at once inform the local authority or the Government.

(2) An employee shall not canvas or otherwise interfere or use his influence in connection with, or take part in, any election to a legislative body or any local authority, whether in India or elsewhere:

Provided that an employee who is qualified to vote at such election may exercise his right to vote but if he does so, shall give no indication of the manner in which he proposes to vote or has voted.

(3) An employee who issues an address to electors or in any other manner publicly announces himself or allows himself to be publicly announced as a candidate or prospective candidate for election to a legislative body or a local authority shall be deemed, for the purposes of sub-rule (2), to take part in an election thereto.

22. **Vindication of acts and character of an employee of a local authority as such:** An employee may not without the previous sanction of the local authority, have recourse to any court or to the press for the vindication of his public acts or character, from defamatory attacks. In granting sanction to the recourse to a court, the local authority will in each case decide whether it will itself bear the costs of the proceedings, or whether the employee shall institute the proceedings at his own expenses, and, if so, whether, in the event of a decision in his favour, the local authority shall reimburse him to the extent of the whole or any part of the costs.

Nothing in this rule will limit or otherwise affect the right of any employee to vindicate his private acts or character.

By order of the Governor,
S. K. CHAKRABORTY, Asst. Secy.

ORDERS

No. 3797-I.R./IR/11L-449/58. 6th August 1959.– Whereas under the Government of West Bengal, Labour Department, order No. 1234-I.R. /IR/11L-449/59, dated the 25th March 1959, the industrial dispute between Messrs. Sahu Jain Ltd., 11 Clive Row, Calcutta-1, and their workmen represented by Sahu Jain Employees' Union, 3 Commercial Buildings, 1st Floor, 23/A Netaji Subhas Road, Calcutta-1, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Sahu Jain Ltd., 11 Clive Row, Calcutta-1, and their workmen represented by Sahu Jain Employees' Union, 2 Commercial Buildings, 1st Floor, 23/A Netaji Subhas Road, Calcutta-1.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri P. C. MAITRA, M.A., B.L., Presiding Officer, Second Labour Court

Government of West Bengal, Labour Department, by their order No. 1234-I.R./IR/11L-449/59, dated Calcutta, the 25th March 1959, referred to me an industrial dispute between Messrs. Sahu Jain Ltd. and their workmen represented by Sahu Jain Employees' Union, for adjudication.

Issue formulated in the order of reference is as follows:—

(1) Whether refusal of employment to Shri Gorakh Das for the period from 30th May 1958 to 16th September 1958 is justified. To what relief, if any, is he entitled?

Findings

On receipt of the reference, notices were issued on both the parties and the Union filed their written statement. Before the Company could file the written statement the workmen concerned Shri Gorakh Das submitted a petition to me stating that he has no dispute against Messrs. Sahu Jain Limited, and he further prays that no adjudication proceeding be taken into the matter. The Union Secretary was still asked to appear with the workman concerned on 7th July 1959 in view of the fact that the workman has already filed a petition that he had no dispute into the matter. Neither the Union Secretary nor the workman concerned appeared on the date fixed or on subsequent days. I take it therefore that no dispute exists between the workman and his employer and I would therefore pass a "no dispute" award in this case. The petition of the workman concerned will form an annexure in this Award.

P. C. MAITRA,
Presiding Officer, Second Labour Court.

The 22nd July 1959.

Annexure

The humble petition of Gorakh Das most

Respectfully sheweth:

1. That I have no dispute in the matter aforesaid outstanding against Messrs. Sahu Jain Limited.
2. That in the circumstances I pray that no adjudication proceedings be proceeded with by the Hon'ble Court in the above matter.

Gorakh Das.

The 24th June 1959.

ANNEXURE

In the matter of an industrial dispute between Messrs. Paper Distributors (P) Ltd., 7 Lyons Range, Calcutta-1 and one of their workmen Shri Nagarmal Haritwal represented by Orient Paper Mills Ltd. Associated Concerns Employees' Union, 7 Bhuban Sarkar Lane, Calcutta-7.. (Case No. VIII—210 of 1958.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. R. GHOSH, *Judge, Third Industrial Tribunal.*

For the Union: Shri Madan Mohan Saha, Advocate.

For the Company: Shri S. K. Basu, Counsel, with Shri K. P. Mookerji of Bharat Manufacturers Traders and Dealers' Association.

AWARD

By order No. 4422-I.R./IR/11L-520/58, dated the 15th October 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Paper Distributors (Private) Ltd., 7 Lyons Range, Calcutta-1, and one of their workmen Shri Nagarmal Haritwal represented by Orient Paper Mills Ltd. Associated Concerns Employees' Union, 7 Bhuban Sarkar Lane, Calcutta-7, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by Notification No. 808-IR/IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Whether Shri Nagarmal Haritwal is entitled to Puja Bonus for the years 1956 and 1957 at the rate of one month's wages each year.

(2) Is he entitled to leave wages for the years 1954-56, 1956-57 and 1957-58 at the rate of 15 days' wages each year?

The notices were served upon the parties and both parties filed written statements. The case was fixed on 27th July 1958 for filing objection to the Union's petition supported by an affidavit calling for production and inspection of certain documents by the Company. On that date on the submission of the parties the case was put up on 28th July 1959 for filing a petition of compromise which has been filed on 28th July 1959.

The dispute relates to the claim of 'Shri Nagarmal Haritwal, an employee under Messrs. Paper Distributors (Private) Ltd., for Puja Bonus for the years 1956 and 1957 at the rate of one month's wages each year and for leave wages for the years 1954-56, 1956-57 and 1957-58 at the rate of 15 days' wages per year. The claimant is represented by Orient Paper Mills Ltd. Associated Concerns Employees' Union. The case of Shri Nagarmal Haritwal is that in terms of the award given by the Sixth Industrial Tribunal, West Bengal, and published in the "Calcutta Gazette" on 21st February 1957 he is entitled to the above reliefs claimed.

The company in its written statment denied the claim of the workman concerned for the said reliefs.

The parties have ultimately settled the matter out of Court and have filed a joint petition stating that the dispute has been amicably settled in terms set forth in the petition of compromise filed. The claimant Shri Nagarmal Haritwal has withdrawn his claim for bonus and leave wages as mentioned in the order of reference on being paid a sum of Rs. 1,000 by the Company. The parties pray that the terms of settlement may be given effect to and the award be passed in terms thereof. The terms of settlement appear to me to be fair and reasonable and are, therefore, given effect and I pass award in terms of the said petition of compromise which do form a part of this award.

Dictated and corrected by me.

S. R. GHOSH,
Judge.

SUDHIR RANJAN GHOSH,
Judge, Third Industrial Tribunal.

The 28th July 1959.

Calcutta Rangers Club, 13/1A Government Place East, Calcutta-1, and their workmen represented by the Calcutta Rangers Club Staff Union, 51 Chittaranjan Avenue, Calcutta-12, regarding the issues mentioned in the said order, being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Fourth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri Sobhan, a workman of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had altered to the prejudice of the said workman, the conditions of service applicable to him immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicted upon the said complaint and submitted its award to the State Government;

Shri Sobhan, 11 Allimuddin Street, Calcutta-16, ... Petitioner.

versus

Messrs. Calcutta Rangers Club, 13/1A Government Place East, Calcutta ... Opposite Party.

This is an application under section 33A of the Industrial Disputes Act. The petitioner's case is that the Opposite Party (Messrs. Calcutta Rangers Club) served a notice on 30th March 1959 asking him to retire from the service on the ground of attainment of retiring age, viz., 55 years at the end of March 1959. It is contended that the action of the Club was illegal as it contravened the provisions of section 33 of the Industrial Disputes Act. The Opposite Party resisted the petition stating that there was no violation of the provisions of the section 33 of the Act and, as such, the application is not maintainable.

Point for decision

(1) Is the petition maintainable?

Decision

Point No. 1: It is found that the Opposite Party has got certified Standing Orders regulating the conditions of its employees' services and in the same there is a superannuation clause which lays down that the employees would retire on the completion of 55 years of age or 35 years of service which ever is earlier. This clause was incorporated in the Standing Orders on 22nd February 1956. The original reference is dated 9th June 1958. This will go to show that long before the original reference this superannuation clause was incorporated in the Standing Orders. Under the circumstances it cannot be contended that the Club altered the conditions of service of its employees during the pendency of the original reference. The retirement of the applicant was quite in accordance with the Standing Orders regulating the service of the employees of the Club. Of course, the applicant entered the service of the Club long before the formation of the Standing Orders. But it is not proved that the Club allowed its employees like the present applicant to continue its service beyond 55 years of age. In conclusion it is held that the petition is not maintainable and the applicant is not entitled to any relief.

This is my award.

By order No. 4418-I.R./IR/11L-368/58, dated the 15th October 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. A. Issues.

(1) Grades and scales of pay of Drivers.

(2) Whether the dismissal of Shri Baldev Singh is justified? To what relief is he entitled?

The reference was received by this Tribunal on 4th November 1958. After usual summonses were served, the Union filed its written statement on 9th December 1958 and the Company on 2nd January 1959. The reference was taken up for hearing on 29th July 1959 and the hearing was concluded on that very date. The award was reserved.

AWARD

Issue No. 1: It relates to fixation of grades and scales of pay of drivers. In the written statement filed by the Union, it is not specifically mentioned whether there were two kinds of drivers, namely, car drivers and lorry drivers. In the written statement of the Company there are mere denials and no positive statements. From the documents filed by the Company, particularly Ext. D, showing introduction of scales of pay for the employees of the Company Messrs. A. Tosh & Sons with effect from 1st May 1956,—it will appear that there are two categories of drivers, namely, drivers of cars with fixed pay of Rs. 55 per month and drivers of lorries with fixed pay of Rs. 60 per month. According to the Company this scale of pay was accepted by the workmen of the Company who put their signatures on the same and on behalf of the Union knowledge of such introduction of scale of pay in agreement with the workers is denied. But from the document Ext. D itself I am convinced that this scale of pay as alleged by the Company to have been introduced from 1st of May 1956 was made within the full knowledge of the workmen whose signatures and thumb impressions appear on the very document itself. From this document it further appears that the Company pays D.A. to its workmen on the following scale: For pay up to Rs. 55 per month the company pays D.A. at the rate of 50 per cent. of the pay with a minimum of Rs. 31, 40 per cent. upon the pay ranging between Rs. 56 to Rs. 100 per month with minimum of Rs. 42 and 30 per cent. of the pay varying betwene Rs. 101 and Rs. 150 per month with the minimum of Rs. 48. So far as the two categories of drivers, namely, car drivers and lorry drivers are concerned, the minimum D.A. allowed by the Company to the car drivers is Rs. 31 and the minimum of D.A. allowed by the Company to the lorry drivers is Rs. 42.

Admittedly there is no incremental scale of pay for either of these two categories of drivers. The present dispute is about fixation of grades and scales of pay of drivers. So in order to adjudicate upon this dispute I must divide the drivers into two categories—(1) the drivers of cars and (2) the lorry drivers. The pay given by the Company to each of these two categories of drivers is evidently not satisfactory and it requires revision in order to give these two categories of drivers an incremental scale of pay regard being had to the prevailing scales of pay for such drivers in Calcutta in different industries and to the fact of rise in the cost of living.

The Union in its written statement asked for introduction of scales of pay for drivers at Rs. 150—3—210 per month with D.A. In support of this the Union produced certain documents, one of which, Ext. 1, dated 18th March 1958, is a letter to the Labour Officer by the General Secretary of the Motor Transport Workers' Union in which the scales of pay for drivers as given by Messrs. Liptons and Brooke Bonds are stated. The scales of pay for drivers as given by Messrs. Liptons is Rs. 65—5—150—E.B.—8—175 and the scale of pay for drivers as fixed by Messrs. Brooke Bonds is Rs. 65—5—150—E.B.—8—175. It is conceded by the Union that this scale of pay for drivers is not possible to be given by the present Company in view of its financial position. In this connection I refer to the First Omnibu Engineering Award in which drivers of cars hav been given an incremental scale of Rs. 60—1—9 and the lorry drivers have been given an incremental scale of Rs. 65—1—95. Although thi award refers to Engineering concerns only, th nature of work done by the drivers of cars an lorries is more or less similar to the nature o work done by such drivers of other industries Considering the position of the present Company I think that the incremental scale of pay for driver of cars and drivers of lorries as given in the First

Omnibus Engineerng Award would be quite adequate and reasonable for the two categories of drivers, namely, the drivers of cars and drivers of lorries employed under the present Company. I do not, of course, like to istroduce efficiency bar for each of these two categories on the 10th year as fixed by the First Omnibus Engineering Award because the efficiency of a driver with a driving license does not so much increase with the lapse of years. So I fix the following incremental scale for the two categories of drivers employed under the present Company:—

(1) Drivers of cars—Rs. 60—1—90.

(2) Lorry drivers—Rs. 65—1—95.

The drivers of each of these two categories who are getting less than the starting pay for above two categories shall be pulled up so that they may get the starting pay of the category concerned and those who are getting more than the starting pay should be fitted in on the next incremental scale by giving an increment of Re. 1 as the case may be.

As regards the D.A., I accept the rate of D.A. as given by the Company to the drivers whose pay ranges between Rs. 56 and Rs. 100 per month as reasonable and adequate for each of the two categories of drivers mentioned above. The result, therefore, is that each of the two categories of drivers mentioned above will get in addition to their pay as fixed by this Tribunal, the D.A. at the rate of Rs. 42 per month.

The Company is directed to give effect to these scales of pay fixed for car drivers and lorry drivers immediately on the expiry of 30 days from the date of publication of the award, i.e., on the date on which the award becomes enforceable under section 17A(1) of the Industrial Disputes Act.

Issue No. 2: This issue relates to the dismissal of Shri Baldev Singh, one of the workmen of the Company. According to the case of the Union as set forth in its written statement and as disclosed in the evidence of Baldev Singh (P.W. 1), this workman Baldev Singh was discharged by the Company with effect from 23rd April 1957 without any notice and enquiry in pursuance of the unfair labour practice of the Company. On behalf of the Company D.W. 1, Shri Ajit Kumar Chakravarty, the Accountant, has been examined. He has proved certain documents. His evidence is that Shri Baldev Singh worked up to 22nd April 1957 and that he was dismissed from service with effect from 23rd April 1957 and that he did not turn up to take his pay for the month of April up to 22nd April 1957. The Company has also proved the letter, dated 8th July 1957, addressed to the Labour Officer, West Bengal, to show that Shri Baldev Singh was a temporary hand and was working as a cooly from 13th June 1956 on a remuneration of Rs. 43 per month (pay and D.A. combined), that before 26th April 1957 he was given thrice warning for his misconduct and negligence and that he became so much disobedient that he wilfully damaged tea chests on 26th April 1957 and on being asked about the reason he used filthy languages to one of the partners. D.W. 1 Shri Ajit Kumar Chakravarty admits in his evidence that he has no knowledge beyond the documents here produced and his own evidence is that Shri Baldev Singh was dismissed from service with effect from 23rd April 1957. On the other hand, the evidence of Shri Baldev Singh is that he worked under the Company as a Khalashi for 8 years and that he was dismissed from service by the company more than 2 years back and that he never disobeyed any worker nor he did anything wrong with tea chests nor he was given any warning by the Company on 26th April 1957. So from the evidence on record it is clear that the Company before dismissing Shri Baldev Singh did not issue any notice to him asking him to show cause nor was any charge-sheet given to him. No enquiry was held against Shri Baldev Singh before he was dismissed and he was not given any opportunity to defend himself. It, therefore, palpably indicates that Shri Baldev Singh, one of the workmen of the company, who was admittedly working under the Company with effect from 13th June 1956 on a consolidated pay of Rs. 43 per month was condemned unheard. No evidence has been produced by the Company to show that there was any prima facie case for misconduct or negligence on the part of this workman to warrant a dismissal. As it has been laid down by the Hon'ble Supreme Court in the case of Indian Iron & Steel Co., Ltd. and their workmen reported in 1958 L.L.J. Vol. I, page 260, the Management of a concern has undoubtedly power to direct its own internal administration and discipline. But when a dispute arises the Industrial Tribunals have been given the power to see whether the termination of service of a workmen is justified and to give appropriate relief. In cases of dismissal for misconduct the Tribunal has jurisdiction to interfere in the internal administration of the Management when there is want of good faith or there is victimization or unfair labour practice or when the Management is guilty of violation of principles of natural justice. In the present case the evidence on record shows that there is want of good faith on the part of the Company and that the Company was actuated by a motive for victimisation of this workman when it discharged the workman Shri Baldev Singh without any proper charge-sheet and without a prima facie case for misconduct or negligence. Furthermore the Company has been guilty of violation of the principles of natural justice inasmuch as the Company does not appear to have given any opportunity to the workman of defending himself and he was condemned unheard. In these circumstances the action of the Company in dismissing Shri Baldev Singh cannot be upheld and I hold that the dismissal of Shri Baldev Singh by the Company is not justified. The dismissed workman Shri Baldev Singh is, therefore, entitled to the normal relief by way of reinstatement to his service on his old terms and conditions of service. The Company is, therefore, directed to reinstate Shri Baldev Singh to his old post on old terms and conditions of service immediately on the date on which the award becomes enforceable under the law.

Textile Machinery Corporation Ltd., Belghuria, 24-Parganas, and their workmen represented by Texmaco Workers' Union, 49 Nimta Road, Belghuria, 24-Parganas, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether the Company was justified in not allowing Shri Jhunkum Singh to resume his duties? To what relief and/or compensation is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified action of the Management in not allowing Shri Jhunkum Singh to resume his duties who was previously employed in Messrs. Textile Machinery Corporation Ltd., Belghuria, 24-Parganas, hereinafter referred to as the Company for the sake of brevity.

Decision

In addition to the point referred to this Court for determination, the learned representative for the Company has raised another contention, namely, that the reference is incompetent, because the workman concerned was neither discharged nor dismissed by the Company. During his argument the learned representative referred to the definition of terms "workman" and "industrial dispute" as given in sections 2(s) and 2(k) of the Industrial Disputes Act. He has laid special stress on the words "dismissed, discharge or retrenched" in the definition of the term "workman" and on the words "employment or non-employment or the terms of employment, etc." in the definition of the term "industrial dispute". His contention is that this workman was neither dismissed nor discharged nor retrenched, and so he is not a "workman", and that being so, it is not an industrial dispute, because it requires a workman to be a party to such dispute. This contention of the learned representative of the Company is unsound. The fact remains that this workman, who was a durwan is not in the employment of this Company, though formally he was neither dismissed nor discharged as a result of a domestic enquiry admittedly held, but subsequently given a go by, as conciliation proceedings intervened with some definite results. Admittedly, there was theft of some properties of the Company and there was a criminal case against this durwan and another who subsequently died, and the Police ultimately gave a final report, and the durwan was discharged by the Criminal Court. After that, this durwan was not allowed to resume his work. So, the durwan was not employed, and this is a matter certainly connected with his non-employment. As such, this is an industrial dispute, and the reference is competent and the Court is certainly entitled to adjudicate upon it.

Next, I come to the point referred to this Court for determination. It is common ground that there was a charge-sheet (Ext. A) to which this workman gave a reply and made a statement as well at the enquiry (Ext. B), but the enquiry was not concluded as conciliation proceedings intervened. It is also common ground that it was settled at the conciliation proceedings that this workman would tender resignation and he would be given an alternative job. After that, the Company offered him a job at the Bharatpore, but not at the factory where he was previously employed. That the Company offered him a job at Bharatpore is not disputed, but the Union contends that it was the understanding at the conciliation proceedings that this man would be offered alternative job at the same factory at Belghuria where he was previously employed. It is contended for the Company that the place of his alternative appointment is nowhere specified, and that it was open to the Company to offer him an alternative job at any place convenient to it. The Union, on the other hand, contends that it was the common understanding of the parties and the spirit of the settlement effected at the conciliation proceedings that the venue of his alternative appointment would be the same as before and would not be altered, and that if it was in the mind of the Company to give him the alternative job at a place other than this factory, the Company should have given it out in express terms, and in that case the workman would have considered thrice before accepting the terms of settlement and tendering his resignation as he did. I am convinced, having regard to the entire evidence on record—both oral and documentary—that it was the consensus of the parties at the conciliation proceedings that the venue of the alternative appointment would continue to be the same, i.e., at the factory of the Company at Belghuria. The Company cannot be justified in offering him the alternative appointment at another Company which is different from the one concerned in this case. It was indeed far from the intention of the parties at the conciliation proceedings to provide the workman with the alternative job at a Company different from the one concerned in this case and farther from the mind of the workman to accept it if he were made known at that conference that he would be obliged to accept a job elsewhere than his previous place of employment. I may also observe that a third Company cannot conceivably be a party to this arrangement between the employer and the employee. The agreement of the third party Company was not obtained at the tripartite conference, nor can that Company be in the mind of the parties to the agreement. I would, therefore, hold the contention of the Union to be correct that it was agreed to at the conciliation proceedings that the Company would offer him an alternative job other than the job of a durwan at this Texmaco Factory and not anywhere else. The Company was not justified in not providing him with an alternative job at the same factory, and unjustifiably kept this durwan hanging in suspense without any wages.

At this stage, I would point out that the issue is not happily worded in terms it is couched. The issue, in the back ground of this case, should have better been framed as "Whether the Company was justified in not providing the durwan with an alternative job as agreed to amicably at the conciliation proceedings".

In the light of the observations made above, the Company is directed to provide him with an alternative job at the same factory. Regarding any other relief, in my opinion, 4 months' wages at the rate per month last drawn by him before the theft, would be his adequate compensation for the period of his forced unemployment. The Company is, therefore, directed to provide him with an alternative job other than a durwan and give him his 4 months' wages as compensation for the period of his forced unemployment within a month of the publication of this award.

This is my award.

Messrs. James Warren & Co., Ltd., 31 Chowringhee Road, Calcutta, Opposite Party.

This is an application under section 33A of the Industrial Disputes Act. The original reference out of which this application has arisen was awarded on 24th April 1959. The complaint of the workmen is that the Opposite Party, Messrs. James Warren & Co., Ltd., contravened the provisions of section 33(1)(a) of the Industrial Disputes Act by asking them to work in rotation on daily rates violating the agreement by which they were to work on monthly rates. The Company contends that there was no violation of provisions of section 33 of the Industrial Disputes Act and, as such, the present complaint is not maintainable. It further says that the applicants were all temporary workmen and there was no change in the conditions of their services.

The case came up for hearing on 15th July 1959. Heard both sides. The applicants filed a petition praying for withdrawal of the present case stating that they would bring a proper reference under the provisions of the Industrial Disputes Act. The prayer is allowed, and the present case is awarded in terms of the petition which will form Annexure A to the award.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. D. K. Poddar, 20/B Rammohan Shaha Lane, Calcutta, and their workmen represented by Motor Transport Workers' Union, 249 Bowbazar Street, Calcutta-12. (Case No. VIII-C-225/58.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge, First Labour Court.*

The Government of West Bengal, in the Department of Labour, by order No. 4024-I.R./IR/4L-43/58 dated 22nd September 1958 referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. D. K. Poddar, 20/B Rammohan Shaha Lane, Calcutta, and their workmen represented by Motor Transport Workers' Union, 249 Bowbazar Street, Calcutta-12, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether the dismissal of Shri Ram Subhak Kurmi is justified? To what relief is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Shri Ram Subhak Kurmi, previously employed in the transport business of Messrs. D. K. Poddar, 2/B Rammohan Shaha Lane, Calcutta, hereinafter described as the Company for the sake of brevity.

The Union's case in its written statement is that this workman, who was employed as a driver had to work for unlimited hours on a wage much below the rate fixed for drivers in the Minimum Wages Act. In January 1958, the workman's wages for 3 months were due, and accordingly the workman requested the Company to clear up his dues, but the Company instead of clearing up his arrear wages threatened him with teaching a good lesson. On 20th January 1958 the workman was verbally dismissed when he reported himself for duty without any charge-sheet, notice, enquiry whatsoever. The Union, therefore, stigmatises his dismissal as wholly illegal and unjustified, and seeks his reinstatement with back wages.

The Company, on the other hand, contends that this driver stole and removed from the lorry a jack, an extra tyre and a tarpauline of an aggregate value of Rs. 370. The Company, therefore, filed a criminal case which is still sub judice. The Company thus justifies the dismissal of the workman.

DECISION

21st July 1959 was the date fixed for trial of this case, but neither party appeared in Court. Presumably, there is no dispute outstanding between the parties, and as such the instant reference calls for no adjudication. Thus a "no dispute" award is made in this case. The reference is disposed of accordingly.

Vishnu Agencies Private Ltd., 3 Chittaranjan Avenue (South), Calcutta-13, and one of their workers Shri Subimal Roy Chowdhury, represented by the Association of Employees' Unions, Commercial Buildings, Block No. 3, 2nd Floor, 23 Netaji Subhas Road, Calcutta-1, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule

Whether the dismissal of Shri Subimal Roy Chowdhury was justified? To what relief, including reinstatement, is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Shri Subimal Roy Chowdhury, previously employed in Messrs. Vishnu Agencies Private Ltd., 3 Chittaranjan Avenue (South), Calcutta-13, hereinafter referred to as the Company for the sake of brevity.

Decision

This case was fixed for hearing on 20th July 1959. The learned Advocate on behalf of the Company put in a petition praying that the preliminary point, namely, whether it is an industrial dispute or not, be taken up first. At this stage, Joint Secretary to the Association of Employees' Unions also put in a petition stating that the workman concerned is not a bona fide member of the said Association. That being so, it follows that the case is not espoused by the Association. If the workman's case is not espoused by the Association, it ceases to be an industrial dispute. The reference is, therefore, incompetent, and the Court has got no jurisdiction to entertain it.

This is my award.

PART VI.—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

The following Bill was introduced in Lok Sabha on the 9th February, 1959:—

*BILL No. 3 OF 1959.

(b) in any other case, for a period of two years from that date and, if during the period of the said two years any notice under section 34 is issued, pending the completion of the assessment, re-assessment or settlement in pursuance of such notice;

No notice issued under clause (a) of sub-section (1) of section 34 of the principal Act at any time before the commencement of this Act and no assessment, re-assessment or settlement made or other proceeding taken in consequence of such notice shall be called in question in any court, tribunal or other authority merely on the ground that at the time the notice was issued or at the time the assessment or re-assessment was made, the time within which such notice should have been issued or the assessment or re-assessment should have been made under that section as in force before its amendment by clause (a) of section 18 of the Finance Act, 1956, had expired. 18 of 1956.

Repeal and saving.

5. (1) The Indian Income-tax (Amendment) Ordinance, 1959, is hereby repealed. 1 of 1959.

(2) Notwithstanding such repeal, anything done or any action taken (including any notice issued) in the exercise of any powers conferred by or under the said Ordinance shall be deemed to have been done or taken in the exercise of the powers conferred by or under this Act as if this Act were in force on the day on which such thing was done or action was taken.

STATEMENT OF OBJECTS AND REASONS

The objects of the Bill are two-fold:—

(i) to make it clear that section 34, as amended by section 18 of the Finance Act, 1956, applies to all escaped incomes relating to any year commencing from the year ending on 31st March, 1941;

(ii) to enable the Government to set off the amounts already paid by assessees in pursuance of settlements against taxes found due in pursuance of proceedings to be completed hereafter.

2. Section 34(1) (a) of the Income-tax Act as it stood prior to its amendment by section 18 of the Finance Act, 1956 (18 of 1956), permitted assessment or re-assessment as contemplated in clause (a) of sub-section (1) of section 34 within a period of eight years from the assessment year to which such assessment or re-assessment related. This time limit was removed by an amendment in 1956 which empowered the Income-tax Department to re-open assessments in cases of escapement amounting to rupees one lakh or more for any back year without limitation of time, subject only to the condition that the assessment re-opened did not relate to any year prior to the year ending on 31st March, 1941. However, it has recently been held by the Calcutta High Court that in the absence of an express provision to that effect, the amended section cannot be applied to assessments which had become more than eight years old by 1st April, 1956. The present Bill seeks to place this matter beyond doubt by an amendment to section 34 of the Act.

3. The Supreme Court has, by a judgment delivered recently, held that the proceedings completed under the Taxation on Income (Investigation Commission) Act, 1947, on or after the 26th January, 1950, resulting in settlements under section 8A of the said Act offend article 14 of the Constitution. It is now proposed to re-open these cases under the ordinary law Pending completion of the fresh proceedings, the Bill provides that no claim for refunds shall be entertained or allowed and that the amounts already paid shall be available for being set off against any sums which may be found due as a result of the fresh proceedings. Any right which the assessee may have in regard to the sums so paid is, however, sought to be protected by sub-clause (3) of clause 3 of the Bill.

4. An Ordinance (No. 1 of 1959) was promulgated by the President on the 17th January, 1959, amending the Income-tax Act on the above lines. This Bill replaces that Ordinance.

MORARJI DESAI,

NEW DELHI;
The 30th January, 1959.

FINANCIAL MEMORANDUM

As explained in the Statement of Objects and Reasons, if this Bill is passed into law, the Income Tax Department will have to take action under section 34 of the Income-tax Act to re-assess the incomes in all the cases of settlement affected by the recent Supreme Court's judgment. There is already a special organisation called the Directorate of Special Investigation to which the disposal of Commission cases invalidated by the previous judgments of the Supreme Court has been entrusted. For taking over the fresh cases to be re-assessed now, it will be necessary to add to the existing staff of the Directorate. The additional expenditure on the extra staff is estimated at Rs. 4.81 lakhs.

I.—VOLUME OF WORK

Number of cases to be assessed is 516 involving 7,224 assessments for both Income-tax and Excess Profits Tax.

LABOUR DEPARTMENT

ORDERS

No. 3740-I.R./IR/10L-4(C)-Pt./57. — 4th August 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 5441-I.R./D/10L-116/56, dated the 20th December 1956, as amended, the industrial disputes in the Engineering Industry in West Bengal between the Engineering Firms referred to in the said order, as amended, and their workmen represented by the unions and federations mentioned in the said order, as amended, were referred to the Fifth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal, Shri Nathuni Mia, a workman of Messrs. Bengal Ingot Co. Private Ltd., 5 Hide Road, Kidderpore, Calcutta-23, filed a complaint in writing to the said Industrial Tribunal alleging that the said Company had violated the provisions of section 33 of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal had adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, since amended, filed by one Nathuni Mia of 23/244 Bagdi Bagan Road, Calcutta-18, an employee of Messrs. Bengal Ingot Company Private Limited, 5 Hide Road, Kidderpore, Calcutta-23, against the aforesaid Company. (Case No. 9 of 1959, under section 33A.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. KUMAR, Judge, Fifth Industrial Tribunal.

Present for the Company: Shri J. N. Chatterji, Assistant Labour Adviser, Indian Engineering Association.

Present for the workman: Shri Nihar Mukherjee, an officer of the Union.

By order No. 5441-I.R./D-10L-116/56, dated 20th December 1956, the Government of West Bengal referred a dispute between the workers of several companies on the one side, and the Companies themselves on the other, to the Fifth Industrial Tribunal among which the present Company, Messrs. Bengal Ingot Company Private Ltd. was one.

The present application under section 33A of the Industrial Disputes Act, has been filed by one of their erstwhile worker, namely, Shri Nathuni Mia who was dismissed on 11th September 1958 (during the pendency of the aforesaid main reference before the Tribunal). On 5th October 1958 the Company filed an application under section 33(2) of the Industrial Disputes Act for approval of its action. Thereafter, the Tribunal passed its award in the aforesaid major reference on 13th October 1958 which was published according to law on 5th November 1958. As a result, the application of the Company under section 33(2) of the Act regarding Nathuni's dismissal, which had not been disposed of in the meantime, was struck off on 6th December 1958 in view of the provisions of sub-section 3 of section 20 of the Industrial Disputes Act.

Nathuni has filed the instant application on 17th January 1959. The allegations in his application are vague and indefinite. His contention is that Government issued the aforesaid reference No. 5441-I.R./D/10L-116/56, dated 20th December 1956, before the Omnibus Tribunal which became functus officio, etc. (vide paragraph 2 of the worker's application). This is meaningless. In fact, he means by "Omnibus Tribunal" this Tribunal to which the aforesaid dispute was referred under Government order No. 5441-I.R./D/10L-116/56, dated 20th December 1956. It really became functus officio after the publication of the award on 5th November 1958. Necessarily, the application of the worker under section 33 of the Act having been filed on 17th January 1959 is not maintainable.

At the time of argument, the representative of the wroker has made a reference to Government order No. 3596, dated 18th September 1958, whereby a fresh dispute between Messrs. Bengal Ingot Company Private Ltd. and their workmen was referred to this Tribunal for decision, and contended that in view of the pendency of this reference, dated 18th September 1958, the instant application of Nathuni is maintainable. This contention cannot be accepted because this reference was made on 18th September 1958 while he had been discharged by the Company on 11th September 1958. So the pendency of the reference, dated 18th September 1958, does not entitle Nathuni to file an application under section 33A of the Act, nor does it require the Company to file a fresh application under section 33(2) of the Act before the Tribunal for the discharge of Nathuni which has taken place on 11th September 1958, i.e., during the pendency of the proceeding of the major reference under Government order No. 5441-I.R./D/10L-116, dated 20th December 1956.

In the result, the application of Nathuni Mia under section 33A of the Act is dismissed as not maintainable. This is the award of the Tribunal.

Uluberia, Howrah, and one of their workmen Shri Pundeo Singh represented by National Union of Jute Workers, 9 Naskarpara Road, Ghusury, Howrah, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

ANNEXURE

In the matter of an industrial dispute between Messrs. Gagalbhai Jute Mills (P) Ltd., P. O. Uluberia, Howrah, and one of their workmen Shri Pundeo Singh represented by National Union of Jute Workers, 9 Naskarpara Road, Chusury, Howrah. (Case No. VIII-C—6 58.)

Appearances:

For the Union: Shri Jagannath Pandey, President of the Union with Shri Chandreswar Prasad Singh, Secretary to the Union.

For the Company: Shri B. Roy, Labour Officer of the company.

The Government of West Bengal, in the Department of Labour, by order No. 5-I.R./IR/7L-48/57, dated 2nd January 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Gagalbhai Jute Mills (P) Ltd., P. O. Uluberia, Howrah, and one of their workmen Shri Pundeo Singh represented by National Union of Jute Workers, 9 Naskarpara Road, Ghusry, Howrah, regarding matters specified in the second schedule of the Act, to this Court for adjudication;

Schedule

Is the dismissal of Shri Pundeo Singh justified? To what relief is he entitled?

AWARD

This is a reference arising out of alleged illegal and unjustified dismissal of Shri Pundeo Singh, previously employed as a durwan in Messrs. Gagalbhai Jute Mills (P) Ltd., P. O. Uluberia, Howrah, hereinafter described as the Company for the sake of brevity.

Decision

The only point for decision in this case is whether Shri Pundeo Singh, the workman concerned, employed as a durwan in the Watch & Ward Department of the Company was found sleeping on 20th December 1954 at about 11-45 p.m. and then again between 12-30 a.m. and 12-45 a.m. following (i.e., on 21st December 1954) while Shri Patankar, Security Officer of the Company accompanied by another durwan Shri Sitaram, went on a round of duty. There was a charge-sheet (Ext. A), dated 21st December 1954, and the workman's reply is that while he was on duty, Shri Patankar with the durwan Sitaram met him at 11-45 p.m. on 20th December 1954, but the allegation of sleeping is extremely false. It is denied that Shri Patankar and Shri Sitaram paid the second visit as alleged. This was followed by an enquiry (vide proceedings of enquiry, Ext. B) wherein both Shri Patankar and Shri Sitaram were examined as also Shri Pundeo Singh. The statement of Pundeo is that when Sitaram went there, he got up and a torch light fell on his face. He shouted "what is this?". Sitaram said it was Babu (Shri Patankar). When Babu questioned him why he was behaving that way causing blame on the whole Watch & Ward of the Mill, he (Pundeo) said that why he should cause disgrace while he was on duty, and he could see the wagon which was opposite the Railway gate from inside the goomty and that he was sitting facing towards the east. Thus Pundeo wanted to convince the Enquiring Officer by his statement that he was fully alive to the situation and that he was very vigilant and that he was not sleeping. The cumulative effect of the evidence of Shri Patankar and that of Shri Sitaram whom I have no reasons to disbelieve is that there is no room for doubting that Pundeo was sleeping, and he had to be roused up by Sitaram, who struck the ground with a stick causing heavy noise. From the evidence of Sitaram it appears that Pundeo covered up his face with a blanket, but his explanation was that he covered his face due to mosquitoes. The learned representative on behalf of the Union advanced very lengthy arguments to convince the Court that there was no proper enquiry at all and that Shri Patankar bore a grudge against Pundeo and that is why Shri Patankar made a false accusation against this workman in his anxiety to see him thrown out of employment. Pundeo in his deposition stated further that Shri Patankar was in the habit of taking bribes and dasturi from him and other durwans. But Pundeo did not make any such allegtaion or accusation while the domestic enquiry was being conducted. In short, there is nothing besides the oral evidence of Pundeo to substantiate that Shri Patankar was heavily involved in debts and that a portion of his salary was being set apart by Company's Engineer Mr. K. T. Saklete, for liquidating the debts of Shri Patankar. The learned representative on behalf of the Union also tried his level best to impeach the instant domestic enquiry held on 22nd December 1954 by pointing out minor flaws here and there, but these are insignificant and do not take a jot or title from the truth of the Company's case that this durwan was found sleeping at that night of 20th December 1954 at the material time. It may also be stated that the Company charge-sheeted two other durwans, viz., Hum Bahadur and Paramananda on the same ground and dismissed them after proper enquiry. The Hon'ble Supreme Court in the case of G. McKenzie & Co., Ltd., and its workmen and others reported in 1959 L.L.J. Vol. I, page 285 has laid down the principles which govern the power of an Industrial Tribunal or Court to interfere with the decision of the employer following a domestic enquiry in the following words:

> "The principles which govern the power of an industrial tribunal to interfere with the decision of the employer following an enquiry made by him have been laid down by the Supreme Court in 1958 I L.L.J. 260 in the following words:—
>
> 'Undoubtedly, the management of a concern has power to direct its own internal administration and discipline; but the the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In case of dismissal on misconduct, the tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the management. It will interfere—
>
> (i) when there is want of good faith,
>
> (ii) when there is victimisation or unfair labour practice,
>
> (iii) when the management has been guilty of a basic error or violation of a principle of natural justice, and
>
> (iv) when on the materials the finding is completely baseless or perverse'."

It is for the management to determine what constitutes major misconduct within its standing orders sufficient to merit dismissal of a workman but in determining such misconduct it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the abovementioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the industrial tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits.

In the instant case, I find no vitiating elements such as mala fides, unfair labour practice or perverse finding or basic error of facts so as to enable this Court to interfere with the decision reached at the domestic enquiry. The decision of the domestic enquiry is, therefore, left undisturbed, and this Court will not be justified in interfering with it.

Let apart the domestic enquiry, the Court itself examined Pundeo, Sitaram, Shri Patankar, Harish Chandra Sannyal and Dep Nandan Singh and has carefully considered their oral evidence coupled with the documentary evidence on record and held an independent enquiry into the charge, and finds no justification for disturbing the decision reached at the domestic enquiry. In short, it is found that the charge against the workman was duly proved at the domestic enquiry as well as before the Court. The Court finds that it was a gross dereliction of duty on the part of the workman-durwan to sleep at his duty post during duty hours. That there was a theft in respect of copper cables at Manager's bungalow inside the Mill area on 19th December 1954 and a grave warning was communicated on 20th December 1954 to all durwans to be very careful and vigilant and that two loaded wagons—one full of coal and another of jute were coming to the Railway siding, only aggravate the seriousness of the offence of the workman and justify the order of dismissal passed in this case. It may also be stated that the workman's elder brother Shri Lakshman Singh is also in Company's service. It is found that the Company had no mala fides in hauling up the workmen, nor is any victimisation proved.

Next, the Company raised the contention that it was not an industrial dispute. This workman's case is represented by National Union of Jute Workers of which the workman is a member. This Union passed a resolution (copy Ext. I) to espouse the workman's cause. The Bengal Chatkal Mazdoor Union of which employees of the Company are members also espoused this workman's cause. This Union of which the workman is a member first took up the cause of this workman. There is another Union in the Company under the name and style of Gagalbhai Employees' Union which also supported the cause of this workman. The Secretary to the Gagalbhai Employees' Union wrote the letter (Ext. 2) to the Secretary to the National Union of Jute Workers. Seventy per cent. of the employees of the Company are members of these three Unions combined, and the rest 30 per cent. are not members of any Union, and the 70 per cent. of the employees of the Company who are members of these three Unions have espoused the cause of the aggrieved workman. Thus I hold that this is an industrial dispute, and the Company's contention is negatived.

To sum up, the dismissal of Shri Pundeo Singh is found justified and he is not entitled to any relief.

This is my award.

ORDERS

No. 4066-I.R./IR/7L-28/59.—20th August 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 3775-I.R./IR/7L-16/57, dated the 27th September 1957, read with its corrigendum No. 719-I.R./IR/7L-16/59, dated the 26th February 1958, the industrial dispute between Messrs. Fort William Jute Co., Ltd., Sibpore, Howrah, and their durwans represented by the Fort William Jute Mills Employees' Union, 12 Raj Narayan Choudhury Ghat Road, Sibpore, Howrah, regarding the issue mentioned in the said order, being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the First Labour Court for adjudication;

And whereas during the pendency of proceedings before the said Labour Court Shri Dukhi Missir, a workman of the said Company, made a complaint in writing to the said Labour Court against the said Company alleging that the said Company had dismissed the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Labour Court has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33(2) of the Industrial Disputes Act, 1947, filed by Messrs. Fort William Jute Co., Ltd., against its workman Shri Dukhi Missir and a complaint under section 33A filed by the said Dukhi Missir against the Company, arising out of the main dispute referred under Government order No. 3775-I.R./IR/7L-16/57, dated 27th September 1957, (Case Nos. 33/58, under section 33 and 20/59, under section 33A.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

Present:

Shri N. C. CHATTERJEE, Judge, First Labour Court.

Appearances:

For the Workman: Shri Satyen Banerjee, Advocate.

For the Company: Shri S. Sen, Advocate of Messrs. Orr Dignam & Co., Solicitors.

These are two applications—one under section 33(2) of the Industrial Disputes Act filed by Messrs. Fort William Jute Co., Ltd., against one Shri Dukhi Missir, durwan, seeking Court's approval of the workman's dismissal from service on the ground of overstayal of leave without Company's permission or intimation, and the other under section 33A by the durwan Dukhi Missir against the Company complaining of contravention of the provisions of section 33 of the Industrial Disputes Act by the Company in dismissing the workman.

At the desire of the parties both the applications are tried together, and the evidence is the same in these two cases.

In the application under section 33(2) by the Company, the point for determination is whether prima facie case for meting out of the punishment of dismissal has been made out by the Company, and the Company is not actuated by any mala fides or unfair labour practice or victimisation. The Company's case under section 33(2) of the Industrial Disputes Act is taken up first.

DECISION

Shri P. N. Chakrabarty, Labour Officer of the Company (P.W. 1), gave his deposition in this case. His evidence is that the workman Shri Dukhi Missir proceeded home on leave for 8 days from 5th May 1958 till 12th May 1958 (vide his leave application Ext. 1 and the order of the Company granting him leave, Ext. 1A). This workman was due to rejoin his duties on 13th May 1958, but he did not. The Company got a letter, dated 12th May 1958, from the workman on 14th May 1958 for extension of leave by 30 days on ground of illness (Ext. 1B). To this application, there was attached a medical certificate (Ext. 2). The Company, however, in its discretion did not grant this leave, but wrote him a letter on 17th May 1958 (Ext. 3) asking for a medical certificate from the Civil Surgeon of his district and stool examination report by 27th May 1958 failing which the Company informed him that disciplinary proceedings will be taken according to the provisions of the standing orders. To this letter of the Company, there was no reply from the workman, nor was any medical certificate submitted. So, the Company sent him a letter, dated 28th May 1958 (Ext. 5 and Annexure B to the Company's written statement), terminating his services with effect from 13th May 1958 according to section 14(c)(v) of the standing orders (Ext. 11). On 12th June 1958 the workman reported himself for duty when he was confronted with the acknowledgment receipt (Ext. 4A) which shows that the workman received on 5th June 1958 the Company's letter terminating his services. The Company, therefore, issued a charge-sheet (Ext. 6), and on 13th June 1958 the workman replied to the charge-sheet asking the Company to let him know whether the termination order is withdrawn or not. The Company on the basis of Labour Officer's comments (Ext. 7A) decided that it was a case of malingering, and found that the durwan's dismissal was justified. Ext. 8 shows that on 18th June 1958 the workman was accordingly paid Rs. 228-17nP. including one month's wages, 20 days' wages for leave due to him and back wages and Ext. 9 shows that his provident fund money of Rs. 752 and odd was also paid to him on 19th June 1958. In the circumstances, the Company seeks Court's approval of its action in dismissing the workman. On a careful consideration of the evidence on record, I find that a prima facie case is made out for imposing the punishment of dismissal. So far as the punishment is concerned, the Court has no power to substitute another punishment for the one which was sought to be meted out by the Company, provided that the enquiry was held fairly, and no principles of natural justice were violated, and the Company bona fide came to the conclusion that the dismissal was the only punishment which could be meted out to the workman. This is the principle laid down in the Hon'ble Supreme Court case of Caltex (India) Ltd., and Eugene Fernandeo and another reported in 1957 L.L.J., Vol. I, page 1. Thus bearing the above principle in mind, I find—having due regard to the evidence on record—that the Company has made out a prima facie case for passing the order of dismissal in this case. The workman's acceptance of his full dues including provident fund money in final settlement thereof is fully consistent with the fact that he washed his hands clean off his service and accepted the order of termination of his service. According to the Company's standing orders [paragraph 14(c)(v)] the Company was fully justified in terminating his services, having regard to the past record of the durwan as well who went on leave for 78 days in 1957 and that 48 days without pay. It cannot be expected that the Company would wait indefinitely for its absent workman to turn up as and when he pleases. The leave granted to him expired in due course and it was his bounden duty to report himself for work on the expiry of his leave. He was asked to produce a medical certificate from a Civil Surgeon which he did not. It must be construed as a just gesture of the Company which was willing to bear the entire expenses for the workman necessarily to be incurred by him in order to secure the Civil Surgeon's certificate. It has been contended before me on behalf of the workman that it was very difficult to secure the medical certificate after covering a distance of 36 miles from his native home to the District Headquarters of Jaunpore. But this is no valid excuse since the Company was agreeable to bear the entire expenses to be incurred in that connection. It is in the discretion of the Company whether leave should be granted or not, and the Court cannot interfere with the Company's discretion in the matter and it would be unjust to hold that the Company must always grant leave when an application for leave or its extension is made (Indian Iron & Steel Company Ltd. and another and their workmen reported in 1958 L.L.J., Vol. I, page 260). But the Court is entitled to interfere only (i) when there is want of good faith, (ii) when there is victimisation or unfair labour practice, (iii) when the management has been guilty of basic error or violation of the principles of natural justice and (iv) when the finding is completely baseless or perverse. But in the instant case I find nothing which goes to vitiate the Company's action. There is no proof of active trade unionism on the part of the workman which might infuriate the Company so as to proceed to victimise the workman. In the circumstances, the permission sought is granted.

Next, I take up the application under section 33A. The grievance of the workman is that the

Company out of ulterior motive illegally and unjustifiably in violation of the provisions of section 33 of the Industrial Disputes Act dismissed him with effect from 13th May 1958. His application in fact embodies the same grounds as were taken by him in his reply to the Company's application under section 33. The grounds urged by the workman in this case have been fully discussed in my treatment of the Company's application under section 33, and the same grounds have been negatived by the Company with cogent evidence. There is no substance in the allegation contained in the workman's application under section 33A, and he says that he did not file any application under section 33A though he admits his signature on the application. Thus there has been no violation of the provisions of section 33 as alleged by the workman in his application. In that view of the matter, the durwan's application under section 33A is rejected.

To sum up, the application under section 33(2) of the Industrial Disputes Act is allowed, and approval is accorded to Company's action in dismissing the workman as sought in this case.

So far as the application under section 33A is concerned, it is rejected as no contravention of the provisions of section 33 has been made out.

This is a composite award under section 33A and an order under section 33 of the Industrial Disputes Act governing both the cases.

Whether the termination of services of (1) Shri Jamini Mohan Kar, Assistant Editor, Daily *Basumati*, (2) Shri Mani Mohan Basu, Sub-Editor, Daily *Basumati*, and (3) Shri Brojen Ray, Proof-Reader, Daily *Basumati*, was justified? To what relief are they entitled?

DECISION

After the case became ripe for hearing, the Company and the Indian Journlists' Association put in a petition of compromise settling the dispute amicably. ANNEXURE

In the matter of an industrial dispute between Messrs. Victoria Glass Works (P) Ltd., Ghusury, Howrah, and their workmen represented by the National Union of Glass Workers, 71 Jai Bibi Road, Ghusury, Howrah. (Case No. VIII-66/59.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri M. C. BANERJI, District Judge (Retd.), Judge, First Industrial Tribunal.

Government of West Bengal, Department of Labour, by order No. 1328-I.R./IR/11L-63/58, dated 1st April 1959, referred under sections 7A and 10 of the Industrial Disputes Act, the industrial dispute between Messrs. Victoria Glass Works (P) Ltd., Ghusury, Howrah, and their workmen represented by the National Union of Glass Workers, 71 Jai Bibi Road, Ghusury, Howrah, relating to the following issue to this Tribunal for adjudication:—

Issue

Whether the workmen's complaint that the records of the company do not correctly indicate the length of their continuous service is justified? What relief, if any, are they entitled to?

AWARD

Notices were duly served on both the parties. The Union appeared and filed written statement on 4th June 1959. The Company was directed to file written statement on 19th June 1959. On 19th June 1959 the Company did not appear or file any written statement. A last chance for filing written statement was fixed on 2nd July 1959 and it was ordered that unless the Company filed written statement on 2nd July 1959 the case will be heard in the absence of the Company. On 2nd July 1959 also the Company did not appear or file any written statement and the case was heard in the absence of the Company.

Shri J. Pandey, President, instructed by Shri R. C. Singh, Secretary, appeared for the Union. The issue that falls for decision is the same as that mentioned in the order of reference.

Decision

Issue No. 1: P.W.1 Shri Ram Chandra Singh, P.W.2 Shri Ramnath, P.W.3 Shri Suttar, and P.W.4 Shri Ram Bilash deposed for the Union and Ext. 1 being the list of the workers of the Company along with the respective department and periods of service was marked for the Union. Ext. 1 was filed both in Hindi and in English. The English list marked Ext. 1 will be made a part of the award for the sake of convenience. The Hindi list is marked Ext. 1(a). The Union states in its written statement that an award between the parties was published in the "Calcutta Gazette" by an order No. 4926Lab., dated 2nd September 1950, and this award directed permanency after six months of service. Other reliefs were granted by this award including introduction of graded scale of pay. The Union states that the award was not implemented and no workman was declared permanent during the last 9 years, after the award. The Union alleges that the Company did not keep its records of service of the workers in proper condition and that the workers were not deliberately declared permanent after six months of service as ordered by the Tribunal. The Union, therefore, prays that the Tribunal should direct that the service records of workers maintained by the Company should be rectified entering therein the correct periods of continuous service as claimed by the workmen. The issue in this case is also in regard to this complaint of the workmen. P.W.1 Shri Ram Chandra Singh states that the list Ext. 1 will show the periods of service of the workers and that he compiled the statement after enquiry from each workman. The witness also states that the periods of service as mentioned in Ext. 1 are continuous periods and he prays that the periods as mentioned in Ext. 1 should be declared as the lengths of continuous service of these workmen. P.W.2 Shri Ramnath, P.W.3 Shri Sattar and P.W.4 Shri Ram Bilash are three workmen who deposed that their periods of continuous service have been correctly recorded in Ext. 1. They also state that the periods of service of the workmen were recorded in a meeting of the workers and these periods were correctly recorded.

As the Company did not appear and did not adduce any evidence to disprove the claim of the Union on the periods of continuous service of the workmen as mentioned in Ext. 1, I accept that the periods of continuous service as mentioned in Ext. 1 are correct and award that the Company shall record these periods of continuous service in their papers for the workmen mentioned in Ext. 1.

I have no doubt that such a direction will meet the ends of justice and afford adequate relief to the workmen in respect of recording of their lengths of service in the Company's papers.

It is, therefore, awarded that the Company shall record the periods of service as stated in Ext. 1 as periods of continuous service of the workmen mentioned in Ext. 1 in their papers. Ext. 1 shall be made a part of this award. This issue is accordingly answered.

Dictated and corrected by me.

By order of the Governor,
S. C. MUKHERJEE, Asst. Secy.

No. 3950I.R./D/11L-342/56.—14th August 1959.—Whereas under the Government of West Bengal, Labour Department, order Nos. 379-I.R./D/11L-342/56, dated the 1st February 1958, and 2465-I.R./D/11L-342/56, dated the 14th June 1958, the industrial disputes between Messrs. Smith Stanistreet & Co., Ltd., 18 Convent Road, Calcutta, and their workmen represented by Smith Stanistreet Workers' Union, 35-B Wellington Street, Calcutta-13, regarding the issues mentioned in the said orders being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), were referred to the Fifth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri S. Jana and five other workmen of the said Company, made a complaint in writing to the said Industrial Tribunal against the said Company alleging that the said Company had discharged the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by one Shri S. Jana and five others, all of Messrs. Smith Stanistreet and Co., Ltd., against the said Company in connection with G.O. No. 379-I.R./IR/11L-342/56, dated 1st February 1958, and subsequent No. 2465-I.R./D/11L-342/56, dated 14th June 1958. (Case No. 284/1958.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. KUMAR, Judge, Fifth Industrial Tribunal.

By Government order Nos. 379-I.R./IR/11L-342/56, dated 1st February 1958, and 2465-I.R./D/11L-342/56, dated 14th June 1958, some disputes between the workmen of Messrs. Smith Stanistreet & Co., Ltd., and the Company itself, had been referred to this Tribunal for decision.

During the pendency of the references in this Tribunal, the 6 petitioners, who were workers of the Company, were discharged. They filed the instant application under section 33A of the Industrial Disputes Act for various reliefs. Thereafter, this Tribunal decided that the original references were invalid; so the petitioners now pray for withdrawal of their application under section 33A of the Act with leave to raise a fresh industrial dispute before the proper authorities.

There is no provision either in the Industrial Disputes Act itself, or in the rules framed thereunder for making such a prayer by a party or for allowing the same. However, as a matter of natural justice, the petitioners should not be debarred from raising a fresh dispute if they are entitled to do so, as the instant application is not maintainable on technical grounds.

So, the proper order that is to be made under the circumstances of the case is that the application under section 33A of the Act is rejected for non-prosecution on technical grounds.

This is the award of this Tribunal.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Imperial Chemical Industries (I.) Private Ltd., 34 Chowringhee, Calcutta, and their workmen represented by I.C.I. and Associated Companies Employees' Union, 34, Chowringhee, Calcutta-16. (Case No. VIII—54/59.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present:

Shri W. BASU MAZOOMDER, Judge, Fourth Industrial Tribunal.

For the Union: Shri Patit Pahan Pathak.

For the Company: Shri R. Goswami of Bengal Chamber of Commerce.

This industrial dispute between Messrs. Imperial Chemical Industries (I.) Private Ltd. (hereinafter referred to as the Company), 34 Chowringhee, Calcutta, and their workmen represented by I.C.I. & Associated Companies Employees' Union, 34 Chowringhee, Calcutta-16 was referred to this Tribunal, over the following issue, for adjudication by the Government of West Bengal, Labour Department, order No. 1055-I.R./IR/11L-324/58, dated the 17th March 1959.

Issues

1. Whether termination of service of (i) Mushroff Hussain, (ii) P. G. Mandal, (iii) S. K. Zakaria, (iv) B. N. Das and (v) Jhakkar Prosad is justified?

To what relief, if any, are they entitled?

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

AWARD

The Union's case is that the aforesaid five employees who were at the Tiljola Service Station of the Company were first of all charge-sheeted along with others for not attending their duties on 5th September 1958, and they in due course submitted their explanation, but subsequently they were served with notices of termination of their services while others were let off with notes of warning. Its further case is that the action of the Management against the employees is highly illegal and mala fide, and that there was no ground for terminating the services of these persons. It is said that there was sufficient work for them at Tiljola Service Station, and the Company's plea that they were temporary workmen and were surplus to requirement was absolutely frivolous. The Union thus prayed for reinstatement of all these persons with back wages.

The Company's case is that charge-sheets were given to all the aforesaid five persons along with the permanent employees and the charge-sheets were of a formal nature so far as these five persons were concerned. And all were charge-sheeted for the sake of uniformity and the results did not affect the present persons. They being temporary men were discharged because there was no work for them. Further it is said that so far as the workman, Shri B. N. Das, is concerned, he was only a probationer and his work was unsatisfactory. So he was not retained in service. The Company deny that their action was mala fide and illegal. The chart, Ext. A, shows that of the five persons mentioned above, Shri P. G. Mondal was working as a Motor Mechanic under the Company at its Tiljala Service Station and he was appointed on 6th May 1958. Mushroff Hussain was appointed as a helper at that service station on 12th May 1958. Jhakkar Prosad was appointed on 17th April 1958 for the purpose of car washing. The other man S. K. Zakaria was appointed on 6th February 1958 for the purpose of general servicing. So far as B. N. Das is concerned, he was appointed as a probationer on 6th March 1958. All of them were discharged on 11th October 1958. The position that comes out to clear is that each of them worked for a few months only. The Company put in evidence a copy of the appointment letter to show how Shri Mandal, Shri Zakaria, Shri Hussain, Shri Jhakkar Prosad were appointed. It is Ext. B. From the same it will be found that all the four persons were temporary workmen under the Company, and at first they were appointed only for a month. And after that their temporary services were extended from time to time. One of the terms of their appointment is that they would be liable to discharge without previous notice from the Company or any reason given and with payment of salary only up to and including the day on which they would be discharged, and they would have the right to leave the service without giving previous notice to the Company if they would intend to do so. It is, therefore, clear to me that so far as the four persons, viz., Shri Mandal, Shri Hussain, Shri Zakaria, Shri Prosad are concerned, they were temporary workmen of the Company, and the Company appointed them with the clear condition that they could be discharged at any time without any notice and they also had the right to give up the service of the Company without notice if they would intend to do so. In view of this condition of service I must hold that the right of the Company to terminate the services of these four persons at any time cannot be called in question. So the prayer for reinstatement is absolutely untenable. A temporary workman cannot claim reinstatement on his being discharged. So far as Shri B. N. Das is concerned, the Company's contention is that he was simply a probationer and he was discharged because his work was unsatisfactory. In this connection I would refer to Ext. C, which is a copy of the appointment letter regarding this workman. It shows that the conditions of employment were that he would be on probation and would be liable to discharge without previous notice from the Company or any reason given and with payment of salary only up to and including the day on which he was to be discharged and he would be able to leave the service of the Company without giving a notice if he would intend to do so. So he was nothing but a temporary workman. A probationer is not in the same position as others in the service as "probation" means testing of a person's capacity, conduct, character specially before he is admitted to a regular employment. It was definitely laid down in the appointment letter that if the service of this workman would be considered satisfactory after his service for not less than one year and if there was need for him, then he was to be confirmed. Here, in the present case, it is found that he only served for a few months and during this period his work was not found to be satisfactory by the Company and in spite of warning he could not show improvement in performance of his duty [vide Ext. C(1)]. Accordingly, the Company was quite justified in discharging him. This probationer did not come to say on oath that his work was quite satisfactory and the Company gave him warning wrongfully.

Of course, the Union stated that just before discharge the workmen concerned were chargesheeted. The Company said that these chargesheets were of a formal character. It was further said that for the sake of uniformity they who were temporary hands were charge-sheeted along with the permanent hands in the Tiljala Service Station for not attending to duty on 5th September 1958. It is not found that the workmen with which we are concerned in the present case were actually punished in any way by the Management upon the so called charge-sheets. The Union's argument is that the Company discharged them out of bad feeling. This is strongly denied by the Company whose definite case is that these persons were taken in service temporarily as some work accumulated at Tiljala Service Station and when that accumulation of work was finished up, there was no work left for them, and they became surplus to requirement and, as such, they were discharged. According to the Union there was sufficient work for these men at the time when they were discharged and the Company got those work done in outside the garrage. From the evidence it is clear that the Company opened the Service Station at Tiljala for servicing its car numbering 36 in the year 1957, and seven permanent hands were working there. P.W. 1, Shri Sundaraman, said in his evidence that some work accumulated at the Station and, as such, the Company decided to take some temporary hands to do the work, and on 11th October 1958 these temporary persons were discharged. His clear statement is that there was no work for the five temporary workers. The Company found it uneconomic to retain them. He also said that the maintenance of the Service Station at Tiljala was also found to be costly and ultimately from June 1959 the said Service Station has been closed and since then the service of the motor vehicles is being done in outside garage in lesser expenses. I am also told that the seven permanent hands of this Station had been retrenched. Of course, I am not required to adjudicate upon the question whether the closure of the Service Station at Tiljala by the Company was justified or not. It is stated that a dispute has arisen regarding the closure of the Tiljala Service Station and it is now under consideration before the Conciliation Officer. The question for the present case is whether really there was a paucity of work for the five persons with which we are concerned at present. The very fact that these five persons were appointed on a purely temporary basis and it would go to indicate the truth of the Company's version that some work got accumulated at the Tiljala Service Station, and some additional hands were required to cope with the same. In the cross-examination O.P.W. 1 stated that the cars of the officers of the Company could also be serviced at the Tiljala Service Station on payment of charges. This will not make out that there was sufficient work for all the employees including the temporary hands in question. P.W. 1, Shri Chatterjee, who was the Secretary of the Union at the relevant time said in his evidence that the workers reported to him that the work of Tiljala Service Station was increased. Hardly any value can be given to such a kind of hear-say statement. This witness works in the Company's Head Office. So he is not competent to say about the work at Tiljala Service Station. In cross-examination he admitted that he used to go to the said Station very often after office hours and sometime during the tiffin time. He admitted that he used to go to Tiljala Service Station twice a month. I do not think that his evidence that the work at the Tiljala Service Station had increased, cannot be taken into consideration at all. He went to the length of saying that the sanctioned strength for the said Station was 26. This is not at all believable as the Company's Officer, O.P.W. 1, said that the sanctioned strength at Tiljala Service Station was only seven. The Company has got only 36 cars and to make them serviceable, seven persons as appointed by the Company were more than sufficient. The evidence of P.W. 2 Shri Mondal, that they had sufficient work prior to 11th August 1958 cannot be accepted as correct. It is well-known that some cars require overhauling and thorough repairing, and to speed up the work relating to the same some additional hands became necessary. The Company's contention is that at the time when the temporary hands in question were taken, such work cropped up and it was why one Mechanic (Shri P. G. Mandal), one Helper (Shri M. Hussain), one Cleaner (Shri J. Prosad) and one for General Servicing (Shri S. K. Zakaria) were taken in. The other man (Shri B. N. Das) was taken as a probationer. The Union's contention that these persons were permanently taken, does not appear to be correct. It was said that the Company was in the habit of issuing appointment letter like Ext. B in all cases of its employees, permanent or temporary. I am unable to think so as in the present case it is seen that the four persons, viz., Shri Mandal, Shri Hussain, Shri Zakaria and Shri Prosad were specifically appointed for a month at the very out set with the clear stipulation that their services would terminate on the expiry of that month. So, there is no scope for thinking that these persons were personnel other than temporary employees. None of them came to say that they were given any assurance to the effect that they would be retained in service permanently. Having regard to their nature of employment and also considering the facts and circumstances and the evidence of O.P.W. 1. I find that these persons were temporarily appointed for executing some arrears work and they were afterwards discharged by the Company as there was no work for them. The Company could not retain them in service due to paucity of work. Their discharge was not mala fide at all. The fact that the Company is getting their vehicles serviced in outside garage at present, is obviously due to closure of the Tiljala Service Station which was effected in July 1959. Long before that the Company discharged the persons in question. The contention of the Union that the Company discharged the workmen concerned out of false and frivolous plea is not found substantiated at all. The termination of service of the five workmen concerned is found to be justified. As they were in the Company's service for less than a year, the provisions of section 25F of the Industrial Disputes Act are not at all attracted in the present case. It is concluded that the workmen concerned are not entitled to any relief in this case.

This is my award.

AWARD

A dispute between Messrs. I. G. N. & Rly. Co., Ltd., and their employees was referred to this Tribunal by Government order No. 5441-I.R./D/10L-116/56, dated 20th December 1956, read with order No. 1922-I.R./IR/10L-4/57, dated 7th June 1957.

During the pendency of the reference case before this Tribunal, the applicant Shri Hari Sawain, who had been an employee of the Company, was dismissed for reasons not connected with the dispute with effect from 11th October 1958. Then he filed on 4th December 1958 the instant application under section 33A of the Industrial Disputes Act praying for reinstatement and other reliefs.

The Company has raised a preliminary objection that the application under section 33A of the Industrial Disputes Act is not maintainable, because, an application under section 33(2) of the Act was filed on 4th December 1958 before this Tribunal for approval of his dismissal; the award of the Tribunal was published on 5th November 1958 and it became functus officio with effect from 6th December 1958 so far as the reference was concerned, in view of sub-section 3 of section 20 of the Act, and as a result, the application under section 33(2) of the Act filed by the Company was struck off on 8th December 1958, and hence, the application under section 33A of the Act by the worker is not maintainable.

It is further contended on behalf of the Company that the worker was not discharged for any misconduct, and so, it was not a dismissal as contemplated by clause (b) of sub-section (2) of section 33 of the Act, and so, the worker has no locus standi to challenge his dismissal by way of an application under section 33A of the Act. There is a provision in section C, clause (5) sub-clause (e) of the Standing Orders of the Company that where a workman remains off duty by sickness for a period exceeding 90 days in any twelve months his services shall be terminated on medical ground. It is alleged that the worker in question remained off duty for a period exceeding 90 days within a period of twelve months on account of his illness, and so, the Company terminated his services. The alleged reason for which his service was terminated cannot be regarded as a misconduct of the worker, and so, his dismissal was not one as contemplated by section 33(2)(b) of the Industrial Disputes Act. Hence, he has no locus standi to apply under section 33A of the Act.

Both the preliminary objections taken by the Company must be upheld and it is held that the application under section 33A of the Industrial Disputes Act is not, prima facie, maintainable. So, it is rejected.

This is the award of this Tribunal.

In the matter of an industrial dispute between Messrs. Robert Hudson (India) Private Ltd., 2 Satya Doctor Road, Calcutta-23, and their workmen represented by Robert Hudson Employees' Union, 3/2 Ekbalpur Lane, Calcutta-23. (Case No. VIII-105 of 1958.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI S. R. GHOSH, Judge, Third Industrial Tribunal.

For the Union: Shri Ram Sen.

For the Company: Shri J. N. Chatterji, Deputy Labour Adviser of Indian Engineering Association.

By order No. 2206-I.R./IR/10L-69/58, dated the 2nd June 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Robert Hudson (India) Private Ltd., 2 Satya Doctor Road, Calcutta-23, and their workmen represented by Robert Hudson Employees' Union, 3/2 Ekbalpur Lane, Calcutta-23, regarding the matter specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

The reference was received by this Tribunal on 6th June 1958. After usual notices the Union filed written statement on 18th September 1958 and the Company on 10th October 1958. The case was taken up for hearing on 7th July 1959 after one adjournment and it was concluded on that date. The award was reserved.

The only issue as contained in the order of reference is:—Whether the workers are entitled to get any additional bonus over and above one month's advance that they have been paid and which may be regarded as a bonus for the year 1956.

AWARD

According to the Union the Company Messrs. Robert Hudson (India) Private Ltd. is one of the prosperous engineering concerns of West Bengal. The Company has earned substantial profits during the year 1956. But due to unreasonable stand of the Company the dispute over bonus for 1956 could not be amicably settled. The Company has paid only one month's bonus for the year 1956 and the workmen claim additional bonus for the year 1956 equivalent to three months' wages.

According to the Company the trading results of the concern during the year 1956 are not at all satisfactory and that having regard to the prior charges the trading results do not leave any available surplus to be distributed as bonus among the workmen.

It is now well-settled that as Labour and Capital contribute to the earnings of an industrial concern it is fair that labour should derive some benefit if there is a surplus after giving prior or necessary charges. So the payment of bonus to the workmen entirely depends upon the available surplus of the profits earned by the Company during the bonus year in question. Here the claim for additional bonus is for 1956 which should be treated as a "self-sufficient unit".

Both the Management and the Union have filed respective charts showing actual computation on the line of the Full Bench Formula set forth by the Labour Appellate Tribunal in the case of Mill Owners' Association, Bombay, as reported in 1950 L.L.J. page 1247. I have gone through these respective computation filed by the parties and I give my own computation below in accordance with the aforesaid decision as clarified and explained by the recent decision of the Hon'ble Supreme Court in the case of Associated Cement Companies Ltd. vs. their workmen reported in 1959 L.L.J. Vol. I, page 644. It has been laid down in that decision that the working of the Full Bench Formula must start with the figure of gross profits taken from the profit and loss account and as a general rule the amount of gross profit appearnig at the foot of the statement of profit and loss account should be accepted without submitting the statement of account to a close scrutiny. In the present case from the profit and loss account annexed to the balance sheet of the Company (Ext. D1), I find that the net profits of the Company for the year ending with 31st December 1956 is—

	(in lacs)
	.13
This is not disputed by the union—	
Add back—	
Depreciation charge in profit and loss account ..	.85
Provision for doubtful debts ...	.10
Depreciation charge ...	.36
(These 3 items as appear in the profit and loss account are not disputed by the Union).	
	1.44

To this amount the Union claims to add .09 (Rs. 9,000) as extra Managing Agents' Commission. The Company resists this claim on the ground that Managing Agents' Commission is paid in accordance with the agreement, dated 10th March 1956 (Ext. C) and, therefore, an allowable expense and is not to be added back. As it has been held in several cases the Managing Agents' Commission is an item of expenditure fixed by contract and, therefore, its full amount must be regarded as part of the expenditure of the year provided the commissions does not exceed the limits allowed by law (vide Labour Appellate Tribunal decision in Model Mills, Nagpur Ltd. vs. Rashtriya Mill Mazdoor Saugh, Nagpur, reported in I.F.J. Vol. VIII 1955-56, page 356). The Managing Agency Commission in the present case as per agreement (Ext. C) does not exceed the limit of 10 per cent. provided for Public Limited Company in the Companies Act. So I disallow the Union's claim for adding back Rs. 9,000 to determine the gross profits. The gross profits, therefore, stand at 1.44 (in lacs).

From the gross profits as determined above the Company wants to deduct Rs. 2,000 as extraneous income. But in my opinion this amount shoul not be deducted as claimed by the Management because it is not shown by evidence that it is unrelated to the trading profits of the relevant year. The evidence of D.W. 1 Shri Jagannath Ghosh for the Company is that the extraneous income shown in the calculations submitted on behalf of the Company represents commission received from Robert Hudson at Leeds in U.K. for direct business done in India. The Indian firm has nothing to do with this business. In his cross-examination he cannot deny if locomotives are sent in parts and these are fitted by the present Company and supplied to the constituents. So evidence is meagre enough to show that this extraneous income is unrelated to the trading profits of the year of the Company. So this amount should not be deducted from the gross profits which, therefore, stand at 1.44.

According to the Full Bench Formula as explained by the Hon'ble Supreme Court in the case of Associated Cement Companies Ltd., the first deduction from the gross profits should be the notional normal depreciation which is according to the Company's calculation as per schedule II (Ext. A4) is .19 (nineteen thousand). Union does not admit this amount of depreciation. It only deducts a sum of Rs. 26,000 or Rs. 27,000 as depreciation and rehabilitation charge together. But this is not in accordance with the decisions referred to above. The item of depreciation must be normal notional depreciation which is found to be rightly calculated by the Company as per Ext. A4. So this amount should be deducted first from the gross profits. So after deducting this amount (.19) from gross profits of 1.44 we get 1.25. The next ietm to be deducted from the gross profits is the Income-tax and in determining the same the full statutory depreciation as allowed under the Income-tax Act, 1922, must be deducted from the gross profits and the tax to be calculated on the balance. This has been done by the Company. Here the Company claims to deduct income-tax at the rate of 51.5 per cent. upon the balance, namely, 1.25. According to the Union, deduction should be made at the rate of 7 annas on the rupee. But I find that during 1956 the rate at which income-tax should be deducted was decided to be at 51.5 per cent. So I deduct at that rate from 1.25 and the amount of deduction comes to .64. So deducting .64 from 1.25 balance is left at .61. The next item of deduction on the gross profits should be the return on paid up capital and working capital. The Company has deducted 6 per cent. on the paid up capital of Rs. 8 lacs 46 thousand and the amount of deduction is .50. The amount of paid up capital at the rate of deduction at 6 per cent. is not disputed by the Union. So it is allowed as the usual rate. After deducting .50 from .61 we get the balance at .11. The next item for deduction is on working capital or reserve. The Company claims a return of 4 per cent. on the working capital which is R. 3,09,910 as per Ext.A3 which is also found from the balance sheet Ext. D1. It is in evidence of D.W. 1 that these reserve funds were available and were actually used as working capital during the year 1956, i.e., the relevant year. According to the Union the return should be given at 2 per cent. But it is urged on behalf of the Company that the Company was working on loans and drafts and, therefore, maximum return should be allowed on the working capital. The Company filed a statement of overdrawn balance during the year 1956 as per Ext. A2. So considering the position of the Company I think that 4 per cent. return on the reserve should be allowed as claimed by the Company and that would come up to .12. Thus deducting .12 from .11 the balance is left at minus .1 (the deficit). Therefore, at this point the Company's trading results for the year 1956 show deficit and no profit. The next item to be deducted according to the formula from the gross profits is the allowance for rehabilitation which includes, replacement and modernisation of plant and machinery and buildings. On this point the parties are not in agreement. According to the Union the rehabilitation charge should not exceed Rs. 27,000 as per its calculation and according to the Company's second chart Ext. B which is more favourable to the workmen, the rehabilitation charge would be Rs. 58,000 and odd. The rehabilitation calculation given by the Company as per Ext. B/1 is more in accordance with the Full Bench Formula and the latest decision of the Hon'ble Supreme Court in the case of Associated Cement Companies Ltd. than the calculation given by the Union. In the absence of any evidence on behalf of either side on the point advisor 15 for plant and machinery and 30 for buildings are found to be justified in the present case. I, therefore, accept the calculation given by the Company and find that rehabilitation charge to be deducted should be Rs. 58,000 instead of Rs. 26,000 or Rs. 27,000 as urged on behalf of the Union.

In the present case, from the calculation shown above it is found that before rehabilitation charges are deducted from the gross profits, the Company's trading results for the year 1956 show a deficit. Therefore, there is no available surplus left for distribution of the same to the workmen as bonus.

In these circumstances, I find that there is no available surplus out of the profits of the Company during the year 1956 and, therefore, the claim for the workmen for an additional bonus for 1956 must have to be disallowed.

It is admitted on both sides that for the year 1956 the Company has allowed its workmen an advance of one month's pay which has been treated as bonus. But the amount already given to the workmen cannot we disturbed for the sake of industrial peace. Thus applying the Full Bench Formula as clarified and explained by the Hon'ble Supreme Court in the latest decision mentioned above for calculation I find no available surplus for distribution to workmen as additional bonus. The maxim being "no surplus no bonus" the workmen in the present case are not entitled to any additional bonus as claimed by them. So their claim for additional bonus is rejected.

This is my award.

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Shamnagar South Jute Mills Ltd., P.O. Garulia, 24-Parganas, and their workmen, represented by National Union of Jute Workers (Shamnagar South Jute Mill Committee), Sramik Shivir, Park Road, P.O. Talpukur, 24-Parganas. (Case No. VIII-C-227 of 1958.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL.

Present:

Shri P. C. MAITRA, Presiding Officer, Second Labour Court, West Bengal.

Dismissal of the services of Sarbasree Haripada Majhi, Govinda, Sudan, Mahabir, by Messrs. Shamnagar South Jute Mills Ltd., has given rise to this reference made by the Government of West Bengal, Labour Department, by their order No. 4026-I.R./IE/7L-44/58, dated Calcutta, the 22nd September 1958.

The only issue formulated for consideration is:

1. Whether the dismissal of the following workmen is justified? To what redress and or compensation are they entitled?
   (1) Shri Haripada Majhi.
   (2) Shri Govinda.
   (3) Shri Sudan.
   (4) Shri Mahabir.

On receipt of the reference notices were issued on both the parties and both the sides filed written statement and the case was taken up for hearing. On behalf of the Union six witnesses and on behalf of the Company three witnesses were examined and cross-examined. Besides this, both Union and the Compnay filed certain documents in support of their respective claims which are enclosed in the record as exhibits and which have been carefully examined by me. It appears, that out of the four workmen whose cases have been referred for adjudication, Shri Haripada Majhi was a time-keeper (Hajira Babu) in the Preparing Department and the other three workmen were working in the same department.

Union's case is that the three workmen Sarbasree Govinda, Sudan and Mahabir were charge-sheeted on the 25th July 1958, and without holding any enquiry and without giving any opportunity to defend themselves, the Management on 8th August 1958, dismissed them. As regards time-keeper Shri Haripada Manjhi (serial No. 1), he was charge-sheeted on 25th July 1958 and without holding any proper enquiry and without giving any opportunity to defend himself he was also dismissed on 9th August 1958.

The Union further contends in their written statement that this Company dislikes the formation of Trade Union in this establishment and when the Union was formed, the Company used all forms of coercion with a view to terrorise the workmen and disorganise the Union. On 25th July 1958, the Company without any reason served charge-sheets upon the workmen mentioned in the schedule and some other workmen alleging that on 24th July 1958 they were absent in their department between 3-55 p.m. and 4-30 p.m. and that Shri Haripada Majhi, the Hajira Babu entered their names in collusion with these three workmen, although they were not present, he marked them present in the attendance register.

On 24th July 1958, after 4 p.m. the Group Personnel Officer entered the Preparing Department No. 1 Mill, and started collecting the tokens of the workmen. The said officer remained in the Department for about 15 minutes and then left the place with the tokens. Thereafter it was alleged by the said Officer that a number of persons were absent from the place of work when the surprise check was held. Charge-sheets were also issued to the sardars, in charbe of the workmen and subsequently the Company allowed the charge-sheets to be withdrawn against the sardars and allowed the sardars to resume their work. The Company, however, dismissed the time-keeper and the three workmen as stated above.

Company in their rejoinder states that act of coercion by the Management to disorganise the Union is vague, mischievous and baseless. The Company has always been encouraging legal and true Trade Union activities among the workmen and on a number of occasion sat around the table with the Union representatives in bipartite and tripartite negotiations to arrive at agreements.

That a surprise spot enquiry was made at the Preparing Department on 24th July 1958 and the concerned three workmen were found absent whereas they were marked present in the Attendance Register by the Hajira Babu. Charge-sheets were issued upon those three workmen, viz., Govinda, Sudan and Mahabir who were marked present though they were detected to be absent as well as to the clerk concerned, who marked them present. These workmen were suspended forthwith and asked to explain their conduct. On receipt of their explanations, a full enquiry was made, in presence of the Works Committee member of the department concerned on 1st August 1958 in which all opportunities were given to the persons concerned to defend themselves and to adduce evidence. In the enquiry, guilt of the workmen were fully established. Thereafter, the Company, taking all the circumstances into consideration, dismissed the workmen concerned according to provisions of their Standing Orders.

Company further submitted that they received reliable information that certain malpractices in the shape of ghost tickets were prevalent in the said Mill and that some of the workers who were shown as present by Shri Haripada Majhi, the time-keeper, were in fact not physically present. On 24th July 1958 at 3-45 p.m. the Manager with other officers of the Company went to the Preparing Department of No. 1 Mill and asked Hajira Babu whether the workmen whose Hajiras were recorded for that day, were actually present in the department. Shri Haripada Manjhi admitted that the Hajira Register was completed for that afternoon and only those who were present were marked present in the Register. The Manager thereupon got the Register locked up. The Manager immediately started the surprise check by collecting all the tokens from the workmen present in the department and taking down the names of those workers who did not possess tokens. The Manager with some other officers of the Company had gone inside the department at about 3-45 p.m. and the surprise check lasted from 3-55 p.m. to 4-15 p.m. during which period at least 35 to 40 workers who had gone temporarily outside, returned to the department and deposited their tokens or gave their names. At 4-15 p.m. after the check was completed the Manager with some other officers of the Company went to the jetty office which is adjacent to the Preparing Department and started checking from Hajira Register and with the help of tokens received or the names recorded as to whether all the workers who were marked present by the Hazira Babu were physically present. Immediately on arrival at the jetty office, the Manager instructed the Senior Mill Labour Officer and the Departmental Overseer to go back to the department and collect tokens or record names of those workers who returned to the department in the mean time. These officers went on further collecting tokens and taking down the names till the Mill closed down at 4-30 p.m. thus affording ample opportunity to all the absent workers who were marked present to prove that they were only temporarily absent. Accordingly, after 4-30 p.m. all the workers who were genuinely absent from the department for a temporary period, on receipt of information about the surprise check, actually returned back to prove the bonafide of their case and deposited either their tokens or gave their names in the jetty office. The Management agreed to accept their tokens though it was clear that these workers were not present in the department during the time of checking. Thus having given all the opportunities to every worker of the Preparing Department to record their Hajira for that shift, it was discovered from the Hajira Register that three permanent workmen, viz., Govinda, Sudan and Mahabir and also three casual workers were absent though they were shown as present by the said Hajira Babu. The Senior Mill Labour Officer and the Departmental Overseer waited in the Preparing Department up to 4-30 p.m. and thereafter at the jetty office and in the Mill up to 6 p.m. but none of the above six workers appeared before them on the 24th July 1958. On 25th July 1958, these six workmen in question including Govinda, Sudan and Mahabir reported for duties. The Manager thereupon asked these workers the reason for their absence and when they could not put forward any satisfactory explanation, charge-sheets were issued on three permanent workers and the names of the other three casual workers were struck off from the Company's register. Hajira Babu Shri Haripada Manjhi and the Departmental Overseer were asked to explain about the absence of these workers. Both of them were at a loss to give any satisfactory explanation. The Departmental Overseer who was on probation, on realising the seriousness of the case, resigned on 25th July 1958 and left the Company's service. The Company thereafter issued charge-sheet on Shri Haripada Manjhi, time keeper, and after he submitted explanation an enquiry was held in which all the concerned workmen and their respective Sardars, the Hajira Babu were all present and their statements were recorded and on the side of the Company the Works Committee member was also present at the time of domestic enquiry. Sardars were also present in the domestic enquiry and they made their statements which was also recorded by the Enquiring Officer and as a result of domestic enquiry the Sardars were let off as they themselves were not absent and the Company gave them benefit of doubt.

Appearances of the Parties are as follows:—

For the Company: Shri S. C. Sen, Advocate.

For the Union: Shri N. R. Roy, Advocate, assisted by Shri Nirmal Banerjee, President of the Union.

FINDINGS

I have held independent enquiry into the matter and have taken down evidence of the workmen concerned including Hajira Babu, Group Personnel Officer Mr. Shegal and also of Shri Gazi, the Labour Officer, who held the domestic enquiry. I have examined the report which Mr. Sehgal submitted after the departmental enquiry. Mr. Sehgal, the Group Personnel Officer, in his report stated that he received information that malpractices were in existence in the Mill and presence of some workers were recorded though they were really not present in the Mill. He was also informed, that originally this malpractice was organised and started with an ulterior motive of showing an inflated number of men working in the Mill though a lesser number of men had actually been working with a view to prove that in spite of modernisation, Mill actually required more men to do the work. Later on, these malpractices have been taken advantage of by some unscrupulous persons for their own benefits, and on 24th July 1958, at about 1 p.m. he received information from some source that in the Preparing Department, some men were shown as present who were not actually present on that date and that this would be proved if any surprise check was made immediately. He, therefore, arranged for the check and went to the Mill for the purpose. From the check it was clear, that his information that malpractice of recording the presence of workers though they were not actually present was correct, and six persons were definitely absent but they were marked present. Out of these six workers, three were permanent hands and three were Badlees whose names were struck off. Permanent three workers were found actually guilty of the charges. Sardars concerned might have been involved in the malpractice, but he (Mr. Sehgal) gave them benefit of doubt. There was no positive evidence about their active participation in this case, except that they wanted to save these culprits. In view of this back ground of the case Sardars were given the benefit of doubt by the Company but the Company dismissed these workmen and the Hajira Babu, Shri Haripada Manjhi.

I shall now take up first the case of three workmen concerned and examine how far their dismissal was justified, and if at all. It has been established in the evidence of Mr. Sehgal that on receipt of information that some workmen who were marked falsely present he (Mr. Sehgal) made surprise check with the help of Manager and other officers of the Company. Their names were recorded as present in the attendance register but surprise check shows that the workmen concerned in this dispute were not present on that day, at least at the time of enquiry and uptil the last moment of the day, when they were given all opportunities to present themselves, had they been absent temporarily for nature's call or for drinking water, etc. These workmen did not even at the last moment turn up. The workmen stated that they were temporarily absent and went to the lavatory and returned within a short time and nobody told them to deposit their tokens. Their respective sardars however at the time of domestic enquiry definitely told that they had asked the workmen, in question, to deposit their tokens. But the sardars examined before this Court stated a different story and denied having told the workmen to deposit their tokens. When confronted with their previous statement they said that they were not aware of what is written there as the same were not read over to them. Mr. Gazi and Mr. Sehgal definitely stated that all depositions which were recorded at the time of enquiry were read over to the respective deponents and after the same being explained to them, the deponents put their signatures or thumb impressions, as the case might be. The question therefore is which of the two versions should be believed in this respect; the statements made by Mr. Sehgal and Mr. Gazi or the statements of the sardars. It is curious to mention that in the domestic enquiry and also in the enquiry before me, the workmen concerned gave their explanation that all of them had been absent on nature's call and they have further stated that in the domestic enquiry, their statements were taken but these were not explained in their respective languages. I have no reason to disbelieve the evidence of the respectable witnesses Mr. Sehgal and Mr. Gazi when they say that the domestic enquiry was held according to procedure laid down and all formalities were observed and although the statements were recorded in English, they were explained in different languages so that the workmen concerned can understand them and thereupon they put their signatures and the thumb impressions. Some of these sardars, in order to save the culprits took different stand than that which they took in the domestic enquiry. I thoroughly disbelieve their statements. Another curious thing to mention is that the Works Committe member who was examined on behalf of the Company, Shri Banwari proved to be a hostile witness in course of giving evidence before me and he was cross-examined by the learned Advocate on behalf of the Company and also by the learned Advocate of the Union. I have thoroughly disbelieved his evidence. He is a black sheep who cannot be at all relied upon and the evidence tendered by him is of no help to me, neither to the Company nor to the Union. I am convinced that proper enquiry was made by the Company. I do not see any victimisation so far as the three workmen are concerned. These workmen were given every opportunity to state their grievances and to appear at a subsequent time and to present their tokens but in spite of all these they never turned up on that day. This shows that they were really absent and not within the bounds of the neighbouring locality, so that they could have hurriedly rushed to deposit their tokens or offer their explanation at the last moment at least. It is in evidence that after the tokens were verified with the attendance register in the jetty office, the Manager at once told the Senior Labour Officer and other Supervisors to go on round the Mill and to ask those who might be temporarily absent to deposit their tokens or to record their names. But in spite of all these opportunites given, these three workmen did not present themselves on the day of checking. This clearly proves that they were not present on the day and they were accordingly dismissed by the Company. The question is, whether the Tribunal under such circumstances should interfere with the conclusion drawn and the decision taken by the Managing Director, when proper charge-sheets were issued to the workmen in question, the workmen also submitted their replies, although the same type of replies prepared by their Union Secretary and thereupon enquiry was held in their presence and full opportunity was given to defend themselves, as required under Industrial Disputes Act. I find no mala fide or ulterior motive in the decision of the Manogement and I regret, I cannot interfere with the decision of the management so far as these three workmen are concerned. The principle laid down by the Hon'ble Supreme Court of India in Baliapara Tea Estate versus its workmen, reported in F.J.R. XVI, 1959, page 203. Their Lordships of the Supreme Court observed that:

> "In matters of disciplinary action an industrial Tribunal will be misdirecting itself if it insists upon conclusive proof of guilt on the part of the workmen to be adduced by the Management in the enquiry before the Tribunal. The Tribunal has only to find whether there was justification for the Management to punish the employee and whether a case of misconduct has been made out at the enquiry held by it. The Tribunal has not to decide for itself whether the charge framed against a workman had been established to its satisfaction; whether the management has not been actuated by any sinister motives or had not indulged in unfair labour practice or the workman had not been victimised for any trade Union activities, the Tribunal has only to be satisfied that the Management was justified in coming to the conclusion that the charge against the workman was well-founded".

Accepting this principle of the Hon'ble Supreme Court of India, which is binding on me, I have no reason to interfere in the Management's decision and I hold, so far as these three workmen concerned, viz., Govinda, Sudan and Mahabir, their dismissal was justified.

The case of Haripada Majhi, the time keeper, however stands on a different footing. I am inclined to think there is scope of doubt regarding his complicity into the matter. He might be an innocent fool, or might have been indirectly in connivance with these workmen concerned, and I shall have to examine which of this contention is correct. Haripada Manjhi submitted his explanation to the charge-sheet and stated inter alia that the workmen were present on the day in the department on 24th July 1958 at 12-30 p.m. and he cannot be held responsible for their absence after 3-55 p.m. At the domestic enquiry he has stated in his deposition as follows:—

> "At 12-30 p.m. on 24th July 1958 when I came to the department to take Hajira, sardars informed me that these 12 people were present and I marked them as present in the Hajira Book. For the last three years I have followed this procedure of taking Hajira through the sardars but I do not take each and every individual's Hajira. During the duty period I stay at my desk and do not bother to see whether these workmen whose Hajira I had taken, were present, till the closing of the Mill."

In his deposition before the Court he has stated:

> "My duty hours are from 6 a.m. to 10-36 a.m. and from 12-30 p.m. to 4-30 p.m. I go on round after 6 a.m. and the Hajira is recorded in the earlier part of the morning. After recess at 12-30 p.m., the same practice is observed by me and again I go round the line and after the check of the Overseer who goes on round the line, the requisition is sent for the Badlee workers and then I record the Hajira of the workers, including the Badlee workers. After the work is started in the morning at 6 a.m. and also in the afternoon at 12-30 p.m. and after I go round in earlier part in both the shifts, I do not go on round the line but it is the duty of the Sardars and Overseer to go on round. After the hajira is recorded in the morning and in the afternoon, I attend to other clerical duties, such as preparation of wage book, sick leave, etc., and other clerical work".

If that be so, and if it is the practice that the Hajira Babu is not required to keep constant patrol round the Mill and to detect the workers, whether they are present who have been recorded present but it is his duty to record their presence, after he goes on round at the start of the Mill in the morning at 6 a.m. and after recess, at the start of the Mill at 12-30 p.m. in the afternoon. I doubt very much whether Haripada Majhi, the time keeper, had actual complicity into the matter.

He has also stated in his evidence and which has also been admitted by the Company that this recording of Hajira is not the only duty but he sits at his desk for preparation of wage book, sick leave and if that be so, the Company cannot ask him to go on round at every half an hour or an hour after, and to perform at the same time, the clerical duty and to supervise work of the attendance of the workmen who had been marked present after his inspection of both the shifts and for inspection from time to time during the course of both the shifts, the Line Overseer or the Departmental Officer are responsible. In his cross-examination, he has also admitted that:

> "Working hours are from 6 a.m. to 10-36 a.m. and from 12-30 p.m. to 4-30 p.m. I finish this recording of Hajira by 7 a.m. and in the afternoon by 1-30 p.m.

He has also further admitted:

> "At the starting time, the Shaheb goes on round in the line and he signs the requisition after checking".

If that be so, I find it difficult to be convinced that Haripada Manjhi had really connivance into the matter and in all fairness, I should give him the benefit of doubt as the Company has given the benefit of doubt to their sardars. It is true that although the actual checking is left to Line Sardars and to the Departmental Overseer, he generally holds overall check at the start of the Mill in the morning shift and in the afternoon shift and thereafter, he devotes his time for clerical duties. It is also in the evidence that in order to be temporarily absent his permission is not necessary but the sardars under their own responsibility can allow the workers to be temporarily absent, say for nature's call or for drinking water, etc. These sardars have been given the "benefit of doubt" by the Company, and I fail to understand why this poor Hajira Babu should not be given the same benefit of doubt, when it is no part of his duty to go on constant patrol in the line and to check the attendance of the workers, from time to time, but he has got to attend other desk work and clerical duties. I should therefore give him the benefit of doubt, as the Company has given the same to the sardars and I think, so far as his dismissal is concerned, Company was not right in dismissing him on such flimsy ground. In his evidence, he has also stated:

> "When we were arranging these tokens and were collecting the tokens, there was 4-30 p.m. close up bell. I did not see anybody coming there later on and producing his token. The whole collection and the counting were made by 5-30 p.m. I do not exactly remember how many workers were found wanting but the particulars I noted in the statement is correct".

I should therefore hold, that the dismissal of Haripada Manjhi, the time keeper, was unjustified.

I do not propose his reinstatement, as that will disturb the industrial peace between the Company and the workmen concerned. His rate of wages was Rs. 93+Rs. 32-8 as dearness allowance = Rs. 125-8-0 per month. While I do not propose reinstatement, I shall allow him a lump sum compensation to the extent of Rs. 800 (Rupees eight hundred). Justice will be vindicated, if he is given lump sum compensation and I should direct that the Company should pay him a lump sum of Rs. 800 within a month from the date of publication of the Award in the "Calcutta Gazette".

In the famous Buckingham Carnatic case reported in L.A.C., 1952, page 490, basic principles have been enunciated as follows:—

(i) Industrial workers must be placed in such a position that the security of his service may not depend upon the caprice of the employer;

(ii) that the industrial peace should be maintained;

(iii) Industry should be efficiently managed.

Taking into consideration the basic principles which I consider to be the sheet anchor of the industrial relations, I am of opinion that the best adjudication would be, that while I uphold the dismissal of three workmen concerned, Sarbasree Govinda, Sudan and Mahabir, I cannot uphold the dismissal of this time keeper, Shri Haripada Manjhi, and I should allow him a lump sum compensation of Rs. 800 (Rupees eight hundred), but not reinstatement.

This is my award.

AWARD

1. By order No. 5441-IR/D/10L-116/56, dated 20th December 1956, the Government of West Bengal referred a dispute between the workers of several companies on the one side, and the companies themselves on the other, to the Fifth Industrial Tribunal among which the present Company, viz., Messrs. Bengal Ingot Co. Private Ltd., was one.

The present application under section 33A of the Industrial Disputes Act has been filed by one Trilokinath Tiwari and ten others, all erstwhile workers of the Company, who were dismissed on 28th April 1958 (during the pendency of the aforesaid main reference before the Tribunal). The Company filed an application under section 33(2) of the Industrial Disputes Act on 9th May 1958 for approval of its action by the Tribunal. Thereafter, the Tribunal passed its award in the aforesaid major reference on 13th October 1958 which was published according to law on 5th November 1958. As a result, the aplication of the Company under section 33(2) of the Act regarding Trilokinath Tiwari and ten others' dismissal, which had not been disposed of in the meantime, was struck off on 6th December 1958 in view of the provisions of sub-section 3 of section 20 of the Industrial Disputes Act. The instant application under section 33A of the Industrial Disputes Act has been filed by Trilokinath Tiwari and ten others on 17th January 1959. The application is not, prima facie, maintainable as the proceeding started by Government order of reference No. 5441-I.R./D/10L-116/56, dated 20th December 1956, before this Tribunal, during the pendency of which these men had been dismissed was not pending on 17th January 1959. As a result, the application under section 33A of the Industrial Disputes Act is rejected as not maintainable.

This is the award of this Tribunal.

AWARD

Decisions

4. The present dispute is between the employers of six motor car selling concerns and their salesmen. The employers are (1) Messrs. Walford Transport Ltd., (2) Messrs. French Motor Car Co., Ltd., (3) Messrs. India Automobiles, (4) Messrs. Austin Distributors Ltd., (5) Messrs. Auto Distributors Ltd., (6) Messrs. Poddar Automobiles, represented by the Motor Industries Association, and (7) Messrs. Dewars Garage (India) Private Ltd. The salesmen of seven Companies are stated in the order of reference to be represented by the Automobile Sales Staff Association of West Bengal, 4 Jugipara Road, Calcutta-6, hereinafter mentioned as the Union. The Union, in its written statement deals with the claim of the car salesmen of all the Companies. The Motor Industries Association filed a written statement on behalf of the following six Companies:—

(1) Messrs. Walford Transport Ltd.,

(2) Messrs. French Motor Car Co., Ltd.

(3) Messrs. India Automobiles,

(4) Messrs. Auto Distributors Ltd.,

(5) Messrs. Poddar Automobiles, and

(6) Messrs. Austin Distributors (Private) Ltd.

Messrs. Dewars Garage (India) Private Ltd. are not members of the Association and the Association did not represent them. Messrs. Dewars Garage (India) Private Ltd. filed a separate written statement along with its only car salesman, Shri Deb Kumar Chatterjee, stating that no dispute existed between the Company and its car salesman, Shri D. K. Chatterjee. Both Shri D. K. Chatterjee and the Company filed a joint vakalatnama. The six Companies who are members of the Motor Industries Association, pleaded in their written statement that the salesmen employed by the automobile companies were not workmen under the Industrial Disputes Act and that the judgment of the Hon'ble High Court in Calcutta annexed by the Union in its written statement in the case of Kushal Singh versus Second Industrial Tribunal and another, would show that the salesmen would not come under the purview of the definition of the term "workman" as defined in the old Industrial Disputes Act. It is also stated that they cannot be included in the definition under the amended Act, because the work for which they are employed is neither supervisory nor technical, as it is normally understood. On this plea, an issue was raised as to whether the car salesmen were workmen under the Industrial Disputes Act. This issue was framed as Issue No. 2 and was as follows:—

Issue No. 2: Are the car salesmen in question workmen within the meaning of the term in the Industrial Disputes Act and has the Tribunal jurisdiction to entertain the dispute as referred to it?

5. The issues framed for the decision of the case are two in number, being the issue framed as Issue No. 2 now and the issue referred by Government for adjudication.

6. Issue No. 2 will be considered first.

7. **Issue No. 2:** The Companies take the plea that the car salesmen were not "workmen" within the meaning of the term under section 2(s) of the Industrial Disputes Act. The judgment of the Hon'ble Calcutta High Court in the case of Kushal Singh versus Second Industrial Tribunal and another was cited in support of this claim. The Union claimed that the car salesmen were workmen under the Act.

8. Evidence was adduced on both sides. P.W. 1 Shri K. P. Chakrabarty, Vice-President of

the Automobile Sales Staff Association, deposed for the Union. Documents, Exts. 1 to 5, were marked for the Union. No witness was examined on behalf of the Company. Document, Ext. A, was marked for the Company.

9. The question that arises is whether the car salesmen of the Companies mentioned in the order of reference are workmen under section 2(s) of the Industrial Disputes Act. Certified copy of the judgment of the Hon'ble Calcutta High Court in the case of Kushal Singh versus the Second Industrial Tribunal and another (matter No. 167 of 1957), is Ext. 5. Kushal Singh was a car salesman in the employment of Messrs. Walford Transport Ltd. and he was discharged with effect from 1st February 1956. An industrial dispute was raised, which was referred for adjudication to the Second Industrial Tribunal. The award of the Tribunal was published in the "Calcutta Gazette", dated 1st August 1957. In this award, it was decided by the learned Tribunal that the case of Kushal Singh was to be decided in the light of section 2(s) of the Act as it stood before the amendment of the section by the Industrial Disputes (Amendment and Miscellaneous Provisions) Act, 1956, and that the question as to whether he was a workman or not was to be decided in the light of section 2(s) of the old Act. The learned Tribunal also decided that the main duty of the car salesman was to push on the sale of the vehicles, that filling up of contract form and other clerical work done by the salesman was only insignificant and ancillary to the main duties of the salesman. It was decided by the learned Tribunal that the car salesman was not a "workman" under section 2(s) of the Act. There was an application before the Hon'ble High Court, which was disposed of by the judgment, Ext. 5. It appears that the petitioner only took the plea that his case was covered by the definition of "workman" under section 2(s) as it stood after amendment in 1956 and not by the old Act as was decided by the learned Tribunal. It was not claimed before the Hon'ble High Court that the petitioner was not a workman under the old definition of the section. The Ho'nble Court agreed with the learned Triunal and decided that the relevent date to be considered was the date of discharge and not the date of reference, as claimed by the learned counsel for the petitioner. The petitioner was discharged on 1st February 1956, the order of reference was made on 12th December 1956 and the the amendment of the section 2(s) was effective from 29th August 1956. The only claim was that the date of reference was the relevant date to be considered in deciding whether Kushal Singh was a workman and therefore he was governed by the amended section, which came into effect on 29th August 1956. This contention was negatived by the Hon'ble Court. The judgment of the Hon'ble Court, Ext. 5, is not, therefore, an authority for the proposition that a car salesman was not a workman under the old definition of section 2(s) of the Industrial Disputes Act. As a matter of fact, the learned counsel for the Companies did not also make such a contention and only stated that the decision of the learned Tribunal that the car salesman, Kushal Singh, was not a workman under the old section, was not challenged before the Hon'ble High Court. The decision of the Hon'ble Court in Ext. 5 was not, therefore, a bar to this Tribunal coming to the conclusion that the car salesman was a workman under the old definition of section 2(s) of the Act, if it so considers proper. This question will be considered below.

10. The learned Advocate for the Companies stated that the car salesman was not a workman under the old definition of section 2(s) of the Act, as decided by the learned Tribunal in the case of Kushal Singh and accepted by the workman and not challenged before the Hon'ble High Court. The learned Advocate for the Union pressed that the case of the car salesman was covered by the amendment in August 1956, inasmuch as, they were persons who did technical work for hire or reward under the employer. The learned Advocate for the Company contended that the car salesmen did not do any technical work, although they might know the working of the machineries in the cars. Section 2(s) of the amended Act runs as follows:—

> "Workman" means any person (including an apprentice) employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward, * * *
>
> (iv) who, being employed in a supervisory capacity, draws wages exceeding five hundred rupees per mensem, or exercises, either by the nature of the duties attached to the office or by reason of the powers vested in him, functions mainly of a managerial nature.

The old section stood as follows:—

> "Workman" means any person employed (including apprentice) in an industry to do any skilled or unskilled manual or clerical work for hire or reward. * * *

11. Evidence was adduced by the Union to the fact that the salesman has to attain highly technical knowledge of the car, that he has to know to drive car and has to study the mechanism and the technical parts of all other cars and to prove to the prospective buyer the technical advantage of the vehicle he wants to sell. This is the evidence of P.W. 1 Shri K. P. Chakrabarty, who has done the work of a car salesman for about 30 years. He started work with Messrs. Allen Berry & Co. in 1928. He worked with Messrs. Walford Transport for 6 years till 1st January 1957, when he was retrenched. He appears only to be a science graduate. As to the work of a car salesman, the witness further states that the salesman has to submit a daily report, calculate hire-purchase terms and instalments. He also states that the salesman has to open the bonnet of the car and explain all the parts and has to show the power of the engine, the pick-up comforts of driving and such other things. He says that the salesman must have technical knowledge of the car and must be sufficiently educated. From all that has been stated by the witness, I do not consider that salesman has to do any technical work, as mentioned in the amended section and as was pressed by the learned Advocate for the Company. The car salesman may acquire some technical

knowledge to have advantage in his work of inducing the buyer to select his car, but the work he has to do is not technical work. The main duty of the salesman is to sell the car to the buyer. The salesman has not to do any work with the machineries of the car in the process of sale. In the process of sale, he has to write out orders, submit a daily report, make calculations, calculate hire-purchase terms and instalments. There is no doubt that the car salesman is a servant of the Company on hire, as he is paid a salary and other remunerations, as shown by Ext. A filed by the Company and also stated by P.W. 1 in his evidence. The Company, as the employer, has full control over his work. I have given my earnest consideration to the matter and am of the opinion that the duties of a car salesman does not differ in essence from that of the salesman of any other commodity, as for example, the salesman in a cigarette factory, or even a salesman in a cotton goods sales organisation. In all such cases, the salesman has to sell the articles, receive the money, do some clerical work and has to pick some detailed knowledge about the commodity to induce the buyer to purchase the goods. If a salesman with the advantage of his general education, gathers a specialised knowledge in cigarettes or cotton textile over the long period of his work as the salesman of such commodity, that would not raise his work to the level of technical work in respect of the commodity. His work will continue to be the same, as it was before and I consider it to be nothing but manual and clerical combined. The decision of the Hon'ble Labour Appellate Tribunal in the case of National Tobacco Co., reported in 1953 L.A.C., 620 at 624, shows that a salesman of cigarettes under the National Tobacco Co., whose duties are to sell the Company's goods in the various shops, to keep and render accounts and to submit sale reports and statements after outdoor work, are workmen, as they have clerical duties to perform regularly as part of their routine work. On giving my best consideration to the matter, I come to the conclusion that the car salesman is a "workman" within the meaning of the term in section 2(s) of the Act, as he does manual and clerical work for remuneration under the employer. It is, therefore, decided that the car salesman in the seven Companies involved in this proceeding are workmen under the Act and the reference of the dispute in regard to these persons is, therefore, competent and the Tribunal has jurisdiction and is even bound to adjudicate on the dispute as referred to it.

11. Issue No. 2 is accordingly answered.

12. There are seven Companies involved in this proceeding. As has been mentioned above, six of them, viz.—

(1) Messrs. Walford Transport Ltd.,

(2) Messrs. French Motor Car Co., Ltd.,

(3) Messrs. India Automobiles,

(4) Messrs. Austin Distributors Ltd.,

(5) Messrs. Auto Distributors Ltd., and

(6) Messrs. Poddar Automobiles,

represented by the Motor Industries Association, filed a joint written statement and raised the plea that the car salesmen were not workmen under the Industrial Disputes Act, and therefore, the Tribunal had no jurisdiction to adjudicate on the issue referred to it. It appears, however, that four of these Companies, viz.—

(1) Messrs. Auto Distributors Ltd.,

(2) Messrs. Poddar Automobiles,

(3) Messrs. French Motor Car Co., Ltd., and

(4) Messrs. Austin Distributors,

filed joint petitions with their car salesmen, stating that there was no dispute between themselves and their car salesmen and that a "no dispute" award should be made in respect of these four Companies. Messrs. Dewars Garage (India) Private Ltd., filed a written statement, which was subscribed by their only car salesman, Shri Deb Kumar Chatterjee, in which also it was stated that there was no dispute between the Company and its car salesman, Shri D. K. Chatterjee, and that a "no dispute" award should be made. It, therefore, appears that five of the Companies out of seven, joined with their salesmen and filed joint petitions stating that there was no dispute between the Companies and their car salesmen and prayed for a "no dispute" award. Messrs. India Automobiles and their car salesmen represented by the Secretary, Automobile Sales Staff Association, filed a joint petition of compromise, stating that the dispute between the Company and their car salesmen has been settled out of court on the terms mentioned in the compromise petition and the parties prayed that an award be made on the terms of the compromise petition. Only Messrs. Walford Transport Ltd., was left to deny the jurisdiction of the Tribunal. The six Companies who filed joint petitions must be considered to be conceding that the car salesmen were "workmen" and an award should be made on the terms of the joint petitions as filed. The question in issue No. 2 has, however, been decided without considering this aspect of the matter.

13. **Issue No. 1:** As has been mentioned above, Messrs. Auto Distributors Ltd. and Messrs. Poddar Automobiles and their car salesmen filed a joint petition, stating that there was no dispute between them and that a "no dspute" award should be made. Similar applications were made by Messrs. French Motor Car Co., and their salesmen and also by Messrs. Austin Distributors (Private), Ltd., and their salesmen. Messrs. Dewars Garage (India) Private Ltd., in its written statement, which was subscribed by their only car salesman, Shri Deb Kumar Chatterjee, also prayed for a "no dispute" award on the plea that there was no dispute. The learned Advocate for these Companies prayed that a "no dispute" award should be made and an interim order was invited on the point. An interim award was made on 7th July 1959 on this question, and it was awarded that all the Companies and their car salesmen who were parties to the order of reference, would be bound by the adjudication of the dispute on the issue as mentioned in the order of reference by the Government by virtue of section 10(5) of the Industrial Disputes Act. It was ordered that the joint petition filed by Auto Distributors Ltd., and Poddar Automobiles, French Motor Car Co.

and Austin Distributors, and the written statement of Dewars Garage, stating that they had no dispute needed no consideration. A compromise petition was filed by India Automobiles and their car salesmen, stating some terms of settlement, and it was ordered in the interim award that this compromise petition shall be duly considered at the time of the final award. It is, therefore, clear that the parties who filed petitions and written statements for "no dispute" award shall be bound by the award as made herein and their applications or written statements praying for "no dispute" award between themselves and their car salesmen shall not be given any consideration, in view of section 10(5) of the Industrial Disputes Act.

14. In regard to the compromise petition between Messrs. India Automobiles and their car salesmen, it appears that this should not be accepted if the terms embodied therein are not more beneficial to the car salesmen than what would be awarded in respect of the other Companies. Under section 18 of the Act, an award shall be binding on all parties to the industrial dispute. Section 10(5) of the Act provides for inclusion of establishments or groups of establishments likely to be interested in or affected by a dispute concerning an establishment which is referred to the Tribunal. The decision as to whether the establishments which are added independently of the fact of the existence of an industrial dispute are likely to be interested in or affected by the dispute which is referred to the Tribunal is to be made by the Government. This is an administrative action, which is immune from being questioned in a court of law. The intention is that the award which is made should be binding on all the establishments of a similar nature which are made parties to the proceeding in the interest of industrial peace and to eliminate unhealthy competition. The evidence of P.W. 1, Shri K. P. Chakrabarty, shows that the salesmen of the Companies who have filed joint petitions, signed on the petitions under coercion. No evidence was forthcoming from the Companies on this point. The compromise petition of Messrs. India Automobiles shows that the consolidated fixed salary of the salesmen shall continue. The consolidated fixed salary of the salesmen in this Company appears to be only Rs. 150 for some and for Rs. 300 for others per month. There is no dearness allowance. As will be found below, I shall allow a higher scale of pay for the salesmen in this award. I, therefore, consider that the joint petition filed by Messrs. India Automobiles and their car salesmen filed on 7th May 1959 by Shri K. K. Moitra on behalf of the Company, and Shri Arun Kumar Das, Secretary, Automobile Sales Staff Association of West Bengal on behalf of the salesmen, shall not be accepted by the Tribunal and no award shall be made on the basis of this compromise petition.

15. I shall now consider the Union's claim as to the terms and conditions of service of the car salesmen of the seven concerns.

16. The Union states generally for the salesmen of all the Companies that they are helplessly left at the whims of the Management, that they have to undertake the duty of popularising each and every new car, truck and motor vehicle coming in the market, that they are kept temporary in their service for years together, and that when they are retrenched or discharged, they go without any money to fall back upon. It is also stated that the service conditions of the salesmen are often changed by the employers without assigning any reason or without any justification and that the salesmen are subjected to various types of injustice or uncertainties. The Union made detailed claims on scales of pay, dearness allowance, bonus, car allowance, privilege leave, casual leave and sick leave, festival holidays, working hours, overtime, provident fund, gratuity, tiffin allowance, commission and rule of permanency. The Union also claims that the scales of pay and dearness allowance should be awarded with retrospective effect from 1st January 1958.

17. The six Companies represented by the Motor Industries Association, in their written statement, states that the salesmen in the motor industry are employed for the only purpose of approaching prospective buyers and inducing them to buy the product. The necessity for employment of such a person and his retention in service depends upon his proving useful and remunerative to the Company. The remunerative character of the agency also varies from make to make of the car. All the Companies in question recognise the following principle in engaging salesmen. The salesman is engaged on the distinct understanding that he would be able to secure orders for their vehicles and for which purpose, he would approach different prospective buyers and induce them to buy vehicles in question. The Companies in order to retain some control over them and to facilitate their work, arrange to pay a lump sum per mensem with car allowance and other facilities and with this initial advantage and facility, the salesman is expected to do his job and, on his securing orders, would get a commission as his remuneration. Until a few years ago, dealer margin on new vehicles was maintained at 25 per cent. This was reduced to 17½ per cent. and again in 1957 to 10 per cent. and 7½ per cent. on cars and trucks respectively. This reduction was made on a directive from the Government of India. Selling of automobiles carries with it the obligation of maintaining a fully stocked spare parts section and a well-equipped service station and workshop. As the cost of running the Stores Department and Workshop is progressively on the increase for reasons beyond the control of the Companies, the profit potential on new vehicles is gradually decreasing. The elimination of unremunerative elements from the business has, therefore, been necessary. The scope and utility of the salesman is dwindling. There is only a few types of vehicles that are available and the demands generally exceed supply. The Companies maintian long waiting lists, with the result that the task and liability of salesmen have become easy compared to previous years.

18. The Companies filed Ext. A, being a statement showing remuneration paid to salesmen by Messrs. Walford Transport Ltd., during 1957 and 1958. This shows the basic salary drawn, the average commission received per month and also the maximum and the minimum commission in any one month. This document shows the earnings

of P.W. 1 Shri K. P. Chakrabarty also. It is admitted by Shri K. P. Chakrabarty that his emoluments, as stated in Ext. A, are correct and that he also used to get Rs. 54 as dearness allowance and a car allowance of Rs. 100 per month. Ext. A shows that Shri K. P. Chakrabarty got an average commission of Rs. 392 in 1957, and Rs. 130 in 1958. The amount of average commission of the salesmen as stated in Ext. A appears to be substantial. I shall now take up the claims of the Union here below.

I. Scales of pay and dearness allowance

19. The Union claims a grade scale of pay of Rs. 250—25—600 and a dearness allowance on the Bengal Chamber of Commerce scale. It appears from Ext. 4 series that the scale of pay is Rs. 200 and Rs. 350 in Walford Transport with a dearness allowance of Rs. 54 to Rs. 60. In French Motor Car Co., the scale of pay is Rs. 200 per month and the dearness allowance is 115 per cent. on the first Rs. 100, 57½ per cent. on the second, and 28¾ per cent. on the rest. In India Automobiles the scale of pay is Rs. 150 and Rs. 350. There is no dearness allowance. In Auto Distributors and Poddar Automobiles, the scale of pay is Rs. 200 and Rs. 260 per month. There is no dearness allowance. In Austin Distributors, the scale of pay is Rs. 150 per month with no dearness allowance, and in Dewars Garage (India) Private Ltd., the scale of pay is Rs. 250 per month with no dearness allowance. It, therefore, appears that out of the seven Companies, only Walford Transport and French Motor Car Co., pay dearness allowance and the other five Companies do not pay any dearness allowance at all. Ext. 3 shows that on 23rd November 1956, six salesmen were appointed by India Automobiles at a fixed monthly allowance of Rs. 250, inclusive of all allowances. The commission allowed was ¾th per cent. on the sale of cars and the salesmen were required to provide themselves with cars of their own, and they were to receive 25 gallons of petrol and Rs. 30 per month for maintenance and repairs. I do not consider that it will be in the interest of the industry or the car salesmen if the scale of pay and dearness allowance as claimed, is allowed. I, however, consider that the conditions of service in regard to scales of pay and dearness allowance should be somewhat improved. On a consideration of the matter, it is awarded that the Companies shall pay to their car salesmen a basic pay of at least Rs. 200 per month. I am of the opinion that any further direction on the point may result in undesirable consequences. It is awarded that the car salesmen shall be paid a dearness allowance of 25 per cent. of their basic pay, subject to the condition that the existing benefits on basic pay and dearness allowance shall not be curtailed in any way. In the five Companies where no separate dearness allowance is paid, the salary of the Salesmen shall be considered to be inclusive of dearness allowance. For the purpose of implementing this award an one-fifth portion of the consolidated salary shall be considered as dearness allowance and the rest as basic salary.

II. Bonus

20. The Union claimed 3 months' basic pay as bonus as a condition of service. This claim is not allowed. They will get bonus out of available surplus of profits, if any, as other employees of the Companies.

III. Car Allowance

21. This allowance is generally Rs. 100 or Rs. 30+25 gallons of petrol per month. The claim of the Union is for payment of actual expenses incurred in consumption of petrol, maintenance and repairs or Rs. 200 in cash per month. I consider that the existing allowance should be increased a little. It is awarded that every salesman shall get a cash allowance of Rs. 120 or Rs. 30 in cash for maintenance and repairs and 30 gallons of petrol per month.

IV. Leave and holidays

22. The Union claims privilege leave for one month with full pay to accumulate up to 3 years, casual leave for 15 days with full pay and sick leave for one month with full pay, and with half pay after that till recovery. Sick leave with full pay is to accumulate up to 6 years. It appears from Ext. 4 series and the written statement of the Union that there is no provision for leave in any Company except in the French Motor Car Co. The French Motor Car Co. allows privilege leave for 28 days in a year, casual leave for 14 days in a year and sick leave for 15 days on half pay in a year. The compromise petition of India Automobiles and their car salesmen shows they agreed to 21 days' privilege leave, 7 days' casual leave and 7 days' sick leave on one year's service with full pay.

23. On a consideration of the matter, it is awarded as follows:

Privilege leave shall be allowed for 21 days in a year with full pay cumulative for 3 years. Salesmen of Messrs. French Motor Car Co. shall continue to get 28 days' privilege leave, which shall be cumulative for 2 years.

The salesmen shall get 10 days' casual leave with full pay in the year, but better existing benefits on casual leave shall be maintained.

Sick leave shall be allowed for 15 days in the year on half pay.

It appears that in all the Companies the salesmen enjoy about 15 to 16 days festival holidays, over and above Sundays. The existing practice as to enjoying holidays and Sundays shall continue.

V. Working hours and Over-time

24. The Union claims office hours of mercantile firms to be introduced here. The Union also claims overtime allowance as laid down in the Factories Act. I consider that these claims are inappropriate in the case of salesmen whose work is mainly outdoor. No directions are given as to working hours or overtime.

VI. Provident Fund

25. It appears that four companies involved in this proceeding, except India Automobiles, Auto Distributors and Poddar Automobiles, have introduced Contributory Provident Fund with 6¼ per cent. contribution on either side. The compromise petition of India Automobiles agreed

to introduce Provident Fund at the rate of 6¼ per cent. contribution on either side. It is awarded that Provident Fund shall be introduced by India Automobiles, Auto Distributors and Poddar Automobiles with a contribution of 6¼ per cent. of the basic salary on either side. The existing provisions for Provident Fund in the other Companies, who are parties to the present proceedings, shall be maintained.

VII. Gratuity and Tiffin allowance

26. The Union claims for gratuity over and above the Provident Fund at the rate of one month's basic pay for each year of service and a tiffin allowance of Rs. 2 per head on each working day. I do not consider that the Companies in question are sufficiently prosperous to be able to pay gratuity over and above the Provident Fund as allowed. This claim for gratuity is rejected. The claim for tiffin allowance is also rejected.

VIII. Commission

27. The benefits of commission enjoyed by the salesmen of each Company at the date of this reference shall continue.

IX. Rule of permanency

28. Period of probation for a salesman shall ordinarily be one year. Salesmen shall be made permanent after a satisfactory period of probation.

29. This issue is accordingly answered.

30. The prayer for retrospective operation of this award is rejected. It is awarded that this award shall come into operation on the date when it becomes enforceable under the Industrial Disputes Act, 1947.

M. C. BANERJI,
Judge, First Industrial Tribunal.

The 31st July 1959.

By order of the Governor,

Bharat Industries Corporation Ltd., 88 Sambhu Halder Lane, Salkia, Howrah, and their workmen represented by K. L. Dutta Workers' Union, 1 Jay Bhattacharjee Lane, Calcutta-3, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Bharat Industries Corporation Ltd., 88 Sambhu Halder Lane, Salkia, Howrah, and their workmen represented by K. L. Dutta Workers' Union, 1 Jay Bhattacharjee Lane, Calcutta-3. (VIII—77/58.)

BEFORE THE FOURTH INDUSTRIAL
TRIBUNAL, WEST BENGAL,
CALCUTTA.

Present:

Shri W. BASU MAZOOMDER, Judge,
Fourth Industrial Tribunal.

For the Union: Shri Panchanan Bhattacharjee.

For the Company: Shri S. C. Sen, Advocate.

This industrial dispute between Messrs. Bharat Industries Corporation Ltd. (hereinafter referred to as the Company), 88 Sambhu Halder Lane, Salkia, Howrah, and their workmen represented by K. L. Dutta Workers' Union, 1 Jay Bhattacharjee Lane, Calcutta-3, over the following issues, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 1650-I.R./IR/11L-121/58, dated the 23rd April 1958.

Issues

(1) Revision of pay and dearness allowance.

(2) Is the discharge of Shri Shyamapada Das justified and what relief by way of reinstatement and/or compensation is he entitled to?

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in support of their respective cases.

AWARD

Issue No. 1: This issue relates to revision of pay and dearness allowance. The Union's allegation is that in this Company the minimum wage including dearness allowance is Rs. 1-4, and the same is not at all adequate for bare existence. It is said that the workmen should get Rs. 40 per capita per month as dearness allowance, and the grades and scales should be as follows:—

(a) Rupees 1-6-0 to Rs. 1-12-0 for semi-skilled hands.

(b) Rupees 2-0-0 to Rs. 3-8-0 for skilled hands.

(c) Rupees 4-0-0 to 6-8-0 for highly-skilled hands.

The Company's case is that the main industry consisted in manufacturing umbrella sticks which had its best and expensive markets in East Pakistan, and that market had completely ceased after the partition of Bengal. It further states that it had to change completely its line of industry from umbrella sticks to odd jobs, like bobbins, wooden handles, etc., made to different orders as and when such orders are procured from the markets. It is also added that in effecting this change over the industry the Company is struggling desparately for its very existence, and in spite of the same, the Company has been pursuing a generous and sympathetic policy towards its workmen and, in fact, paying wages which favourably compare with those paid by similar other concerns of the locality.

The Company also states that on 28th September 1956, it entered into a tripartite agreement whereby the wage-structure was thoroughly revised and other amenities granted, and this agreement was intended to be in force till the end of 1957. According to it the pay thus revised was inclusive of dearness allowance, and the maximum amount of increment granted to the employees was 60 per cent. of previous rates, and since then there has not been any material change in the circumstances. It is contended that the said tripartite agreement is still in operation and the agreement has not been terminated uptil now and, as such, the present reference is bad in law and cannot be maintained.

The question that comes up first for consideration is whether the previous agreement, dated 20th September 1956, has been lawfully terminated by the Union or not. A copy of that agreement was put in evidence. It is Ext. A. It was signed on 20th September 1956 by the representatives of the Management, workmen and by the Conciliation Officer, Howrah, West Bengal. The terms were amicably settled and are as follows:—

"(A) The permanent workmen will be paid wages (consolidated) at the rates noted against each in the Appendix (i). The difference between these revised rates and the old rates as on 1st August 1956 will be paid by the Management.

(B) The workmen undertake to maintain the standard production. In so far as the Wood Turners are concerned, the standard production is noted in Appendix (ii).

(C) In addition to the annual leave under the Factories Act, the factory will observe 8 paid Festival Holidays a year.

(D) On the eve of the ensuing Puja festival the Management will pay 10 days' wages to the workmen ex-gratia, and this payment will not be taken as precedent in future.

(E) This agreement will remain in force till 31st December 1957.

(F) This agreement is in full and final settlement of the Charter of Demands aforesaid and all disputes existing this day including charge-sheets already issued and demand for leave under the Factories Act up to December 1954."

A schedule of wages of every workman was given in the Annexure to the memorandum of settlement. On a reference to the said Annexure it would appear that there were eight categories of workmen in the Company, and the consolidated daily wages of each of them was increased over the old rates, and this was inclusive of dearness allowance. Further, it is seen that the agreement was in full and final settlement of the Charter of Demands of the workmen and it was to remain in force till 31st December 1957. Of course, the Union is demanding revision of pay and dearness allowance in the present case and it is said that the previous agreement was lawfully terminated.

The Managing Director of the Company has deposed in the case and he is O.P.W. 1, Shri Pannalal Dawn. In his evidence he has said that previously there was a dispute between the workmen and the Company and it ended in a settlement, and they are paying wages to the workmen according to that settlement. So the fact is clear that the previous settlement was acted upon by both the parties. Shri Dawn, O.P.W. 1, further said that after the date of present reference some increment in the wages was offered to all workmen and excepting seven workmen others accepted the same. He has also said that the Company has got no dispute with the workmen. On scrutiny it would appear that there were 36 workmen and of them seven did not take the increased amount of the rates and others took the same. When the majority of the workmen accepted the increased wages offered by the Company, it would be fair to hold that the relationship between the employer and the employees is rather happy. The comparative statement, Ext. B, filed by the Company will show the present increased rates of wages of the workmen in comparison with the previous rates. Further, the Company filed a statement showing the rates of consolidated wages paid by different factories of the locality carrying the same type of business. On scrutiny it will be seen that the present rates of wages of the workmen paid by this Company are not less than those of the other similar factories. Further, I find that in these companies carrying on engineering industry on the small and medium scale sector, the basic wages and the dearness allowance have been consolidated. Of course, the practice is otherwise with the large scale engineering industry. The present Company is a small scale industry carrying odd jobs such as manufacturing of bobbins, wooden handles, etc. Its previous industry consisted of manufacturing umbrella sticks and that business lost its market on account of partition of Bengal. There is still a stock of unsold umbrella sticks which the Company is selling and the value of it would be about Rs. 2,000. The Company also supply bobbins to Kesoram Cotton Mills and others. Some 12 or 14 motors, 8 or 9 wood turning machines, 3 lathe machines, 1 shaping machine, 8 wood boring machines, 3 grinding machines are in the factory. Besides one saw machine, there is one moulding machine in it. All machines are operated by the help of electricity. There are only 36 workmen in the factory. It is undoubtedly a small scale industry. I have looked into the balance sheets of the Company for the years 1362, 1363 and 1364 B.S. In the year 1362 B.S., the Company had a net profit of Rs. 2,897-3-6. In 1363 and 1364 B.S. the net profit was Rs. 14,433-11-3 and Rs. 8,946.28 nP. respectively. The Union demands dearness allowance at the rate of Rs. 40 per capita per month. To pay the same a sum of Rs. 17,280 (40 x 12 x 36) is necessary. The Company has not the capacity to pay the same. So the demand of the Union regarding the dearness allowance cannot be met with. Further, taking into consideration the profits of the years 1362B.S., I find that no standardisation can be made. The Company out of its own accord made an increment of wages to the employees in January 1959. I do not see that there had been such alteration in circumstances as would justify any further increment thereon by me. The question of dearness allowance cannot be treated separately in this case as all along it has been included in the basic wages. The employees did so amicably in the last settlement, dated 20th September 1956, and it is seen that in other similar industrial concerns the dearness allowance is included in the basic wages. In this connection I would refer to the fact that during the pendency of the present case, the Company's employees numbering 30 out of 36 made a petition to this Tribunal on 23rd April 1958 stating that they did not want any award in this case regarding their pay and dearness allowance as they were assured that the Company would amicably settle the matter with them, and that would maintain the happy relation with the employer as before. It was also stated that the Company had promised to give them increment in their wages like the previous years with effect from January 1959. As a matter of fact it is seen that the Company gave increment in their wages in 1959, and all employees accepted the same excepting seven. When the majority of the workmen do not want any award regarding their revision of pay and dearness allowance, I do not think it would be proper to make any award at all. The bona fide character of the petition filed by the workers was challenged by the Union, and it was stated that the Company forced its employees to sign the petition. I accordingly summoned all the workers who put their signatures in the petition, and some of them came and deposed in the case. They are C.W. 1 to C.W. 17. C.W. 4, Shri Prantosh Ganguly said in his evidence that the petition was drafted by them without taking the help of outsiders. Of course, the petition contains a good literature. The evidence of the Managing Director, O.P.W. 1, is that the draft petition was given to them and he had the same typed and afterwards it was sent to the court by Shri Radha Raman (C.W. 15). This Radha Raman is a clerk in the factory. C.W. 1 Haripada Das, C.W. 2, Shri Basu, C.W. 3, Gour Mohan, C.W. 4, Prantosh, C.W. 5, Ajit, C.W. 6, Sankar, C.W. 7, Gurupada, C.W. 13, Dinanath, C.W. 14, Subal, C.W. 15, Radha Raman, C.W. 16, Radha Shyam and C.W. 17, Balai Mitra stated in their evidence that they all signed the petition out of their own accord, C.W. 8, Sambhunath, C.W. 9, Ramchandra, C.W. 10, Nagendra, C.W. 11, Sambhunath Dey, said that their signatures were taken forcibly in the petition by Radha Raman Babu. C.W. 12, Baburam, said that his thumb impression was taken forcibly in the petition by Radha Raman Babu (C.W. 15). Other 13 workers who signed in the petition did not come to depose before the Tribunal. On the side of the Company it is said that out of the other 13 workers 9 left the services of the Company and two workers were on duty at the factory, and could not therefore come to depose before the Court, and others were absent. The position becomes clear that out of 30 signatories only five workmen said that they did not give their consent in the petition. Barring these five persons, the rest numbering 25 applied to this Court stating that they have no grievance against the Company regarding their wages and dearness allowance, and they do not want any award by this Tribunal as the Company has promised to give them increment in wages and, as a matter of fact, they have got increment in their wages in January 1959. Accordingly, it will be quite right to say that a substantial part of the workmen has got no dispute whatsoever with the Company regarding their wages or dearness allowance, and they want the matter to be settled amicably with the Company without intervention of the Tribunal. Under the circumstances the making of an award by this Tribunal will be unjustified.

Now I turn into the main question whether there has been any valid termination of the agreement, dated 20th September 1956, or not. The clear statement of O.P.W. 1, Shri Dawn, the Managing Director of the Company, is that they did not get any notice from the workman or from the Union terminating the previous agreement. P.W. 1. Shri Shymapada, said that he personally handed over the carbon copy of the letter, Ext. 2, to the Managing Director, O.P.W. 1. There is nothing to corroborate his evidence. He is a highly interested witness. It is not at all believable that he will hand over a copy of the letter, Ext. 2, to the Managing Director terminating the agreement without taking any receipt therefor. The statement of Shyamapada, P.W. 1, is that he personally handed over the copy of the letter, Ext. 2, to the Managing Director is not at all believable. The Union filed another letter, Ext. 4, dated 29th January 1958, addressed to the Labour Commissioner, Howrah, West Bengal, intimating their intention to terminate the existing agreement, dated 20th September 1956. This runs as follows:—

Dated, January 29, 1958.

The Assistant Labour Commissioner, Howrah
Area, West Bengal.

Dear Sir,

The agreement between Messrs. Bharat Industries Corporation of 88 Sambhu Halder Lane, Salkia, Howrah, and their workmen, represented by the K. L. Dutt Workers' Union fixed rates. But no dearness allowance is being paid. You are requested to see that the said workmen may get dearness allowance equivalent to Rs. 40 per capita per month. Further, if the agreement is still considered to be binding, this intimation may be kindly forwarded to the said Bharat Industries Corporation so that the termination of the same may be legally effective. You are requested to see that the rates may be enhanced by 25 per cent.

Yours faithfully,
Panchanan Bhattacharjee,
President.

It is found that the Assistant Labour Commissioner, Howrah, sent a copy of this letter to the Company, and the Company received the same. This is Ext. K. Now the contention of the Company is that the communication sent by the Union to the Assistant Labour Commissioner will not amount to a notice required under section 19(2) of the Industrial Disputes Act to terminate the agreement. I have already given in the above the exact copy of the communication sent by the Union to the Assistant Labour Commissioner, Howrah, for terminating the agreement. Of course, no particular form of notice is prescribed under the Act or rules and no particular form is, therefore, necessary. What is required under section 19(2) of the Act is that a notice in writing of the intention to terminate the settlement must be given by one of the parties to the other party or parties to the agreement. Here the Union did not do so. It simply sent a communication to the Assistant Labour Commissioner, Howrah, requesting him to forward the same to the Company for a legally effective termination of the settlement. Such thing has not been prescribed by the Act which definitely lays down that notice should be given by one of the parties to the other party or parties to the agreement. Here, of course, the settlement was signed by the representatives of the workmen, the Managing Director of the Company, and also by the Conciliation Officer. In one sense it may be called a tripartite agreement. So to terminate that agreement a party may give notice to the Conciliation Officer but he must also send such a notice direct to the other party, viz., the Company. When such a communication is sent by the Union to the Labour Commissioner asking him to forward it to the Company for terminating the agreement if it is considered by him that the agreement is still binding, I must hold that it will not amount to be a notice as required under section 19(2) of the Industrial Disputes Act. It is, accordingly, concluded that the agreement, dated 20th September 1956, was not validly terminated and it is binding between the parties and, as such, the workmen are not entitled to get any relief so far as the present issue is concerned. In this connection I would refer to the case reported in 1958 L.L.J. Vol. 1, p. 472, where it has been laid down that where a period is agreed upon during which a settlement shall be binding, then also, upon expiry of that period, the agreement continues until a notice in writing is given of an intention to terminate the settlement and two months thereafter have expired. Here in the present case the settlement was to remain in force up to 31st December 1957, and even after the expiry of that period it will continue until it is terminated by a valid notice in writing in accordance with the provisions of section 19(2) of the Industrial Disputes Act. It is held that the previous agreement governing wages, etc., is still in operation and no question of a fresh award regarding the same arises.

The seven employees who did not accept the increments offered by the Company will get the same since January 1959, i.e., when the increased rates of wages were offered. The issue is thus decided.

Issue No. 2: This issue relates to the discharge of Shyamapada Das. The Union's contention is that the worker Shyamapada Das was illegally discharged by the Company. It is said that Shyamapada who was a permanent employee of the Company approached the Managing Director, Shri Dawn, in November 1957, with the verbal prayer that he might be granted leave due to his daughter's illness, and he was allowed to remain on leave. Subsequently he was asked to submit a Medical Certificate to prove his daughter's illness. The Company, however, dismissed him from the service without any enquiry. The Company's case is that Shri Das never approached the Managing Director for any leave and he started absenting himself from 9th November 1957 without any notice or leave of the Management, and that he was notified more than once to resume his work but he did not pay any heed to the same and was found to work elsewhere and after waiting for a long time the Company was compelled to terminate his services on 16th December 1957.

The first thing that is found is that Shyamapada remained absent from duty with effect from 9th November 1957. In the evidence P.W. 1, Shri Shyamapada Das, said that on 8th November 1957 he approached the authority for leave on account of his daughter's illness and he was verbally permitted to remain on leave by the Managing Director of the Company, O.P.W. 1, who however denied the same and stated that Shri Das did not see him on 8th November 1956. The clear evidence of the Managing Director is that Shri Das absented himself without any permission and without any information. The first letter, dated 23rd December 1957, which Shri Das handed over to the Company is Ext. E. Now the evidence of the Managing Director is that although this letter was dated 23rd December 1957, it was handed over to him on 3rd December 1957. So, according to his evidence, the date "23rd December 1957" as written in the letter was wrong. This very letter would show that previously Shri Das did not make any communication to the Company regarding his absence. The Company, on the other hand sent a letter on 15th November 1957 asking him to explain why he remained absent from duty with effect from 9th November 1956 without any notice or without any permission from the Management or without any leave application. The Company sent another letter on 27 Novemebr 1957 asking Shri Das to submit an explanation within 24 hours from the date of the receipt of the letter. Thereafter Shri Das submitted the letter, Ext. E. Of course, in that letter Shri Das stated that he could not give attention to other affairs on account of his daughter's illness. Lastly, the Company by its letter, dated 16th December 1957, terminated the services of Shri Das with immediate effect, and there it was stated that in spite of daughter's illness Shri Das was working in another place. That the daughter of Shri Das was suffering from serious illness will be clear from the Medical Certificate Ext. 11(a), issued by Dr. G. C. Rakhit, M.B.B.S., Calcutta, on 12th December 1957. From the evidence it is found that actually Shri Das's daughter was ailing from before 8th November 1957, and she was first being treated by a Homeo doctor and thereafter by Dr. G. C. Rakhit. The girl was suffering from "Enteric fever and Bronchopneumonia." It cannot be doubted that a man like Shri Das would be totally upset finding his infant daughter aged 7 or 8 months suffering from "Enteric Fever and Bronchopneumonia". So, his absence from duty without any permission should not be seriously commented upon. He was serving the Company for about 9 or 10 years and he was an active member of the Union. When the Company got a communication from Shri Das on 3rd December 1957 regarding the illness of his daughter and his willingness to join his duty, there was no justification in dismissing him from the service. Shri Das in clear terms begged to be excused for the mistake committed by him by not sending any intimation beforehand regarding his unintentional absence from duty. The Company did not hold any enquiry about the matter, and did not give any notice to Shri Das regarding the same, and it concluded that in spite of his daughter's illness Shri Das was working elsewhere. Of course, Shri Das denied to have worked anywhere. He simply said that sometime he did some job work for 3 or 4 days. Dr. Rakhit who used to visit the house of Shri Das in connection with the illness of his daughter, said that he never saw Shri Das present at his house before noon when he had been there. Simply because Shri Das was not found present in the house at the time when the Doctor went to see his daughter, it cannot be concluded that he worked elsewhere. Shri Das admitted in his evidence that there was a small business in his house and that was run by his nephew and one Manna. O.P.W. 2, Shri Bijan Bhusan Datta, said that Shri Das' nephew used to take money from them after supplying articles. He added that Shri Das used to go to their shop for supplying materials. This would simply show that Shri Das sometime helped his nephew in his business. That will not go to mean that he was a partner of his nephew's business. The Company's definite allegation is that Shri Das was working at Messrs. Agarwalla Engg. Works at 6 Kali Mazoomder Road, Howrah, during the time of his daughter's illness. This has not been proved. The fact is, however, clear that in dismissing Shri Das, the Management did not follow the natural rules of justice. No enquiry was held in his presence, and no opportunity was given to him to prove his case. The Company proceeded on the footing that Shri Das was working elsewhere keeping himself intentionally absent from his duty at the factory, and it is on that score that the Company dismissed Shri Das. Before making such finding, the Company ought to have given the workman concerned an opportunity to prove his case; at any rate there should have been an enquiry with notice upon him. This was not done. The order of dismissal, therefore, cannot be sustained. Considering the circumstances of the case and the fact that Shri Das initially remained absent without any intimation to the Management and also did some job work, and the Company suffered because of his absence, I am of opinion that it is not a case where he should be reinstated with back wages. Shri Das will now be at liberty to join his duty within seven days after the publication of the award if he chooses to do so and the period of absence from 9th November 1957 till re-joining will be considered as special leave without pay and thus the continuity of the service will remain in force. This issue is thus disposed of.

This is my award.
